

The American Far Right

Glen Jeansonne

The American Far Right:

The Far Right in America Cas Mudde, 2017-09-22 This book collects Mudde's old and new blog posts, interviews, and op-eds on the topic of the US far right, ranging from right wing populists to neo-Nazi terrorists. The main emphasis of the book is on the two most important far right developments of the 21st century: the Tea Party and Donald Trump. Primarily aimed at a non-academic audience, the book explains terminology, clarifies the key organizations and people, and their relationship to liberal democracy.

The Christian Right, the Far Right and the Boundaries of American Conservatism Martin Durham, 2000 Mothers and meaning on the early modern English stage is a study of the dramatised mother figure in English drama from the mid-sixteenth to the early seventeenth centuries. It explores a range of genres: moralities, histories, romantic comedies, city comedies, domestic tragedies, high tragedies, romances, and melodrama, and includes close readings of plays by such diverse dramatists as Udall, Bale, Phillip Legge, Kyd, Marlowe, Peele, Shakespeare, Middleton, Dekker, and Webster. The study is enriched by reference to religious, political, and literary discourses of the period, from Reformation and counter-Reformation polemic to midwifery manuals and Mother's Legacies, the political rhetoric of Mary I, Elizabeth I, and James VI, reported gallows confessions of mother convicts, and Puritan conduct books. It thus offers scholars of literature, drama, art, and history a unique opportunity to consider the literary, visual, and rhetorical representation of motherhood in the context of a discussion of familiar and less familiar dramatic texts.

Far-Right Fantasy James Aho, 2015-12-22 Far Right Fantasy is a straight forward, jargon-free study of contemporary American right wing extremism. Accessible to both professional and lay audiences, it allows activists to speak for themselves in their own words. It takes the self-announced religious motivations of extremists seriously and illustrates this by citing numerous cases of radical politics. The book addresses the strengths and weaknesses of the standard psycho-social-cultural explanations of far right activism. It shows how extremists are similar educationally and psychologically to their more conventional neighbors: that they get into the movement in the same way that others become peace activists or radical environmentalists, namely through their ties with fellow workers and churchgoers, family members, and classmates, and that their views are given a patina of certainty by being repeatedly corroborated within closed, non-contaminated communication systems. The book avoids being preachy or judgmental, but it does try to challenge readers morally by submitting far right fantasy to a formal ideology critique. It does this by showing how the reforms it recommends—a marketplace free of regulation, draconian immigration restrictions, an end to the federal reserve bank and the income tax, a balanced budget amendment to the Constitution, anti-union right to work laws, and a return to debt slavery, the privatization of schools, the post office, and the commons, and so on—contradict its ostensible goal, which is to protect and enhance middle class interests. Far Right Fantasy is suitable for adoption as a supplemental text in political psychology and sociology, sociologies of religion, and knowledge, collective behavior, and American political history.

The Longue Durée of the Far-Right Richard Saull, Alexander Anievas, Neil Davidson, Adam Fabry, 2014-08-27 This volume brings together a number of

international scholars to offer an original analysis of far right movements and politics challenging the existing literature through a very different methodological and theoretical perspective The approach offered here is that of *longue durée* analysis whereby the far right is understood as an evolving subject of capitalist modernity The authors argue that an assessment of the contemporary characteristics of the far right needs to consider the ways in which it is a product of deeper and longer term structures of socio economic and political development than for example the inter war crises of capitalism The book aims to provide a critical and theoretically informed assessment of the history of the far right that centres on the international as key to any understanding its evolution and which distinguishes between the fascist and non fascist variants as an essential precondition for comprehending the far right presence in contemporary politics [The Far-Right in World Politics](#) Alexander Anievas, Richard Saull, 2024-11-01 This book addresses the reasons why the contemporary far right has gained political resonance in a variety of states across both the Global North and South The rise of far right forms of politics in recent years throughout a range of geopolitical locales suggests the emergence of a distinct conjuncture in world politics indicating a common set of enabling conditions and characteristics It is this unprecedented context in the history of the post war liberal international order that this edited volume aims to address In doing so it brings together a diverse range of scholars many of whom have developed an internationally recognized expertise in the study of the far right and International Relations IR Reflecting a plurality of methodological and theoretical perspectives the chapters cover a variety of theoretical and conceptual issues including analyses of different geopolitical and national expressions of the contemporary far right Notwithstanding such diversity the primary analytical focus of the book is to situate and explain the far right as a distinct part of the history of modern international relations especially with respect to the development of and crises within the contemporary international order From this perspective the contributions combine to demonstrate the deeply embedded symptoms of far right politics centred on racialized imaginaries across the globe and reproduced within the sinews of an evolving liberal international order even as the far right also represents an antagonism to some elements of said order Providing a much needed global perspective this book will be of great interest to students and scholars of populism far right politics conservatism and international relations The chapters in this book were originally published as a special issue of *Globalizations* and are accompanied by a new epilogue **The Routledge Companion to Fascism and the Far Right** Peter Davies, Derek Lynch, 2005-08-16 The Routledge Companion to Fascism and the Far Right is an engaging and accessible guide to the origins of fascism the main facets of the ideology and the reality of fascist government around the world In a clear and simple manner this book illustrates the main features of the subject using chronologies maps glossaries and biographies of key individuals As well as the key examples of Hitler's Germany and Mussolini's Italy this book also draws on extreme right wing movements in Latin America Eastern Europe and the Far East In a series of original essays the authors explain the complex topics including the roots of fascism fascist ideology fascism in government and opposition nation and

