What Do I Know? Michel de Montaigne, 2023-10-17. A fresh new translation of Michel de Montaigne's most profound searching essays with an introduction from Yiyun Li, author of *The Book of Goose*. This gift-worthy collection of 16 essays by the father of the essay is a short, accessible introduction to his work, offering a fascinating glimpse inside a great Renaissance mind. I myself am the subject of my book. So wrote Montaigne in the introductory note to his *Essays*, the book that marked the birth of the modern essay form. In works of probing intelligence and idiosyncratic observation, Montaigne moved from intimate personal observation to roving theories of the conduct of kings and cannibals, the effects of sorrow and fear, and the fallibility of human memory and judgement. This new selection of Montaigne's 16 most ingenious essays appears in a lucid new translation by the prize-winning David Coward. *What Do I Know?* gives the modern reader profound insight into a great Renaissance mind. *What Do I Know?* is divided into 3 sections and includes: MONTAIGNE ON MONTAIGNE, On Sorrow, On how our Actions are to be judged by the Intention, On Idling, On Liars, That we should not be considered happy until we are dead, ON THE PURSUIT OF REASON, On Fear, To tell true from false, it is folly to rely on our own capacities, How we can cry and laugh at the same thing, On Solitude, On the Uncertainty of our Judgement, On Drunkenness, ON GOVERNANCE AND GOVERNORS, On Cannibals, On the Inequality that exists between us, On Sleep, On our lease of life, On Carriages.

By how much profitable thoughts are more full and solid by so much are they also more cumbersome and heavy. Vice, death, poverty, diseases, are grave and grievous subjects. A man should have his soul instructed in the means to sustain and to contend with evils, and in the rules of living and believing well, and often rouse it up and exercise it in this noble study; but in an ordinary soul it must be by intervals and with moderation; it will otherwise grow besotted if continually intent upon it. I found it necessary when I was young to put myself in mind and solicit myself to keep me to my duty, gaiety and health do not; they say so well agree with those grave and serious meditations. I am at present in another state, the conditions of age, but too much put me in mind, urge me to wisdom and preach to me. From the excess of sprightliness I am fallen into that of severity, which is much more troublesome, and for that reason I now and then suffer myself purposely a little to run into disorder and occupy my mind in wanton and youthful thoughts, wherewith it diverts itself. I am of late but too reserved, too heavy, and too ripe years every day read to me lectures of coldness and temperance. This body of mine avoids disorder and dreads it; 'tis now my body's turn to guide my mind towards reformation; it governs in turn, and more rudely and imperiously than the other; it lets me not an hour alone sleeping or waking, but is always preaching to me death, patience, and repentance. I now defend myself from temperance as I have formerly done from pleasure; it draws

me too much back and even to stupidity Now I will be master of myself to all intents and purposes wisdom has its excesses and has no **The Essays of Montaigne, Volume 3** William Carew Hazlitt, Michel de Montaigne, Charles Cotton, 2016-05-20 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
