The Alhambra:

The Alhambra Robert Irwin, 2011-05-31 Read the Bldg Blog interview with Mary Beard about the Wonders of the World series Part I and Part II The Alhambra has long been a byword for exotic and melancholy beauty In his absorbing new book Robert Irwin Arabist and novelist examines its history and allure The Alhambra is the only Muslim palace to have survived since the Middle Ages Built by a threatened dynasty of Muslim Spain it was preserved as a monument to the triumph of Christianity Every day thousands of tourists enter this magnificent site to be awestruck by its towers and courts its fountained gardens its honeycombed ceilings and intricate tile work It is a complex full of mysteries even its purpose is unclear Its sophisticated ornamentation is not indiscriminate but full of hidden meaning Its most impressive buildings were designed not by architects but by philosophers and poets The Alhambra which resembles a fairy tale palace was constructed by slave labor in an era of economic decline plague and political violence Its sumptuously appointed halls have lain witness to murder and mayhem Yet its influence on art and on literature including Orientalist painting and the architecture of cinemas Washington Irving and Jorge Luis Borges has been lasting and significant As our guide to this architectural masterpiece Robert Irwin allows us to fully understand the impact of the Alhambra **The Alhambra** Albert Frederick

Calvert, 2021-11-05 The Alhambra is an exciting insight into Albert Frederick Calvert's travels through Granada Spain in the early 1900s Calvert was an English author engineer and explorer The Alhambra is one of his 36 books on Africa and Spain

Duckworth, David J. Govantes-Edwards, 2022 The Alhambra is one of the most famous archaeological sites worldwide yet knowledge of it remains very partial focussing on the medieval palaces This book addresses that imbalance examining the adjacent urban and industrial zone The Alhambra is one of the most famous archaeological sites worldwide yet knowledge of the complex remains very partial focussing on its medieval Nasrid palaces Other aspects of the site are virtually unknown not only to the general public but to archaeologists and historians as well The Royal Workshops of the Alhambra addresses this imbalance examining the urban and industrial zone adjacent to the palaces Once the most densely populated and extensive area of the complex this zone the Secano contained houses tanneries and workshops including a considerable number of pyrotechnological facilities for the production of metal glass and ceramic items Presenting the results of the Royal Workshops of the Alhambra UNESCO World Heritage Site project the book gives a much needed insight into the industrial sector of the Alhambra Crucially the project focusses on the early modern era when the manufacture of ceramic glass and metal actually reached their peak The opening chapters set the archaeological work and the Secano in context and discuss the methodology for archaeological investigation of pyrotechnological activity while further chapters

present the results of the research Drawing on both traditional and ground breaking survey and excavation techniques the book provides an invaluable wide lens picture of the palatial city Islamic Art and Beyond Oleg Grabar,2006 The articles selected for Islamic Art and Beyond the third in the set of four selections of articles by Oleg Grabar illustrate how the author's study of Islamic art led him in two directions for a further understanding of the arts One is how to define Islamic art and what impulses provided it with its own peculiar forms and dynamics of growth The other issue is that of the meanings to be given to forms like domes so characteristic of Islamic art or to terms like symbol signs or aesthetic values in the arts especially when one considers the contemporary world **The Alhambra** Desmond Stewart,1974 The Alhambra is the last and finest Muslim monument in Spain Includes a lively history of the monument illustrations in color and black and white and a selection of literary excerpts about the monument *Tales of the Alhambra* Washington Irving,2015-01-08 Rough draughts of some of the following tales and essays were actually written during a residence in the Alhambra others were subsequently added founded on notes and observations made there Care was taken to maintain local coloring and verisimilitude so that the whole might present a faithful and living picture of that microcosm that singular little world into which I had been fortuitously thrown and about which the external world had a very imperfect idea It was my endeavor scrupulously to depict its half Spanish half Oriental character its mixture of the heroic the poetic and the grotesque to revive the traces of grace and beauty fast fading from its walls to record the regal and chivalrous traditions concerning those who once trod its courts and the whimsical and superstitious legends of the motley race now burrowing among its ruins
