The English Literatures of America Myra Jehlen, Michael Warner, 2013-12-19 The English Literatures of America redefines colonial American literatures sweeping from Newfoundland and Nova Scotia to the West Indies and Guiana. The book begins with the first colonization of the Americas and stretches beyond the Revolution to the early national period. Many texts are collected here for the first time; others are recognized masterpieces of the canon, both British and American, that can now be read in their Atlantic context. By emphasizing the culture of empire and by representing a transatlantic dialogue, *The English Literatures of America* allows a new way to understand colonial literature both in the United States and abroad.

Conversational Languages Quick and Easy - Germanic Series Yatir Nitzany, 2025-09-17 Have you always wanted to learn how to speak a Germanic language such as German, Dutch, Danish, Norwegian, Swedish, and Yiddish but simply didn't have the time? Well, if so, then look no further. You hold in your hands *Conversational Languages Quick and Easy Germanic Series*, which contains one of the most advanced and revolutionary methods that was ever designed for quickly becoming conversational in a language. In creating this time-saving program, master linguist Yatir Nitzany spent years examining the twenty-seven most common languages in the world and distilling from them the three hundred and fifty words that are most likely to be used in real conversations. These three hundred and fifty words were chosen in such a way that they were structurally interrelated and when combined form sentences. Through various other discoveries about how real conversations work, discoveries that are detailed further in this book, Nitzany created the necessary tools for linking these words together in a specific way so that you may become rapidly and almost effortlessly conversant now. If your desire is to learn complicated grammatical rules or to speak perfectly proper and precise German, Dutch, Danish, Norwegian, Swedish, or Yiddish, then this book is not for you. However, if you need to actually hold a conversation while on a trip to a Germanic-speaking country in Western Europe or Scandinavia, to impress that certain someone or to be able to speak with your grandfather or grandmother as soon as possible, then the Nitzany Method is what you have been looking for. This method is designed for fluency in a foreign language while communicating in the present tense. Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away. More formalized training in grammar rules etc. can come later. This is one of the several in a series of instructional language guides; the Nitzany Method's revolutionary approach is the only one in the world that uses its unique language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible. No more depending on volumes of books of fundamental, beginner, intermediate, and advanced levels, all with hundreds of pages in order to learn a language. With *Conversational Languages Quick and Easy*