race in fascism fascism and society fascism and economics fascism and diplomacy *Women of the Far Right* Glen Jeansonne, 1996 The majority of American women supported the Allied cause during World War II and made sacrifices on the home front to benefit the war effort But U S intervention was opposed by a movement led by ultraright women whose professed desire to keep their sons out of combat was mixed with militant Christianity anticommunism and anti-Semitism This book is the first history of the self-styled mothers movement so called because among its component groups were the National Legion of Mothers of America the Mothers of Sons Forum and the National Blue Star Mothers Jeansonne examines the motivations of these women the political and social impact of their movement and their collaborations with men of the far right and also with mainstream isolationists such as Charles Lindbergh Drawing on files kept by the FBI and other confidential documents this book sheds light on the history of the war era and on women's place within the far right

Russia and the Western Far Right Anton Shekhovtsov, 2017-09-08 The growing influence of Russia on the Western far right has been much discussed in the media recently This book is the first detailed inquiry into what has been a neglected but critically important trend the growing links between Russian actors and Western far right activists publicists ideologues and politicians The author uses a range of sources including interviews video footage leaked communications official statements and press coverage in order to discuss both historical and contemporary Russia in terms of its relationship with the Western far right Initial contacts between Russian political actors and Western far right activists were established in the early 1990s but these contacts were low profile As Moscow has become more anti-Western these contacts have become more intense and have operated at a higher level The book shows that the Russian establishment was first interested in using the Western far right to legitimise Moscow's politics and actions both domestically and internationally but more recently Moscow has begun to support particular far right political forces to gain leverage on European politics and undermine the liberal democratic consensus in the West Contributing to ongoing scholarly debates about Russia's role in the world its strategies aimed at securing legitimization of Putin's regime both internationally and domestically modern information warfare and propaganda far right politics and activism in the West this book draws on theories and methods from history political science area studies and media studies and will be of interest to students scholars activists and practitioners in these areas **Post-Digital**

Cultures of the Far Right Maik Fielitz, Nick Thurston, 2018-12-12 How have digital tools and networks transformed the far right's strategies and transnational prospects This volume presents a unique critical survey of the online and offline tactics symbols and platforms that are strategically remixed by contemporary far right groups in Europe and the US It features thirteen accessible essays by an international range of expert scholars policy advisors and activists who offer informed answers to a number of urgent practical and theoretical questions How and why has the internet emboldened extreme nationalisms What counter-cultural approaches should civil societies develop in response **Liberal Roots of Far Right**

Activism Lars Erik Berntzen, 2019-10-16 This book explores the anti-Islamic turn and expansion of the far right in Western

Europe North America and beyond from 2001 and onwards Driven by terror attacks and other moral shocks the anti Islamic cause has undergone four waves of transnational expansion in the period since 2001 The leaders and intellectuals involved have varied backgrounds many coming from the left uniting historically opposed sets of values under their banner of a civilizational struggle against Islam The findings presented in this book indicate that anti Islamic initiatives in Western Europe and the United States form a transnational movement and subculture characterized by a fragile balance between liberal and authoritarian values The author draws on a broad array of data sources and methods including network analysis and sentiment analysis to analyze the impact of the anti Islamic expansion and turn at a macro level and the theoretical implications for our understanding of the current far right flowing from this Offering an overview of anti Islamic activism the book explores the background of their leaders and ideologues provides an in depth look at their ideology online organizational networks and the views expressed by their online members as well as which emotions and messages continue to drive their mobilization The book will be of interest to scholars in the social movement field as well as political scientists sociologists and general readers interested in issues such as populism extremism and understanding the ways in which the contemporary far right challenges liberal democracies

The American Far Right Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading The American Far Right free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading The American Far Right free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading The American Far Right free PDF files is convenient, its

important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading The American Far Right. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading The American Far Right any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About The American Far Right Books

1. Where can I buy The American Far Right books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The American Far Right book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
