The Esoteric Philosophy of Love and Marriage ... Fourth Edition Violet Mary Firth, 1957 **The Way of the Beloved** Robert Arsdale, Diana Van Arsdale, 2016-11-18 The foundation of the Way of the Beloved is discovered in the heart of love itself where there lives and moves a will to exaltation of the other To truly love another is to will the spiritual ideal upon that beloved one When there is a mutual intention to exalt infusing the daily life of a man and woman they enter into the Way of the Beloved This handbook is an attempt to put into book form what authors Robert and Diana Van Arsdale have been teaching to small groups of couples since 1976 Their workshops offer an ageless set of protocols for the transformation of the love relationship between a woman and a man into a path of spiritual development Here they present an integrated body of progressive experiential exercises and meditations that were taught originally taught by Herman Rednick Simply stated The Way of the Beloved teaches a couple how to actualize the potential of their relationship through the intensification of love and compassion Designed for couples in search of spiritual and emotional exploration this guide offers methods intended to help them realize a vision of love fulfilled *The Publishers' Circular and Booksellers' Record* ,1929 Religious Diversity in Post-Soviet Society Milda Ališauskiene, Ingo W. Schröder, 2016-04-08 Since the end of state repression against religion two major processes have taken place in the formerly socialist countries historically dominant churches strive to reassert their position in society while new religious groups and ideas from various parts of the world are proliferating This generates pluralism of religious communities and individual religious attitudes Religious Diversity in Post Soviet Society presents the first collection of ethnographies of this new religious diversity for Lithuania a country that has a long history of a dominant Catholic Church The authors reveal how Catholicism has become increasingly diversified and other religions Charismatic Protestantism Baltic Paganism Eastern religions and other alternative spiritualities are claiming their space in the religious field **Divine Feminine** Joy Dixon, 2003-05-01 Honorable Mention for the Wallace K Ferguson Prize from the Canadian Historical Association Chosen by Choice Magazine as an Outstanding Academic Title of 2003 In 1891 newspapers all over the world carried reports of the death of H P Blavatsky the mysterious Russian woman who was the spiritual founder of the Theosophical Society With the help of the equally mysterious Mahatmas who were her teachers Blavatsky claimed to have brought the ancient wisdom of the East to the rescue of a materialistic West In England Blavatsky's earliest followers were mostly men but a generation later the Theosophical Society was dominated by women and theosophy had become a crucial part of feminist political culture Divine Feminine is the first full length study of the relationship between alternative or esoteric spirituality and the feminist movement in England Historian Joy Dixon examines the Theosophical Society's claims that women and the East were the repositories of spiritual forces which English men had forfeited in their scramble for material and imperial power Theosophists produced arguments that became key tools in many feminist campaigns Many women of the Theosophical Society became suffragists to promote the spiritualizing of politics attempting to create a political

role for women as a way to sacralize the public sphere Dixon also shows that theosophy provides much of the framework and the vocabulary for today's New Age movement Many of the assumptions about class race and gender which marked the emergence of esoteric religions at the end of the nineteenth century continue to shape alternative spiritualities today

Polarity Magic Wendy Berg, Mike Harris, 2003 Polarity magic is at the heart of the Western Mystery Tradition though few are aware of its theory and practice Even so it constitutes the core of all mythology and mystery teachings It recognizes that the most powerful creative force is found in the fundamental energies exchanged between a man and a woman It exalts rather than negates human sexuality in spiritual and magical endeavor This book explores the hidden traditions of the Western mysteries focusing on the divine feminine and the sexual dynamics of magic It shows why the feminine principle must be restored to magic and offers practical magical examples of how this may be done Sympathetic reconstructions of priest and priestess rituals are offered which feature ancient historical and mythological couples such as Isis and Osiris Taliesen and Ceridwen Arthur and Gwenevere Merlin and Gwendydd and Akhenaten and Nefertiti The magical implications of the relationship between Mary Magdalene and Christ are also addressed Also featured in this one of a kind magical volume is advice on forming working partnerships with beings of the faery realm and techniques for the lone magician who works with inner plane partners
