The City as an Entertainment Machine Terry Nichols Clark,2011-02-24 This volume explores how consumption and entertainment change cities but it reverses the normal causal process That is many chapters analyze how consumption and entertainment drive urban development not vice versa People both live and work in cities and where they choose to live shifts where and how they work Amenities enter as enticements to bring new residents or tourists to a city and so amenities have thus become new public concerns for many cities in the U S and much of Northern Europe Old ways of thinking old paradigms such as location location location and land labor capital and management generate economic development are too simple So is human capital drives development To these earlier questions we add How do amenities and related consumption attract talented people who in turn drive the classic processes which make cities grow This new question is critical for policy makers urban public officials business and non profit leaders who are using culture entertainment and urban amenities to enhance their locations for present and future residents tourists conventioners and shoppers The City as an Entertainment Machine details the impacts of opera used bookstores brew pubs bicycle events Starbucks coffee shops gay residents and other factors on changes in jobs population inventions and more It is the first study to assemble and analyze such amenities for national samples of cities and counties It interprets these processes by showing how they add new insights from economics sociology political science public policy and geography Considerable evidence is presented about how consumption amenities and culture drive urban policy by encouraging people to move to or from different cities and regions

Advertising and the Transformation of Screen Cultures Bo Florin,Patrick Vonderau,Yvonne Zimmermann,2025-10-01 Advertising has played a central role in shaping the history of modern media While often identified with American consumerism and the rise of the Information Society motion picture advertising has been part of European visual culture since the late nineteenth century With the global spread of ad

agencies moving image advertisements became a privileged cultural form to make people experience the qualities and uses of branded commodities to articulate visions of a good life and to incite social relationships Abandoning a conventional delineation of fields by medium country or period this book suggests a lateral view It charts the audiovisual history of advertising by focussing on objects products and services screens exhibition programming physical media practices production marketing and intermediaries ad agencies In this way the book develops new historical methodological and theoretical perspectives The Last Great American Picture Show Alexander Horwath, Noel King, Thomas

Elsaesser, 2025-10-01 The Last Great American Picture Show brings together essays by scholars and writers who chart the changing evaluations of the American cinema of the 1970s sometimes referred to as the decade of the lost generation but now more and more recognized as the first New Hollywood without which the cinema of Francis Coppola Steven Spielberg Robert Zemeckis Tim Burton or Quentin Tarantino could not have come into existence Identified with directors such as Sam Peckinpah Arthur Penn Peter Bogdanovich Monte Hellman Bob Rafelson Hal Ashby Robert Altman and James Toback American cinema of the 1970s is long overdue for this re evaluation Many of the films have not only come back from oblivion as the benchmark for new directorial talents They have also become cult films in the video shops and the classics of film courses all over the world *Sound Writing* Shelley Trower, 2023 Sound Writing examines how oral histories are co created

by speakers the authors who mediate them and readers It offers a thorough review of the varying arguments about editing for transcription and publication and reflects on how digital technologies enable a much wider access to oral data As an interdisciplinary study it considers how literary genres and oral history have long influenced each other and have informed our understandings of authorship and reading **Change and Disruption** Roberta Garner, Black Hawk

Hancock, 2024-10-21 Change and Disruption Sociology of the Future draws on classical and modern sociological theory to identify recent and emerging trends in the global system The book probes the rise of authoritarian states rifts in the relationship between humans and the rest of nature the coming impact of artificial intelligence and changes in work cities science and the quality of life These dynamics are explored through the animating question will the positive potential of the modern world be realized or will the human condition spiral downward Garner and Hancock employ sociological theory to tackle big questions about the societies of the present and the societies of the future They use three powerful tools for exploration The first tool is historical analysis to reveal how our contemporary world was shaped during the early modern era the rise of capitalism colonialism and industrialization and the tumultuous 20th century The second tool is quantitative analyses of our current global conditions that show contradictory pictures of both persistent inequalities and great advances in well being The third tool is contending sociological theories that conceptualize a plurality of social forces that shape five matters of concern the state the human nature relationship work economy and technology population change migration and urbanization and the emerging self Change and Disruption offers a spirited conversation among theorists and different

sociological traditions The authors take stock of the present moment one where facts are fluid and contentious in a changing historical context Garner and Hancock take up the project of Sociology as a quest for understanding our world and grappling with major new trajectories of change within and to that world This book will be of interest to scholars and students in the social sciences *Law and Creativity in the Age of the Entertainment Franchise* Kathy Bowrey, Michael Handler, 2014-11-13

