The Etherean Mibion Application Technology Emat

Hellena Moon, Emmanuel Y. Lartey

The Ethereal Mibion Application Technology Emat:

Postcolonializing God Lartey Emmanuel Y, 2015-04-21 Postcolonializing God examines how African Christianity can be truly a postcolonial reality and explores how people who were colonial subjects may practice a spirituality that bears the hallmarks of their authentic cultural heritage even if that makes them distinctly different from Christians from the colonizing nations

Awakening to the Spirit Within: Eight Paths Pamela Smith Allen, PhD, 2003-09-12 The premise of Awakening to the Spirit Within is that all beings are connected by a spiritual energy which forms the essence of who they truly are Eight paths which facilitate an awakening to this essence are explored Native American Spirituality Taoism Hinduism Buddhism Kabbalah Jesus and the Christ Within Sufism and The New Thought Movement Practice exercises and references are also included This book highlights some of the unique gifts which various spiritual traditions have to offer our world In addition it explores the mystical threads of connection which underlie them Like the title suggests it also gives ways of listening to guidance from within The author includes messages from her own inner guidance in an effort to illustrate how this may occur Her openness provides more warmth and intimacy than is usually found in such a book In these uncertain times there has been an upsurge of interest in books related to spirituality religion and mysticism People are looking for ways to heal rather than destroy our planet That is why this book and others like it are so timely and important in moving us closer to our shared goal of creating a more peaceful and harmonious world

Postcolonial Practices of Care Hellena Moon, Emmanuel Y. Lartey, 2022-07-18 This anthology seeks to theorize a method of a radical decolonial spiritual care paradigm that can chart a new course in defining or reframing what is spiritual what is theological and what is care Postcolonial Practices of Care presents voices of educators chaplains students human rights and disability activists and other professionals to highlight the problems of disciplinary divides and binaries such as pastoral spiritual or ordinary sacred In focusing on the practices of care during the pandemic the editors see their book as contributing to ongoing paradigm shifts and the importance of decoloniality as a method in the field of pastoral care The praxis of spiritual care addresses and interrogates the history of spiritual violence and its imbrication with modernity coloniality colonialism racial capitalism neoliberalism and conscious and unconscious white Christian supremacy that constructed not only the pastoral and the spiritual but also its divide the pastoral spiritual Such a framework focuses on religious difference without probing or critiquing how those differences have reified hierarchies of superiority or sustained ideologies of Euro centric monocultural ethnocentrism We want to emphasize the shared practices that bring us together as human beings on Earth rather than to prove we are better or more unique than one another
