The Ethnicity Reader:

The Ethnicity Reader Maria Montserrat Guibernau i Berdún, Montserrat Guibernau, John Rex, 2010-01-11 Drawing on a wide range of examples the selections included examine theories of nationalism and consider issues of ethnic integration and conflict in the USA China Britain Germany Quebec Scotland Galicia Catalonia Kurdistan Iran Iraq and Somaliland among other countries and regions The reader however does not confine itself to the study of nationalism Many of the selections deal with the role of ethnicity in groups which are not nationalist at all but for which ethnicity is an important factor in the process of migration The concept of ethnicity is therefore discussed both in relation to group rights in existing nation states and in relation to transnational communities in a globalized world The Ethnicity Reader Montserrat Guibernau, John Rex, 1997-10-29 The Ethnicity Reader offers a comprehensive and challenging selection of readings for students of sociology politics international relations and race relations It presents a highly accessible introduction to the study of ethnicity by providing an original approach to nationalism multiculturalism and migration The analysis of the ethnic component present in these three topics distinguishes this reader from others and makes it indispensable to those seeking to understand the relevance of ethnicity as one of the most prominent forces in the modern world Drawing on a wide range of examples the selections included examine theories of nationalism and consider issues of ethnic integration and conflict in the USA Canada Quebec Scotland Northern Ireland and Catalonia among other countries and regions The reader however does not confine itself to the study of nationalism Many of the selections deal with the role of ethnicity in groups which are not nationalist at all but for which ethnicity is an important factor in the process of migration The concept of ethnicity is therefore discussed both in relation to group rights in existing nation states and in relation to transnational communities in a globalized world Contributors include Anthony D Smith John Rex Eric Hobsbawm James Clifford Michael Keating Franke Wilmer Benedict Anderson Will Kymlicka Etienne Balibar and Michel Wieviorka Race and Ethnicity Reader (Second Edition) Clifford Broman, 2017-06-23 Understanding Race and Ethnicity in Contemporary Society A Reader provides both contemporary and historical perspectives on race and ethnicity with a focus the development of racial and ethnic relations in the United States The anthology is organized into four sections The first provides introductory perspectives that consider the social construction of race and socioeconomic disparities The second section is devoted to understanding the patterns of race and ethnicity through consideration of theoretical viewpoints The third section explores the development of racial and ethnic patterns by looking at some of the historical evidence The fourth and final section examines key issues in racial and ethnic inequality Specific topics include the racialization of poverty institutionalized racism segregation and some attention focused on the social institutions of religion sports family and education The sections and readings all feature an original introduction as well as discussion questions Understanding Race and Ethnicity in Contemporary Society is intended to supplement standard texts on race and ethnicity It is well suited to courses that focus on contemporary racial and ethnic relations and

those that explore the history of race and ethnicity **Race and Ethnicity Reader (Preliminary Edition)** Clifford Broman, 2012-11-07 **Reader's Guide to the Social Sciences** Jonathan Michie, 2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense Latinos in America Jorge J. E. Gracia, 2008-04-30 A first of its kind book that seriously and profoundly examines what it means philosophically to be Latino and where Latinos fit in American society Offers a fresh perspective and clearer understanding of Latin American thought and culture rejecting answers based on stereotypes and fear Takes an interdisciplinary approach to the philosophical social and political elements of Hispanic Latino identity touching upon anthropology history cultural studies and sociology as well as philosophy Written by Jorge J E Gracia one of the most influential thinkers of Hispanic Latino descent Filming the Modern Middle East Lina Khatib, 2006-09-29 Filming the Modern Middle East is the first comparative investigation of how modern American cinema and the cinemas of the Arab world represent Middle Eastern politics to their audiences Lina Khatib examines the cinematic depictions of major political issues from the Arab Israeli conflict to the Gulf War to Islamic fundamentalism and covers films made in the USA in Egypt Tunisia Morocco Lebanon Syria and Palestine She explores cinema's role as a tool of nationalism in the USA and the Arab world and the challenges the Arab cinemas present to Hollywood's dominant representations of Middle Eastern politics But she also reveals similarities between supposed contradictory cinemas and importantly not only how the Orient is constructed by the Occident but also how the Orient itself in these cinemas represents Self and Others and how it is consumed by internal as well as external struggles This is a fascinating original contribution to the burgeoning interest in world cinemas which also offers a fresh way of seeing Middle East politics through cinematic lenses **Southern Indians and Anthropologists** Lisa J. Lefler, Frederic Wright Gleach, 2002 Ranging in setting from a children's summer school program to a museum of history and culture to a fatherhood project these eleven papers document some of the many ways in which anthropologists and Native Americans are striving to work together at higher levels of accountability reciprocity and mutual enrichment The Native American groups discussed in the volume include the Yuchi of Oklahoma the Eastern Band of Cherokee Indians in western North Carolina the Powhatans of Virginia the Chickasaw Nation of Oklahoma the Seminole Tribe of Florida and the Waccamaw Siouan community of coastal North Carolina The volume's contributors consider such issues as education community development funding and the preservation of languages sacred texts oral traditions and artifacts At the same time they offer personal insights into the pressures that can bear on working relationships between anthropologists and Native Americans Not only must all concerned find a balance between their official and informal individual and group selves but Native Americans especially often feel caught between history and the present One contributor for instance discusses the

