From Front Porch to Back Seat Beth L. Bailey,1989-08-01 From gentleman callers to big men on campus from Coke dates to parking *From Front Porch to Back Seat* is the vivid history of dating in America In chronicling a dramatic shift in patterns of courtship between the 1920s and the 1960s Beth Bailey offers a provocative view of how we sought out mates and of what accounted for our behavior More than a quarter century has passed since the dating system Bailey describes here lost its coherence and dominance Yet the legacy of the system remains a strong part of our culture's attempt to define female and male roles alike **Dating, Mating, and Marriage** Martin King Whyte,2018-02-06 This book examines the American system of dating mate choice and marriage It analyzes a wide range of established ideas about how dating and mate choice are changing and identifies changes and continuities in premarital experiences in twentieth century America A variety of ideas about what sorts of dating and premarital experiences will make for a successful marriage are tested and for the most part disproven raising serious doubts about our fundamental assumption that dating experience helps individuals make a wise choice for a future mate Marital success turns out to depend not so much on premarital experiences or on the social background characteristics of couples such as race religion and social class as on the way in which couples structure their day to day marital life together Through its detailed examination of a wide range of ideas and predictions about dating mating and marriage and through its dramatic findings *Dating Mating and Marriage* challenges many previous assumptions
