## **The Environmental Policy Of The European Communities:**

The Environmental Policy of the European Communities Stanley Johnson, Guy Corcelle, 1995-08-03 Provides a complete survey of the legislation on environmental policy recently introduced by the European Communities discussing pollution control at the Community level as well as legislation in environmental impact assessment nature conservation and the integration of environmental policy into other Community policies For use by industries and organizations involved with pollution control and for those interested in environmental policy more generally This second edition contains new material on key events and decisions of the past six years including the adoption of the Fifth Environmental Action Program in 1993 Annotation copyright by Book News Inc Portland OR *Environmental Policy in the European Union* John McCormick, 2001-07-06 This is an accessible but sophisticated introduction to and analysis of the increasingly important role of the European Union in environmental policy The book ranges widely over the emergence and evolution of the EU role in this critical field of policy the relationship between policies made at the EU and member state levels and the nature of the environmental policy process The book ends with in depth studies of EU activities in key policy areas from air quality and waste management to global warming and sums up the successes and failures of EU policy to date **Environmental Policy of the European Communities** Stanley P. Johnson, Guy Corcelle, 1989-10-26 Recoge Part One The basic sectors of Community Environment Policy Part Two Specific aspects of Community Environment policy Environmental Policy in the European Union Andrew Jordan, 2012 This second and fully revised edition brings together some of the most influential work on the theory and practice of contemporary EU environmental policy Comprising five comprehensive parts it includes in depth case studies of contemporary policy issues such as climate change genetically modified organisms and trans Atlantic relations as well as an assessment of how well the EU is responding to new challenges such as enlargement environmental policy integration and sustainability The book s aim is to look forward and ask whether the EU is prepared or even able to respond to the new governance challenges posed by the perceived need to use new policy instruments and processes to mainstream environmental thinking in all EU policy sectors **Environmental Policy in the EU** Camilla Adelle, 2013 This text brings together work on EU environmental policy Incorporating a range of case studies it explores the links between levels of governance and the environment in a number of policy areas **Environmental Policy in the European Union** Andrew Jordan, 2002 Collection of the most innovative and incisive writing on the environmental policies of the EU Essential reference and course book for environmental politics and European politics courses Emphases how policy is a dynamic process and examines the roles of the main actors and institutions The European Union has come to dominate the way environmental policy is thought about developed and implemented throughout Europe It is also a guide and benchmark for policy elsewhere in the world This Guide brings together the best and most influential work on the full range of EU environmental policy Incorporating a range of case studies it draws out the links between levels of governance and the role

of environment in other policy areas such as agriculture trade and transport The editor s introduction explores the important theoretical and empirical questions raised by the development of EU policy and the challenges of the new sustainability agenda The result is a highly useful primer and source book for all those involved or studying environmental politics and policy not just in Europe but in other regions too

**Environmental Policy in the European Union** Andrew Jordan,2005 This text brings together work on the full range of EU environmental policy Incorporating a range of case studies it explores the links between levels of governance and the environment in a number of policy areas

*Creating Enviromental Policy in the European Union* A. Zito,1999-10-28 Investigates the EU policy making process and why this process has taken major steps to advance environmental regulation in some areas and not others The book develops a framework emphasizing decision making modes which provide a more nuanced understanding compared to traditional EU theoretical approaches of how EU actors make decisions

**The Effectiveness of European Union Environmental Policy** W. Grant,D. Matthews,P. Newell,2000-10-25 Several hundred directives on environmental policy have been produced by the European Union What impact has the output of the legislative factory had After considering how decisions on environmental policy in the EU are made and the balance of power between business and environmental interests this book draws on the specialist expertise of the authors to look in depth at the areas of global warming water pollution and air pollution

The External Environmental Policy of the European Union Elisa Morgera,2012-10-11 The book sheds new light on the achievements challenges and legal complexity of the EU as a global environmental actor

European Union External Environmental Policy Camilla Adelle,Katja Biedenkopf,Diarmuid Torney,2017-11-14 This book considers the environmental policies that the EU employs outside its borders Using a systematic and coherent approach to cover a range of EU activities environmental issues and geographical areas it charts the EU s attempts to shape environmental governance beyond its borders Key questions addressed include What environmental norms rules and policies does the EU seek to promote outside its territory What types of activities does the EU engage in to pursue these objectives How successful is the EU in achieving its external environmental policy objectives What factors explain the degree to which the EU attains its goals The book will be of interest to students and academics as well as practitioners in governments both inside and outside of the EU the EU institutions think tanks and research institutes

Environmental Regulation in a Federal System Tim Jeppesen,2002-01-01 An imaginative book that contributes significantly to the debate on regulatory federalism The even handed approach should appeal to a broad audience including academics policymakers and the general reader interested in the optimal institutional arrangements for the provisioning of public goods John A List University of Maryland College Park US In this important book Tim Jeppesen investigates environmental regulation in a federal system and addresses the underlying question of whether regulation should be decided centrally by EU institutions or de centrally by individual member states Whilst simple economic reasoning presumes that transboundary externalities require central solutions and local externalities need local solutions the author

finds that the real answer is much more complicated

**Agri-environmental Policy in the European Union** Henry Buller, Geoff Wilson, Andrea Holl, 2017-11-01 This title was first published in 2000 This volume provides a detailed examination of agri environmental policy within ten European states Individual chapters consider the agricultural and environmental policy contexts within each state and examine the range and significance of agri environmental policy proposed in addition to their spatial and territorial impact their policy making implications and their consequences for the structures institutions and actors of national farming policy both across and within national borders Drawing from ten national profiles and the data sets provided the book provides a comparative analysis of implementation trends filling a gap in the literature on this topic Taking European legislation as its starting point the comparative section of the book examines how Member States have responded to EU imperatives in their budgetary commitments in their implementation strategies and in the policy outputs that result The study identifies similarities across European nations in the territorial and agricultural focus of agri environmental policy and draws attention to the alternative