problems that arose from the discovery of Native American graves on land owned by the Cherokees on the site of a planned casino parking lot The anthropological work discussed here suggests strong potential for continuing research partnerships It also illustrates the potential benefits of such partnerships for anthropologists and for Native Americans *Gathering a Heritage* Thomas M. Prymak, 2015-01-15 Since the 1970s and 1980s the study of immigration and ethnicity has grown to become an essential aspect of North American history In *Gathering a Heritage* Thomas M Prymak uses the essays and articles he has written over the past thirty years as a historian of Ukrainian and Ukrainian Canadian history to reflect on the evolution of ethnic studies in Canada and the United States The essays included in this book explore the history of Ukrainian and Slavonic immigration to North America and the literature through which these communities and their historians have sought to recapture their past Each previously published essay is revised and expanded and several more appear here for the first time including the fascinating story of French Canadian writer Gabrielle Roy's connections with Ukrainian Canadians and her tumultuous affair with a Ukrainian Canadian nationalist in pre war London Staging Ghana Paul Schauert, 2015-09-07 The Ghana Dance Ensemble takes Ghana's national culture and interprets it in performance using authentic dance forms adapted for local or foreign audiences Often says Paul Schauert the aims of the ensemble and the aims of the individual performers work in opposition Schauert discusses the history of the dance troupe and its role in Ghana's post independence nation building strategy and illustrates how the nation's culture makes its way onto the stage He argues that as dancers negotiate the terrain of what is or is not authentic they also find ways to express their personal aspirations discovering within the framework of nationalism or collective identity that there is considerable room to reform national ideals through individual virtuosity Subjects, Citizens, and Others Benno Gammerl, 2017-11-01 Bosnian Muslims East African Masai Czech speaking Austrians North American indigenous peoples and Jewish immigrants from across Europe the nineteenth century British and Habsburg Empires were characterized by incredible cultural and racial ethnic diversity Notwithstanding their many differences both empires faced similar administrative questions as a result Who was excluded or admitted What advantages were granted to which groups And how could diversity be reconciled with demands for national autonomy and democratic participation In this pioneering study Benno Gammerl compares Habsburg and British approaches to governing their diverse populations analyzing imperial formations to reveal the legal and political conditions that fostered heterogeneity *The Social Science Encyclopedia* Adam Kuper, 2004-10-14 The Social Science Encyclopedia first published in 1985 to acclaim from social scientists librarians and students was thoroughly revised in 1996 when reviewers began to describe it as a classic This third edition has been radically recast Over half the entries are new or have been entirely rewritten and most of the balance have been substantially revised Written by an international team of contributors the Encyclopedia offers a global perspective on key issues within the social sciences Some 500 entries cover a variety of enduring and newly vital areas of study and research methods Experts review theoretical debates from neo evolutionism and

rational choice theory to poststructuralism and address the great questions that cut across the social sciences What is the influence of genes on behaviour What is the nature of consciousness and cognition What are the causes of poverty and wealth What are the roots of conflict wars revolutions and genocidal violence This authoritative reference work is aimed at anyone with a serious interest in contemporary academic thinking about the individual in society **Ethnic Europe** Roland Hsu,2010-02-05 Ethnic Europe examines the increasingly complex ethnic challenges facing the expanding European Union Essays from eleven experts tackle such issues as labor migration strains on welfare economies the durability of local traditions the effects of globalized cultures and the role of Islamic diasporas separatist movements and threats of terrorism With Europe now a destination for global immigration European countries are increasingly alert to the difficult struggle to balance minority rights with social cohesion In pondering these dilemmas the contributors to this volume take us from theory history and broad views of diasporas to the particularities of neighborhoods borderlands and popular literature and film that have been shaped by the mixing of ethnic cultures **The Dilemmas of Ethnic Policy** John Gaffar La Guerre,2017-01-03 The Dilemmas of Ethnic Policy A Global Perspective argues that ethnic conflict increases or decreases in relation to changes in the social structure and the location and distribution of political power Ethnic grievances derive from lack of access to valued resources and elites play a crucial role in allocating those resources This book examines the experiences of five countries with a history of ethnic conflict former Yugoslavia Bosnia Herzegovina Guyana Trinidad and Tobago and the United States It finds that in many cases solutions adopted to mitigate ethnic conflict have unintended consequences Often supposed solutions confuse cause and effect and in fact worsen ethnic conflict Attempts to address identity issues by pandering to them often led to further ethnic demands This book argues that based on the experiences of the countries under examination the best course is to adopt policies that encourage alliances between and among ethnic groups **The Handbook of Sociocultural Anthropology** James G. Carrier,Deborah B. Gewertz,2020-06-29 he Handbook of Sociocultural Anthropology presents a state of the art overview of the subject its methodologies current debates history and future It will provide the ultimate source of authoritative critical descriptions of all the key aspects of the discipline as well as a consideration of the general state of the discipline at a time when there is notable uncertainty about its foundations composition and direction Divided into five core sections the Handbook examines the changing theoretical and analytical orientations that have led to new ways of carrying out research presents an analysis of the traditional historical core and how the discipline has changed since 1980 considers the ethnographic regions where work has had the greatest impact on anthropology as a whole outlines the people and institutions that are the context in which the discipline operates covering topics from research funding to professional ethics Bringing together leading international scholars the Handbook provides a guide to the latest research in social and cultural anthropology Presenting a systematic overview and offering a wide range of examples insights and analysis it will be an invaluable resource for researchers and students in anthropology as well as cultural and social

