The Gulf Future Security And British Policy

RC Schank

The Gulf Future Security And British Policy:

The Gulf The Emirates Center for Strategic Studies and Research, 2000-06-22 The Arabian Gulf region has increasingly become the focus of international concern since the Gulf War of 1991 which clearly demonstrated the link between regional stability and global security An effective Gulf security framework hinges to a great extent on the integration of national and regional policies with the defense policies of allied countries The end of the Cold War has afforded the opportunity for the Gulf region to develop a more stable security paradigm that is not constrained by the imperatives of a bipolar system Against this backdrop this book examines the foundation and the scope for closer security ties between the United Kingdom and the Gulf Cooperation Council countries This volume includes a number of specialized papers presented by prominent military officials and experts from the GCC countries and Britain in a conference held jointly by ECSSR and the Royal United Services Institute for Defense Studies RUSI in London April 29 30 1998 The book thus offers a unique opportunity to access professional experience in the field of security and stresses the need to develop a greater range of consultative mechanisms In highlighting both immediate and potential threats to Gulf security and effective national and regional measures to counter them the book aspires to provide a deeper understanding of the security issues that will define the shape of the GCC UK relationship in the twenty first century *The Gulf* Emirates Center for Strategic Studies & Research, 2002-04-26 Defense policy makers from Britain and the Gulf analyze different aspects of British policy and its repercussions for Gulf security Seeking to nurture defense and security dialogue contributors examine both immediate and potential threats to Gulf security and underline the need for the Gulf countries to develop a greater range of consultative mechanisms This book offers valuable perspectives on some of the more critical issues involved and provides interesting insight on the views held by prominent decision makers including Lord Robertson General Sir Charles Guthrie HH Sheikh Salman of Bahrain and HH Sheikh Salem of Kuwait Britain and the Middle East in the 9/11 Era Rosemary Hollis, 2010-03-19 This authoritative book examines British policy in the Middle East focusing on how Britain's response to 9 11 particularly the decision to join the US invasion of Iraq has affected its role and relations in the region Establishes what was new about the New Labour approach and policies towards the Middle East and what changed as a result of 9 11 and the war on terror Analyses in detail how the Blair government handled the Iraq crisis invasion and fallout including developments in relations with Iran Documents Britain's niche role in the Middle East peace process Argues that arms sales trade and finance bind Britain to the Arab Gulf states Traces Britain's involvement in US regional security arrangements *British Policy in the Middle East 1966-74* Stewart Jones, 2009-12-21 Britain's role in the Middle East 1966 74 with special reference to Israel *The A to Z of the Gulf Arab States* Malcolm C. Peck, 2010-04-12 The A to Z of the Gulf Arab States comes at a time when the world's attention is riveted on the Middle East The small states covered in this volume Bahrain Kuwait Oman Qatar and the United Arab Emirates UAE possess about 20 percent of the world's total oil reserves Beyond the strategic and economic importance conferred upon

