**Tradition and Imagination** David Brown, 1999-11-25 Tradition and revelation are often seen as opposites tradition is viewed as being secondary and reactionary to revelation which is a one off gift from God Drawing on examples from Christian history Judaism Islam and the classical world this book challenges these definitions and presents a controversial examination of the effect history and cultural development has on religious belief its narratives and art David Brown pays close attention to the nature of the relationship between historical and imaginative truth and focuses on the way stories from the Bible have not stood still but are subject to imaginative rewriting This rewriting is explained as a natural consequence of the interaction between religion and history God speaks to humanity through the imagination and human imagination is influenced by historical context It is the imagination that ensures that religion continues to develop in new and challenging ways

**Imagining Jesus Christ in Middle English Literature, 1275-1475** Theresa Tinkle, 2024-09-16 This book interprets Jesus Christ as a complicated disunified literary character in Middle English literature where he appears variously as king traitor victorious conqueror sacrificial lamb heroic knight lover and spouse often as several contradictory figures in a single work These tropes derive from Scripture doctrines about Christ's two natures and theories of redemption This book examines the full range of representations in Southern Passion Northern Passion Pepsian Gospel Harmony Stanzaic Life of Christ Cursor Mundi Nicholas Love's Mirror of the Blessed Life of Jesus Christ Sir John Mandeville's Book the York Play and Julian of Norwich's Revelation of Love Although Christ's two natures are well represented in existing scholarship many traditions have been overlooked including commonplace treatments of Christ as both a traitor and king conqueror and sacrificial lamb hero and lover As writers call upon audiences to feel compassion for Jesus's suffering they almost universally express antipathy toward his Jewish torturers complicating our ideas about affective piety In these works the Virgin Mary is less exemplary for her compassion than for her understanding of doctrine In short this book offers new perspectives on vernacular Christology between about 1275 and 1475 Theresa Tinkle is a Professor within the Department of English Language and Literature at the University of Michigan USA as well as Director of the Gayle Morris Sweetland Center for Writing Previous publications include Medieval Venuses and Cupids Sexuality and Hermeneutics in English Poetry 1996 and Gender and Power in Medieval Exegesis Palgrave 2010 Theresa's academic training and publications include the study of medieval English and Latin literature the medieval reception of the Bible

**Literature** Laura Lambdin, Robert Thomas Lambdin, 2002-06-30 Old and Middle English literature can be obscure and challenging So too can the vast body of criticism it has elicited Yet the masters of medieval literature often drew on similar texts since imitation was admired For this reason recent scholarship has often focused on the importance of genre The genre in which a work was written can illuminate the author's intentions and the text's meaning Read in light of a genre's parameters a given work can be considered in relation to other works within the same category This reference is a comprehensive overview of Old and Middle English literature Chapters focus on particular genres such as Allegorical Verse Balladry Beast Fable Chronicle Debate Poetry Epic and Heroic Lyric Middle English Parody Burlesque Religious and Allegorical Verse and Romance Expert contributors define the primary characteristics of each genre and discuss relevant literary works Chapters provide extensive reviews of scholarship and close with detailed bibliographies A more thorough bibliography of major scholarly studies closes the book **Fools and Jesters in Literature, Art, and History** Vicki K.

Affections of the Mind Emma Lipton,2011-08-15 Affections of the Mind argues that a politicized negotiation of issues of authority in the institution of marriage can be found in late medieval England where an emergent middle class of society used a sacramental model of marriage to exploit contradictions within medieval theology and social hierarchy Emma Lipton traces the unprecedented popularity of marriage as a literary topic and the tensions between different models of marriage in the literature of the later fourteenth and fifteenth centuries by analyzing such texts as Chaucer s Franklin s Tale The Book of Margery Kempe and the N Town plays Affections of the Mind focuses on marriage as a fluid and contested category rather than one with a fixed meaning and argues that the late medieval literature of sacramental marriage subverted aristocratic and clerical traditions of love and marriage in order to promote the values of the lay middle strata of society This book will be of value to a broad range of scholars in medieval studies
