- Jesus and those to whom he was preaching were, of course, well versed in the commandments of the Decalogue.
- The teachings of Jesus in the **Sermon on the Mount** (which includes the **Golden Rule**, Mt 7:12) and the **Great Commandment** (Jn 13:34) are consistent with those of the Decalogue – keeping the commandments leads to life and eternal happiness

the teaching of Jesus that can be regarded as clearly ethical and should itself help to make more objective the results of the inquiry as well as more completely insure that the teaching itself should be unfolded rather than simply talked about While I have tried to keep constantly in mind the ethical aspect of the teaching as the one problem of this book it should not be forgotten that Jesus teaching is so completely permeated with the religious spirit that it is impossible wholly to ignore the religious and still do justice to the ethical teaching Jesus has no dual standpoint corresponding to a sharp separation of the two realms of the religious and the ethical About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Ethics of Jesus** Henry Churchill King,1917

**A Serious Way of Wondering** Reynolds Price,2007-11-01 When renowned novelist and poet Reynolds Price one of Christianity's most eloquent outlaws was invited to deliver the annual Peabody Lecture at Harvard University Memorial Church in 2001 he chose to explore a subject of fierce debate and timeless relevance the ethics of Jesus In two succeeding lectures at the National Cathedral and at Auburn Seminary Price continued to explore the apparently contradictory ethics that Jesus articulates in the Gospels and in a controversial act of artistic license Price reimagined the historical Jesus In *A Serious Way of Wondering* Price expands these lectures to present Jesus with three problems of burning moral concern suicide homosexuality and the plight of women in male dominated cultures and faiths A sweeping view of the inescapable implications of Jesus merciful life and all embracing thought and of the benefits of enlarging our notions of humanity community and equality *A Serious Way of Wondering* is a significant contribution to Price's penetrating works of religious inquiry The Ethics of Jesus Henry Churchill King,1912 **What Would Jesus Really Do?** Andrew Fiala,2007 What Would Jesus Really Do examines what Jesus says and doesn't say about complicated contemporary ethical issues including abortion euthanasia the death penalty war homosexuality and the family The Ethics of Jesus and Social Progress Charles Spurgeon Gardner,2015-06-26 Excerpt from *The Ethics of Jesus and Social Progress* For some years it has been my pleasant task to instruct a group of young ministers in the Ethics of Jesus At the same time I have been pursuing special studies in the science of Sociology if it may be called a science and with certain qualifications it may be fairly regarded as such at any rate it is the most important field of scientific study which now engages the attention of men This book is the resultant of the convergence of these two lines of study and teaching The two questions to which I have sought to give an answer are first What sort of society would the ethical principles of Jesus result in if actually reduced to practice Second How far would such a social organization correspond to the goal of social development as the trend of that development is made apparent by

Sociology My conviction is that the more definitely the goal of social evolution is worked out by the students of social science and the more adequately the concept of the Kingdom of God is grasped by the students of the gospel the more nearly they will be found to correspond Some readers perhaps will regard it as a serious defect that so little attention is given to the problems of criticism About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
