Historical Dictionary of Children's Literature Emer O'Sullivan, 2010-11-22

Children's literature comes from a number of different sources: folklore, folk and fairy tales, books originally for adults and subsequently adapted for children, and material authored specifically for them. Its audience ranges from infants through middle graders to young adults, readers from about 12 to 18 years old. Its forms include picturebooks, pop-up books, anthologies, novels, merchandising tie-ins, novelizations, and multimedia texts, and its genres include adventure stories, drama, science fiction, poetry, and information books. The Historical Dictionary of Children's Literature relates the history of children's literature through a chronology, an introductory essay, appendixes, a bibliography, and over 500 cross-referenced dictionary entries on authors, books, and genres. Some of the most legendary names in all of literature are covered in this important reference, including Hans Christian Andersen, L. Frank Baum, Lewis Carroll, Roald Dahl, Charles Dickens, C. S. Lewis, Beatrix Potter, J. K. Rowling, Robert Louis Stevenson, Mark Twain, J. R. R. Tolkien, Jules Verne, and E. B. White.

How Did Long John Silver Lose his Leg? Dennis Butts, Peter Hunt, 2013-11-28

How did Long John Silver lose his leg? *How Did Long John Silver Lose His Leg?* is a diverting tour through some of the best-loved classics of children's literature, addressing many of the unanswered questions that inspire intense speculation when the books are laid down: Could Bobbie's train really have stopped in time? The Railway Children: Did Beatrix Potter have the flu in 1909, and did this lead to a certain darkness in her work? The Tale of Mr. Tod: Would the rugby football played by Tom Brown be recognised by sportsmen today? Tom Brown's Schooldays: The authors speculate entertainingly and informatively on the anomalies and unexplained phenomena found in children's literature, and having established the cultural importance of children's books in the modern age, also consider the more serious issues raised by the genre: Why are we so defensive of the idyllic worlds presented in children's books? Why have some of our best-loved authors been outed as neglectful parents to their own children? Should we ever separate the book from its creator and appreciate the works of writers convicted of crimes against children? A treat for any enthusiast of children's literature, two of the most distinguished writers on the subject provide rich detail, witty explication, and serious food for thought.
