Braunschweig Wolfenbüttel the recipe for an extraordinary substance she called the lion's blood. She claimed that this golden oil could stimulate the growth of plants, create gemstones, transform lead into the coveted philosopher's stone, and would serve a critical role in preparing for the Last Days. Boldly envisioning herself as a Protestant Virgin Mary, Anna proposed that the lion's blood paired with her own body could even generate life, repopulating and redeeming the corrupt world in its final moments. In *Anna Zieglerin and the Lion's Blood*, Tara Nummedal reconstructs the extraordinary career and historical afterlife of alchemist, courtier, and prophet Anna Zieglerin. She situates Anna's story within the wider frameworks of Reformation Germany's religious, political, and military battles, the rising influence of alchemy, the role of apocalyptic eschatology, and the position of women within these contexts. Together with her husband, the jester Heinrich Schombach, and their companion and fellow alchemist Philipp Sommering, Anna promised her patrons at the court of Wolfenbüttel spiritual salvation and material profit. But her compelling vision brought with it another, darker possibility: rather than granting her patrons wealth or redemption, Anna's alchemical gifts might instead lead to war, disgrace, and destruction. By 1575, three years after Anna's arrival at court, her enemies had succeeded in turning her from holy alchemist into poisoner and sorceress, culminating in Anna's arrest, torture, and public execution. In her own life, Anna was a master of self-fashioning; in the centuries since her death, her story has been continually refashioned, making her a fitting emblem for each new age. Interweaving the history of science, gender, religion, and politics, Nummedal recounts how one resourceful woman's alchemical schemes touched some of the most consequential matters in Reformation Germany.

The Epic of Gesar of Ling

,2015-05-05 The first and only English translation of the centuries-old Tibetan spiritual allegory of King Gesar, a tale on a par with *The Arabian Nights* or the King Arthur stories. For hundreds of years, versions of the Gesar of Ling epic have been sung by bards in Tibet, China, Central Asia, and across the eastern Silk Route. King Gesar, renowned throughout these areas, represents the ideal warrior. As a leader with his people's loyalty and trust, he conquers all their enemies and protects the peace. The example of King Gesar is also understood as a spiritual teaching. The enemies in the stories represent the emotional and psychological challenges that turn people toward greed, aggression, and envy, and away from the true teachings of Buddhism. The epic of Gesar is the longest single piece of literature in the world canon, encompassing some 120 volumes; here, the first three volumes are translated, telling of Gesar's birth, his mischievous childhood, and his youth spent in exile, and his rivalry for the throne with his treacherous uncle.
