The American Gestapo Isaac Gibbons,2004-02 Following the success of his first book *The New American Revolution* Mr Gibbons brings us another thriller Danny Crocket a professional football player and the husband of a wealthy Texas Tycoon retired from football and decided to run for the U S Senate Because Danny was a populist in his political beliefs the Plutocratic Elite decided that he should not run for office Their efforts to derail him failed His wife Rosalind in the wrong place at the wrong time was murdered by the federal police sent to kill another trouble making couple Danny arrived on the scene before the federal police could clean up the mess He fled the murder scene with another witness The federal police decided that these witnesses must also die to protect the government The couple escaped five different attempts on their lives Danny was seriously wounded in the last attempt and the president stepped in and saved his life Because of the presidents actions his own life was in danger and the president and Danny teamed up to defeat the Elite and restore the control of the country back to the citizens The Elite fought back and Danny and the president barely escape death

Gestapo Mars Victor Gischler,2015-09-22 Carter Sloan is a trained assassin the best there is pulled out of cryogenic sleep whenever an assignment demands his skills So when he s kept in the deep freeze for 258 years he s seriously pissed off Yet his government needs him to hunt down the enemy known as the Daughter of the Brass Dragon The future of the galaxy spanning Reich depends on it so Sloan is off screwing swearing and shooting his way across interstellar space It s action adventure and disgusting gelatinous aliens as only Victor Gischler can create them *The FEMA Camps Exposed* Raoul Duke,2012-07-05 A new world is coming a new world order and a new world religion What is F E M A What will happen to you and your family when the credit card Student Loans and home loan debts are bought out by the US Government You think those bail outs were only about greed Think again It is part of a much larger plan of social enslavement that could very well land you and your family in a forced labor camp in your land of the free *A Short History of American Industrial Policies* William R. Nester,2016-07-27 For nearly four centuries Americans have debated the government s proper role in developing the economy Some argue that the economy develops the best when government intervenes the least Others counter that the economy best develops when government and business work together to that end *A Short History of American Industrial Policies* analyzes the ideological political and industrial policy struggle from the colonial era to the 1990s To give a complete understanding both the chronology and process of America s industrial policymaking and policies are explored in depth throughout *The Future of Gay Rights in America* H.N. Hirsch,2020-03-25 Sandra Day O Connor has called the gay rights movement the first important civil rights struggle of the twenty first century Recent court decisions to overturn sodomy laws and to recognize gay marriage have emboldened activists but have also resulted in a tremendous backlash not the least of which has been a call for a constitutional amendment defining marriage as only between members of the opposite sex Through its historical and legal contextualization of these decisions *The Future of Gay Rights in America*

is essential for understanding an epochal moment in the history of gay rights

Dirty Work Eyal Press, 2021-08-17 A groundbreaking urgent report from the front lines of dirty work the work that society considers essential but morally compromised Drone pilots who carry out targeted assassinations Undocumented immigrants who man the kill floors of industrial slaughterhouses Guards who patrol the wards of the United States most violent and abusive prisons In *Dirty Work* Eyal Press offers a paradigm shifting view of the moral landscape of contemporary America through the stories of people who perform society's most ethically troubling jobs As Press shows we are increasingly shielded and distanced from an array of morally questionable activities that other less privileged people perform in our name The COVID 19 pandemic has drawn unprecedented attention to essential workers and to the health and safety risks to which workers in prisons and slaughterhouses are exposed But *Dirty Work* examines a less familiar set of occupational hazards psychological and emotional hardships such as stigma shame PTSD and moral injury These burdens fall disproportionately on low income workers undocumented immigrants women and people of color Illuminating the moving sometimes harrowing stories of the people doing society's dirty work and incisively examining the structures of power and complicity that shape their lives Press reveals fundamental truths about the moral dimensions of work and the hidden costs of inequality in America

Millennium, Messiahs, and Mayhem Thomas Robbins, Susan J. Palmer, 2013-10-28 As we approach the Millennium apocalyptic expectations are rising in North America and throughout the world Beyond the symbolic aura of the millennium this excitation is fed by currents of unsettling social and cultural change The millennial myth ingrained in American culture is continually generating new movements which draw upon the myth and also reshape and reconstruct it *Millennium Messiahs and Mayhem* examines many types of apocalypticism such as economic racist environmental feminist as well as those erupting from established churches Many of these movements are volatile and potentially explosive *Millennium Messiahs and Mayhem* brings together scholars of apocalyptic and millennial groups to explore aspects of the contemporary apocalyptic fervor in all original contributions Opening with a discussion of various theories of apocalypticism the editors then analyze how millennialist movements have gained ground in largely secular societal circles Section three discusses the links between apocalypticism and established churches while the final part of the book looks at examples of violence and confrontation from Waco to Solar Temple to the Aum Shinri Kyo subway disaster in Japan Contributors James Aho Dick Anthony Robert Balch Michael Barkun John Bozeman David Bromley Michael Cuneo John Dimitrovich John Hall Massimo Introvigne Philip Lamy Ronald Lawson

Haynes, 2018-09-13 The figure of Dietrich Bonhoeffer 1906 1945 has become a clay puppet in modern American politics Secular radical liberal and evangelical interpreters variously shape and mold the martyr's legacy to suit their own pet agendas Stephen Haynes offers an incisive and clarifying perspective A recognized Bonhoeffer expert Haynes examines populist readings of Bonhoeffer including the acclaimed biography by Eric Metaxas Bonhoeffer Pastor Martyr Prophet Spy In his analysis Haynes treats among other things the November 2016 election of Donald Trump and the Bonhoeffer moment announced by evangelicals in response to the US Supreme Court's 2015 decision to legalize same sex marriage The Battle for Bonhoeffer includes an open letter from Haynes pointedly addressing Christians who still support Trump Bonhoeffer's legacy matters Haynes redeems the life and the man
