The Fairy Garden Peter Stipe, 2020-09-15 A whimsical story about facing our deepest fears and greatest loves and what we all must do to grow into the life we were meant to experience Elizabeth's secret began when she was five years old a secret she held close her entire life As far as she knew she was the only person who could see the fairies living in her grandfather's garden They play with her and show her their world and as she grows older they guide her through the important moments of her life The fairies and especially Olivia were her closest friends But where were they when everything fell apart Why didn't they save her grandfather when he needed help and why didn't they warn her about the things she had to endure Surely the fairies who seemed to have a prescience about the future knew what Elizabeth would have to tolerate After the death of her grandfather Elizabeth moves into his house to begin the process of healing But when her daughter

begins to see and play with the fairies Elizabeth has a choice to make Will she accept her daughter s new friends or will she find a way to banish them from her life forever