Much of the real value in the entertainment industry today lies in franchises fictional universes entertainment concepts reinventions of cultural traditions and celebrity that create an ongoing presence in the marketplace The entertainment franchise now shapes the global cultural landscape However scholars have devoted little attention to how intellectual property law has changed or is being stretched in practice to accommodate this type of creativity and form of enterprise Covering law and practice in jurisdictions such as the UK the EU the USA Australia Spain and the Caribbean this collection explores the fit of intellectual property laws with specific franchises and tracks the way creators and entrepreneurs work around law's limitations Case studies include mega film franchises fan activity hip hop the management of celebrity reputation flamenco Disneyfied theatre film and television funding arts festivals and carnival in a box **Soundies Jukebox**

Films and the Shift to Small-Screen Culture Andrea J. Kelley, 2018-06-28 Soundies Jukebox Films and the Shift to Small Screen Culture is the first and only book to position what are called Soundies within the broader cultural and technological milieu of the 1940s From 1940 to 1946 these musical films circulated in everyday venues including bars bowling alleys train stations hospitals and even military bases Viewers would pay a dime to watch them playing on the small screens of the Panoram jukebox This book expands U S film history beyond both Hollywood and institutional film practices Examining the dynamics between Soundies short musical films the Panoram's film jukebox technology their screening spaces and their popular discourse Andrea J Kelley provides an integrative approach to historic media exhibition She situates the material conditions of Soundies screening sites alongside formal considerations of the films and their unique politics of representation to illuminate a formative moment in the history of the small screen **Public General Statutes** Great Britain, 1968 1925

includes measures of the National Assembly of the Church of England which have received royal assent The Public General Acts ... and the Church Assembly Measures Great Britain, 1968 *The Routledge Companion to Urban Regeneration* Michael E. Leary, John McCarthy, 2013-10-30 In the past decade urban regeneration policy makers and practitioners have faced a number of difficult challenges such as sustainability budgetary constraints demands for community involvement and rapid urbanization in the Global South Urban regeneration remains a high profile and important field of government led intervention and policy and practice continue to adapt to the fresh challenges and opportunities of the 21st century as well as confronting long standing intractable urban problems and dilemmas This Companion provides cutting edge critical review and synthesis of recent conceptual policy and practical developments within the field With contributions from 70 international experts within the field it explores the meaning of urban regeneration in differing national contexts asking

questions and providing informed discussion and analyses to illuminate how an apparently disparate field of research policy and practice can be rendered coherent drawing out common themes and significant differences The Companion is divided into six sections exploring globalization and neo liberal perspectives on urban regeneration emerging reconceptualizations of regeneration public infrastructure and public space housing and cosmopolitan communities community centred regeneration and culture led regeneration The concluding chapter considers the future of urban regeneration and proposes a nine point research agenda This Companion assembles a diversity of approaches and insights in one comprehensive volume to provide a state of the art review of the field It is a valuable resource for both advanced undergraduate and postgraduate students in Urban Planning Built Environment Urban Studies and Urban Regeneration as well as academics practitioners and politicians

The Domestic Sources of American Foreign Policy Eugene R. Wittkopf, James M. McCormick, 2004 Now in its fourth edition this comprehensive survey of the interaction between domestic and international politics shows how public opinion interest groups the media the intelligence establishment and the different branches of American government influence US foreign policy formulation with a special emphasis on national security issues in the wake of the attacks of September 11 2001 innovation in key arenas including Cuba Afghanistan and the war on terrorism Prominent contributors including Joseph S Nye Jr Stanley Hoffmann and Fred I Greenstein from academic and policy communities combine practical and theoretical perspectives to offer this well rounded complement to courses in American government foreign policy and international relations
