Sir Edmund Hillary Explores Mount Everest Heather Moore Niver,2018-07-15 On May 28 1953 Sir Edmund Hillary made history by climbing the highest mountain on Earth Mount Everest He was the first man to stand on top of this daunting peak Readers will enjoy the story of Hillary and his guide Tenzing Norgay as they tackled the most demanding climb in the world Starting with Hillary s interest in climbing as a teen readers will learn all about the preparation planning and hard work that made this exciting climb possible as well as the history of this magnificent mountain **Everest: The Remarkable Story of Edmund Hillary and Tenzing Norgay** Alexandra Stewart,2020-02-11 In the late morning of May 29 1953 the sun was shining brightly and a gentle breeze was blowing on the highest elevation of the world and two men were there to witness it for the first time ever Their names were Edmund Hillary and Tenzing Norgay and they had ascended Everest This is the breathtaking story of how two very different yet equally determined men battled frost biting temperatures tumbling ice rocks powerful winds and death defying ridges to reach the top of the world s highest mountain Combining fresh and contemporary illustrations by Joe Todd Stanton with Alexandra Stewart s captivating writing this unique narrative tells the story of how Edmund Hillary and Tenzing Norgay made their mark on the world from birth right up to their final days and the impact they ve had on Nepal today Reaching the Summit of Mount Everest Charles River Charles River Editors,2018-01-19 Includes pictures Covers the attempts to climb Everest from the 19th century to today Includes accounts written by George Mallory Edmund Hillary and more Includes a bibliography for further reading Because it s there George Mallory s alleged response to the question of why he wanted to scale Mount Everest While on top of Everest I looked across the valley towards the great peak Makalu and mentally worked out a route about how it could be climbed It showed me that even though I was standing on top of the world it wasn t the end of everything I was still looking beyond to other interesting challenges Sir Edmund Hillary People have been climbing as long as they ve existed and for those who relish the challenge nothing can top Mount Everest the tallest mountain on the planet at over 29 000 feet As Sir Edmund Hillary put it It is not the mountain we conquer but ourselves Elaborating on that he also asserted I think I mainly climb mountains because I get a great deal of enjoyment out of it I never attempt to analyze these things too thoroughly but I think that all mountaineers do get a great deal of

satisfaction out of overcoming some challenge which they think is very difficult for them or which perhaps may be a little dangerous I think that the fact that something has a spice of danger about it can often add to its attraction and to its fascination Of course the sheer size of the mountain and its location in Asia all but precluded Westerners from even making such attempts before India became a colonial possession of the British Once that was accomplished however scientists and explorers were able to report back in depth about the Himalayas and the biggest giant of them all From that point forward the race was on for those who aspired to climb Mount Everest and several of these men have gone down in history not just for their accomplishments but for their controversies One of the earliest and most famous mountaineers to begin climbing Everest was George Mallory who made several expeditions in the early 1920s in an attempt to reach the summit While there is still a lingering debate over whether he actually succeeded in 1924 the goal of being the first documented individual to reach the peak continued until Sir Edmund Hillary's ascent of Everest in 1953 Naturally even after that people have continued to take on one of the most extreme challenges the world has to offer In fact climbing Mount Everest has become enough of a business that even those with no climbing experience can pay to make an attempt to summit with experienced guides Given how treacherous the climb is this has been frequently criticized including by Hillary himself and as recently as April 2014 16 Sherpa guides were killed on the mountain by an avalanche but interest in Everest remains as high as ever

Reaching the Summit of Mount Everest The History of the Famous Expeditions Attempting to Climb the World's Tallest Mountain describes the mountain and the early attempts to reach the top before Hillary's successful climb Along with pictures of important people places and events you will learn about the Essex like never before in no time at all
