**The English romantic poets** ,1972      **The English Romantic Poets: a Review of Research and Criticism** Modern Langage Assoc. Of America,1922      *The English Romantic Poets* Frank Jordan,1972      *The English Romantic Poets* Ernest Bernbaum,1972 This edition of *The English Romantic Poets A Review of Research and Criticism* brings up to date the survey by T M Raysor and other eminent Romantic scholars The contents include a chapter on the Romantic Movement by Frank Jordan Jr and chapters on Wordsworth by Ford T Swetnam Jr Coleridge by Max F Schulz and Ren Wellek Byron by Ernest J Lovell Jr Shelley by Donald H Reiman and Keats by David Perkins From publisher s description      *The English Romantic Poets & Essayists* Carolyn Washburn Houtchens, Lawrence Huston Houtchens,1966      *The English Romantic Poets and Essayists* Carolyn Washburn Houtchens,2003-01-01      **A Reference Guide for English Studies** Michael J. Marcuse,2023-11-15      *The English Romantic Poets and Essayists* Carolyn Washburn Houtchens, Lawrence Huston Houtchens,1968      **The English Romantic Poets & Essayists** Carolyn Washburn Houtchens, Lawrence Huston Houtchens,1968      **The English Romantic Poets and Essayists** ,1957      *The English Romantic Poets and Essayist* Carolyn Washburn Houtchens, Lawrence Huston Houtchens,1957      **The English romantic poets** Frank Jordan,1972

**The Romantic Poets** Graham Hough,2018-12-07 First published in 1953 At its best Romantic poetry combined the creative freedom of a dream with some of the deepest facts of human experience In this critical survey Professor Hough examines individually the poetry of Gray Wordsworth Coleridge Byron Shelley and Keats He sets their work firmly in the context of the major events and preoccupations of the age clarifying the origins and growth of a poetry that emerged so swiftly and differed so radically from the Augustan age that preceded it He asserts the importance of the Romantic experience to the tradition of literature and its significance to the reader of today      *The English Romantic Poets & Essayists: a Review of Research and Criticism. Revised Ed* Carolyn Washburn HOUTCHENS (and HOUTCHENS (Lawrence Huston)), Lawrence Huston HOUTCHENS,1966      *A Guide to English Literature* F. W. Bateson,2017-09-04 At first glance A Guide to English Literature may seem to be no more than a short bibliography of English literature with perhaps rather more extensive and certainly more outspoken comments on the principal editions commentaries biographies and critical works than bibliographies usually provide But it is something more this guide contains long inter chapters that provide reinterpretations of the principal periods of English literature in the light of modern research as well as two final sections summarizing in unusual detail the literary criticism that exists in English and recent scholarship in the field The purpose of this book then is to provide the reader with convenient access to a disciplined study of the texts themselves This guide proposes itself as a new kind of literary history The conventional history of literature has often tended to become a substitute for the reading of the literature it describes the better the history the greater the temptation to substitute it The present combination of reading lists and inter chapters cannot be a substitute for anything else Meaningless as literature in

themselves they nevertheless provide the necessary preliminary information to meaningful reading Since oddities of arrangement derive from these assumptions the authors are not arranged alphabetically Instead there are chronological compartments with the divisions circa 1500 1650 and 1800 in which authors succeed each other in the order of their births This pioneering handbook is primarily a bibliographical laborsaving device It is meant mostly for students and the general reader in that it stops where original research by the reader is expected to begin However the last chapter on literary scholarship is devoted specifically to the research specialist and provides indispensable equipment for the reader There is also a general section on literary criticism which will be of use to all

Reader's Guide to Literature in English Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study

*The Cambridge Bibliography of English Literature* Frederick Wilse Bateson, 1940

**A Mental Theater** Alan Richardson, 1988-01-01 Certain works of Romantic drama Shelley alone envisions their transcendence through his radical transformation of consciousness in the conclusion to Prometheus Unbound This interpretation of mental theater will lead to a new evaluation of the Romantics as dramatic poets It brings back to critical attention neglected but challenging works such as Byron's Heaven and Earth and Beddoes's Death's Jest Book and provides vital new perspectives on undervalued texts like Wordsworth's The Borderers and Byron's Manfred and Cain It qualifies decades of critical speculation on Romantic individualism and Romantic consciousness and helps return the ideal of imaginative sympathy to the central position held in the critical writings of the Romantics themselves Finally in emphasizing the dramatic quality of mental theater it challenges the still prevalent view that Romantic poetry is inherently lyrical in character Scholars concerned with English Romantic drama Romantic literature and the Romantic period as well as English drama will find this work to be an important contribution to their understanding

*Wordsworth and the Zen Mind* John G. Rudy, 1996-03-28 This book demonstrates that Zen thought and art provide both a generative and a formative context for understanding the spirituality of the English poet William Wordsworth 1770-1850 Combining methods of modern literary scholarship with the philosophical initiatives of the Kyoto School the text crosses disciplines as well as cultures offering a nonmonotheistic nonpantheistic philosophical ground upon which to study what Wordsworth calls the tranquil soul and the one Presence that underlies the great whole of life Anticipating a variety of audiences the discourse progresses from general introductory level discussions of Zen philosophy and literature to the more technical philosophical idiom of the Kyoto School employing intertextual readings of a variety of Wordsworthian and Zen documents to broaden and deepen the East West dialogue as it has been unfolding since the pioneering work of D T Suzuki and Kitaro Nishida An important aspect of this study is its twofold purpose to situate Wordsworth more centrally in the evolving global community of intercultural and interreligious communication and to

demonstrate the unique flexibility and universality of Zen as a medium of spiritual growth and aesthetic understanding

*Romantic Complexity* Jack Stillinger, 2008-12 A critical look at three fundamental Romantic poets from a leading scholar of British romanticism