geography cultural studies and sociology **Routledge Handbook of Identity Studies** Anthony Elliott, 2012-04-27 The Routledge Handbook of Identity Studies offers an exceptionally clear overview of the analysis of identity in the social sciences and in so doing seeks to develop a new agenda for identity studies in the twenty first century The key theories of identity ranging from classical accounts to postmodern psychoanalytic and feminist approaches are drawn together and critically appraised and there are substantive sections looking at racial ethnic gendered queer consumerist virtual and global identities The Handbook also makes an essential contribution to the debate now opening up over identity politics and its cultural consequences From anti globalization protestors to new ecological warriors from devotees of therapy culture to defenders of international human rights the culture of identity politics is fast redefining the public political sphere What future for politics is there after the turn to identity Throughout there is a strong emphasis on interdisciplinarity with essays covering sociology psychology politics cultural studies and history The Handbook's clear and direct style will appeal to a wide undergraduate audience in the social sciences and humanities **The Routledge Handbook of Ethnic Conflict** Karl Cordell, Stefan Wolff, 2016-01-22 A definitive global survey of the interaction of ethnicity nationalism and politics this handbook blends rigorous theoretically grounded analysis with empirically rich illustrations to provide a state of the art overview of the contemporary debates on one of the most pervasive international security challenges today Fully updated for the second edition the book includes a new section which offers detailed analyses of contemporary cases of conflict such as in Ukraine Kosovo the African Great Lakes region and in the Kurdish areas across the Middle East thus providing accessible examples that bridge the gap between theory and practice The contributors offer a 360 degree perspective on ethnic conflict from the theoretical foundations of nationalism and ethnicity to the causes and consequences of ethnic conflict and to the various strategies adopted in response to it Without privileging any specific explanation of why ethnic conflict happens at a particular place and time or why attempts at preventing or settling it might fail or succeed The Routledge Handbook of Ethnic Conflict enables readers to gain a better insight into such defining moments in post Cold War international history as the disintegration of the Soviet Union and Yugoslavia and their respective consequences the genocide in Rwanda and the relative success of conflict settlement efforts in Northern Ireland By contributing to understanding the varied and multiple causes of ethnic conflicts and to learning from the successes and failures of their prevention and settlement the Handbook makes a powerful case that ethnic conflicts are neither unavoidable nor unresolvable but rather that they require careful analysis and thoughtful and measured responses *Understanding Pakistan* Mathew Joseph C., 2016-09-13 This book is the outcome of a national seminar for research scholars on Pakistan organized by the Centre for Pakistan Studies at the MMAJ Academy of International Studies Jamia Millia Islamia New Delhi The aim of the seminar was to explore how young minds in India view Pakistan the quintessential enemy country The range of topics included issues related to Pakistan's politics economy popular culture education environment sectarian divide minorities policy towards Jammu Kashmir and foreign

relations Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka **The State and Indigenous Movements** Keri E. Iyall Smith, 2007-05-07 Using the comparative historical method this book looks at the experience of indigenous peoples specifically the Native Hawaiians showing how a nation can express culture and citizenship while seeking ways to attain greater sovereignty over territory culture and politics

Iconography of the New Empire Servando D. Halili, 2006 This book makes a postcolonial reading of the American invasion and colonization of the Philippines in 1898 It considers how nineteenth century American popular culture specifically political cartoons and caricatures influenced American foreign policy These sources drawn from several U S libraries and archives show how race and gender ideologies significantly influenced the move of the U S to annex the Philippines The book not only includes a significant collection of political cartoons and caricatures about Filipinos it also offers an alternative interpretation of the reasons why the U S ventured into colonial expansion in Asia