**A Guide to EC Environmental Law** Dorothy Gillies, 2014-07-10 EC law is now a pervasive part of the legislation affecting business government agencies the voluntary sector and the individual citizen across the whole of the European Union This uniquely comprehensive and accessible guide provides a simple and practical explanation of the most important aspects of EC environmental law In straightforward terms it introduces the EC and its institutions and explains where EC environmental law and policy can be found It discusses the main environmental laws relating to air and noise chemicals and industrial risks nature conservation waste and water and explains how these laws can be used to ensure environmental protection The book also explains the EC s law making procedures and discusses the stages at which lobbying can be used to influence the content of future EC environmental laws Useful case studies and suggestions for further reading for those wishing to research a particular area are also included This book will be an invaluable source of reference and practical guidance for lawyers business local government environmental groups and all those needing to understand and use EC law in this area Dorothy Gillies is a lawyer and lecturer in law at the University of Glasgow She has worked in the European Parliament and in the European Commission s Directorate General XI for Environment Nuclear Safety and Civil Protection Originally published in 1998

New Environmental Policy Instruments in the European Union Ian Bailey, 2017-07-05 The use of legislation by EU governments to define environmental standards for industry has been criticised for its poor track record in arresting the decline in the quality of Europe s environment Environmental economists in particular have proposed that legislation should be supplemented or replaced by New Environmental Policy Instruments NEPIs such as eco taxes environmental charges tradable permits and voluntary agreements This book focuses on practical experiences with NEPIs in the EU and tests their application using the case study of the Packaging and Packaging Waste Directive It traces the ways in which member states have adapted NEPIs to suit their preferred styles of environmental policy then assesses their performance and how NEPIs

have both assisted and hindered the EU environmental programme It suggests options for ensuring that the environmental programme does not become fragmented by the use of NEPIs and discusses the implications of EU enlargement

**Environmental Policy and Politics in the European Union** Tom Delreux, Sander Happaerts, 2016-04-22 This brand new textbook provides a concise and informative overview of environmental policy and politics in the European Union It includes a thorough analysis of the traditional areas of environmental concern such as pollution and natural resources as well as newer environmental issues including GMOs and climate change Throughout this clear and readable introduction the authors emphasize the interdependence between EU environmental policy and changes at the global level focusing in particular on the EU's role in global environmental governance The authors' didactic approach means this text will be invaluable to undergraduate and postgraduate students of environmental politics policies and governance in the EU as well as MA programmes with a global focus including international relations and EU studies

**The External Environmental Policy of the European Union** Elisa Morgera, 2012-10-11 This collection of essays comprehensively and systematically analyzes the various instruments and innovative approaches through which the EU is forging its external environmental policy the legal implications of its multifaceted practice and interactions with international environmental law It explains the legal and institutional framework for EU external action on environmental protection and sustainable development identifying the changes introduced and challenges posed by the Lisbon Treaty It explores key tools and trends in defining and implementing EU external policy across a broad range of environmental issues as well as linkages with trade and human rights It also assesses the reciprocal influences between the development and implementation of EU environmental law and of international environmental law

*Policy Integration for Complex Environmental Problems* Helen Briassoulis, 2017-07-05 The quest for policy integration crystallized in the 1990s as awareness was growing that the current supply of narrow sectoral and little coordinated or even overlapping and conflicting policies could not cope efficiently and effectively with contemporary complex cross cutting and interdependent socio environmental problems Combining and coordinating policies properly promises to address this institutional misfit add value to policies support planning at national and sub national levels and facilitate the transition to sustainable development more generally This book proposes a comprehensive conceptualization of policy integration and negotiates pertinent theoretical methodological and applied issues from the perspective of selected EU policies rural development regional development transport social economic environmental water resources and biodiversity policy Mediterranean desertification an exceptionally complex socio environmental problem is used as an illustrative example as the idea for this book transpired while researching the topic of policy making to combat desertification in the context of MEDACTION an EU funded research project

*Environmental Policy Integration* Andrea Lenschow, 2012-04-27 Integrating environmental policies into the policies of all other sectors is the core European environmental policy But there has been no thorough investigation of the political process involved This volume provides the

first It analyses the process of policy integration the greening of public policy across the relevant sectors and countries It finds significant variation from sector to sector and from country to country and analyses the reasons for this Surprisingly the UK traditionally the dirty man of Europe is far more actively engaged than environmental progressives such as Germany It identifies the obstacles to integration and offers solutions for policy formulation decision making and implementation at the relevant political levels      *Protecting Our Environment* Janet R. Hunter,Zachary A. Smith,2012-02-01 Significant changes in how the world approaches global environmental problems have occurred since the late 1970s Countries have become increasingly aware of the borderless nature of environmental issues i e that production and consumption in one country can spill over to affect another country s environment Protecting Our Environment considers the successes that have been achieved in the European Union EU as well as issues the Union still faces regarding the protection of the environment in the future Authors Janet R Hunter and Zachary A Smith identify the factors that have allowed the EU to form a successful environmental regime including the development of the environmental management approach and the principles upon which it is based They examine in detail the challenges that have been encountered in the implementation of environmental programs and the solutions that have been developed to address those challenges Also considered is how economic development and environmental protection have been reconciled within the EU By analyzing the successful example of the EU Protecting Our Environment provides a model for a contemporary approach to global environmental problems