them by their vast oil reserves the Gulf Arab states are worthy of attention for the inherent interest of their history and culture No area of the world has yielded more revealing and exciting archaeological finds in the past few decades than these states Investigations have brought to light extensive evidence of an important culture as old as Egypt of the Pharaohs or ancient Babylon which was virtually unknown previously except through rare references in the records of other civilizations The A to Z of the Gulf Arab States is a paperback reprint of the Historical Dictionary of the Gulf Arab States This edition covers the history of the five countries through a chronology broken down by country a list of acronyms and abbreviations an introductory essay a bibliography and several hundred cross referenced dictionary entries on important persons places and events of each country Everything from the Abbasids to Zubarah is covered in this essential reference on this increasingly important region of the world *Historical Dictionary of the Gulf Arab States* Malcolm C. Peck, 2007-12-20 The second edition of the Historical Dictionary of the Gulf Arab States comes at a time when the world's attention is riveted on the Middle East The small states covered in this volume Bahrain Kuwait Oman Qatar and the United Arab Emirates UAE possess about 20 percent of the world's total oil reserves Beyond the strategic and economic importance conferred upon them by their vast oil reserves the Gulf Arab states are worthy of attention for the inherent interest of their history and culture No area of the world has yielded more revealing and exciting archaeological finds in the past few decades than these states Investigations have brought to light extensive evidence of an important culture as old as Egypt of the Pharaohs or ancient Babylon which was virtually unknown previously except through rare references in the records of other civilizations This expanded second edition covers the history of the five countries through a chronology broken down by country a list of acronyms and abbreviations an introductory essay a bibliography and several hundred cross referenced dictionary entries on important persons places and events of each country Everything from the Abbasids to Zubarah is covered in this essential reference on this increasingly important region of the world *Qatar* Mehran Kamrava, 2015-06-15 The Persian Gulf state of Qatar has fewer than 2 million inhabitants virtually no potable water and has been an independent nation only since 1971 Yet its enormous oil and gas wealth has permitted the ruling al Thani family to exert a disproportionately large influence on regional and even international politics Qatar is as Mehran Kamrava explains in this knowledgeable and incisive account of the emirate a tiny giant although severely lacking in most measures of state power it is highly influential in diplomatic cultural and economic spheres Kamrava presents Qatar as an experimental country building a new society while exerting what he calls subtle power It is both the headquarters of the global media network Al Jazeera and the site of the U S Central Command's Forward Headquarters and the Combined Air Operations Center Qatar has been a major player during the European financial crisis it has become a showplace for renowned architects several U S universities have established campuses there and it will host the FIFA World Cup in 2022 Qatar's effective use of its subtle power Kamrava argues challenges how we understand the role of small states in the global system Given the Gulf state's outsized influence on

regional and international affairs this book is a critical and timely account of contemporary Qatari politics and society

Annual Book Markaz al-Imārāt lil-Dirāsāt wa-al-Buḥūth al-Istirātījīyah,2008 **From Alliance to Union** Joseph A. Kéchichian,2016-05-24 After the conservative Arab Gulf Monarchies Bahrain Kuwait Oman Qatar Saudi Arabia and the United Arab Emirates UAE joined forces on 25 May 1981 within the Gulf Co operation Council GCC few fathomed that security requirements on and around the Arabian Peninsula would be so precarious and for so long To answer their search for permanent stability Arab Gulf rulers erected a regional alliance that sought to integrate internal and regional defences as well as strengthen their existing socio economic ties Several of the monarchies even hoped that co ordination on foreign policy issues over which near unanimity existed could eventually lead to a full fledged union as envisaged in the organisation s founding charter Between 1981 and 2015 these Arab Gulf monarchies experienced major socio political transformations resulting from upheavals throughout the Arab and Muslim worlds The perceived necessity to bring about a full fledged union has come into conflict with entrenched viewpoints from regimes that value traditional military political roles and norms In this new study Joseph A Kechichian provides an evaluation of GCC States military institutions to better evaluate whether a stable alliance is capable of enduring over the next few decades and how civilian leaders perceive the role and influence of their military officers for the task Kechichian raises fundamental questions over internal regional and international threats including an existential challenge emanating from the Islamic revolutionary government of Iran and assesses how GCC professionals may be preparing to tackle them He further elucidates on the best methods to meet security challenges not only to secure political survival but also to determine whether conservative Arab Gulf regimes can flourish outside an effective alliance The volume concludes with an examination of evolving civil military relations in the GCC States

American Ascendancy and British Retreat in the Persian Gulf Region W. Fain,2008-07-07 This book critically examines the origins of American diplomacy in the greater Persian Gulf region arguing that it was the inability of the United States to contend effectively with the disintegration of British imperial authority in the Gulf that eventually led it to assume its current role in the region **British Diplomacy in Oman and Bahrain** Joe Worthington,2022-11-30 This book marks the first comprehensive examination of contemporary British influence in Oman and Bahrain analysing Britain s legacy since the official withdrawal from the Gulf in 1971 Using theories of power as a framework the book examines the development of British economic strategic and political influence in the two countries post withdrawal a topic overlooked by academics and political observers The author argues that a divergence has developed between Britain s influence in Oman a site of strategic power and Bahrain a site of economic power Focusing on the British Government private corporations and individuals topics range from the development of British Foreign Direct Investments and the presence of British oil and gas companies in the region to joint defence training exercises and the presence of Omani and Bahraini military cadets in British military academies The book also crucially assesses the increasing influence that the Gulf states are gaining over Britain as the

