K. Agarwal,2012-06 Continuing the narrative from Volume One of *From Bharata to India* this second volume spans the years from the Muslim conquests down to the present era The Volume begins by contrasting the stifling theocracy of the Abrahamic religions Judaism and Christianity and of Islam to the pristine ideation of compassion love and universal wellbeing inherent in the Vedic world The forced conversion of pagan peoples and their places of worship was consequently institutionalized by intolerance savagery barbarism cruelty and unparalleled brutality This cultural and religious Invasion shook the very foundations of the Vedic patrimony as the native Hindus adapted Alien lifestyles where Vedic values were repackaged as European and or Islamic Consequently the modern Indians began to despise what had once been their own legacy the Cradle of civilization and embraced imported modes of behavior The transformed native polity supported by foreign vested interests exploited their own country even more than the alien invaders As the Western world frees itself from the shackles of Middle Age conformism and depravity this second volume concludes that the eternal values of Vedic Bharata are to inspire the nascent Civilization of tomorrow Eastern introspection will replace then the Western tradition of a wholly other divinity     *The Way West* James A.