legacy of the Residency gradually fades British Diplomacy in Oman and Bahrain will be useful to students and scholars studying politics and economics in the Gulf and Britain as well as policy analysts international relations experts and historians interested in the legacy of colonialism *The Middle East* ,2000 *Kuwait Armed Forces Journal* ,2000 IBSS
 Compiled by the British Library of Political and Economic Science,2001 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences **Oman's Foreign Policy** Majid Al-Khalili,2009-05-19 This is the first book in more than a decade to look systematically at the foundations and practices of Oman s foreign policy and its impact on the production and distribution of oil An expert in the history of the Sultanate of Oman Majid Al Khalili provides new information and a fresh analysis of the lands bordering the Arabian Sea and the Gulf of Oman Beginning with an examination the reign of Sultan Qaboos bin Said as well as the sultanate s geography and how location has influenced its history Oman s Foreign Policy Foundation and Practice analyzes Oman s foreign relations from the early 20th century until the beginning of the 21st century providing the background to recent events Following an analysis of the sultanate s renaissance in the 1970s and 1980s the book considers how Oman s foreign policy changed in the wake of the 1991 Gulf War It also examines historic power rivalries in the region as well as modern conflicts that now include Iran Iraq and Saudi Arabia The result is a comprehensive understanding of Oman s place in the Middle East and its influence upon the world s changing power structure **Index Islamicus** ,2000 **Defending Arabia** J.E. Peterson,2016-08-05 The defence of the Gulf has been a vital strategic concern for close on 100 years The British first became involved in the Gulf to protect the sea routes to India and with the development of international air routes the Gulf became a crucial staging post This book first published in 1986 surveys the strategic issues in the defence of the Gulf from the earliest British involvement up to the Iraq Iran war It examines the British retreat from the Gulf and the imperial vestiges that were left behind It considers the way in which American interests in the Gulf came to replace British interests and it analyses how American foreign policy has responded to this additional responsibility The book also investigates the regional concerns of Gulf security and the intra regional conflicts that have erupted in the Iraq Iran war **Globalization and the Middle East** Toby Dodge,Richard A. Higgott,2002 The subject of globalization has come to dominate informed debate across a broad sweep of disciplines But there are few good detailed published studies on the influence of globalization on non European areas of the world This study aims to fill the gap by bringing together a number of experts on the Middle East to examine the dynamic changes it has brought to the region The book examines the place globalization occupies in the history of the Middle East and how it is set to transform relations between governments in the area and the external and former colonial powers It focuses on the political cultural and economic effects of globalization on the states of the Gulf before applying each of these three themes to the wider Middle East **European Security** Michael Charles Pugh,1992 This work covers the period from the end of the Cold War to the

end of the century and specifically addresses the roles of the United States and the Soviet Union European Community security police Germany's role as bridge or frontier between East and West and transnational processes Facets of Security in the United Arab Emirates William Gueraiche, Kristian Alexander, 2022-01-23 The United Arab Emirates UAE has elaborated its own philosophy of security Driven by emergencies and increasing risks both in the region and globally Emirati authorities have developed a sense of anticipation as well as an agility to react promptly to new threats through the ability to assess the risks in any given situation War and the avatars of conflict are a constant reality in the Middle East Transnational threats including the regional context the war in Yemen insecurity in the Levant and tensions with Iran affect the overall stability of the Peninsula and consequently that of the UAE Owing to the inclusion of the UAE in the networks of globalization non traditional security issues are not relegated to the background Issues such as COVID 19 immigration cybersecurity and human trafficking need to be addressed domestically as well as globally This volume offers a comprehensive and multifaceted examination of the traditional and non traditional security measures present in the UAE that allow the country to remain politically stable in an otherwise volatile region and aims to offer a comprehensive overview of all forms of security in the UAE
