Sista Tongue:

Sista Tongue Lisa Linn Kanae, 2001 Poetry Asian Studies Kanae's first book SISTA TONGUE is about her first love language. It's a brief social history of Pidgin English in Hawaii intertwined with a personal story about a little brother who was a late talker and was stigmatized for it. Within its pages Kanae has created what she calls a collage of poetry and prose layered and patchworked in a way as to entice and require the reader's careful attention especially as presented by graphic designer Kristin Kaelinani Gonzales. Wanda A. Adams Gannett News Service Kanae's work can be found in BAMBOO RIDGE, HYBOLICS and TINFISH. She is currently an English lecturer at Kapiolani Community College and serves as an editorial assistant for OIWI A NATIVE HAWAIIAN JOURNAL. Saddlestapled chapbook [Race in American Literature and Culture](#)

John Ernest, 2022-06-16 The book shows how American racial history and culture have shaped and been shaped in turn by American literature. **Deliver Me From My Enemies** Sharon Oliver, 2012-09-18 Charlotte Morley's visit with her grandparents is about to wind down but not before she starts receiving a series of letters from her aunt who is in prison for murder and ready to tell it all. Helping her sift through the startling letters is Hiawatha, an old childhood buddy and the son of the wisecracking Sista Jones. Before long Charlotte discovers a few skeletons in the family's closet and learns that sometimes dead men do tell tales. Follow Charlotte as she along with a host of family and friends works through zany situations, shattering revelations and searching for forgiveness. How can a book filled with sad social issues be so hilariously entertaining? Simple. Such is life. And such is the power of God's mercy and grace to get through. **Du Bois's Telegram**

Juliana Spahr, 2018-10-23 Taking her cue from W. E. B. Du Bois, Juliana Spahr explores how state interests have shaped U.S. literature. What is the relationship between literature and politics? Can writing be revolutionary? Can art be autonomous or is escape from nations and nationalisms impossible? As her sobering study affirms, aesthetic resistance is easily domesticated.

East Main Street Shilpa Dave, LeiLani Nishime, Tasha Oren, 2005-05 From henna tattoo kits available at your local mall to of faux Asian fashion, housewares and fusion cuisine from the new visibility of Asian film, music, video games and anime to the current popularity of martial arts motifs in hip hop, Asian influences have thoroughly saturated the U.S. cultural landscape and have now become an integral part of the vernacular of popular culture. **The Extraordinary Book of Native**

Beyond the Borders

Deborah L. Madsen,2003-08-20 This book challenges the boundaries of postcolonial theory Focusing on American literature it examines how America s own imperial history has shaped the literature that has emerged from America from Native American Latino Black and Asian American writers They contrast this with postcolonial literature from countries whose history has been shaped by American colonialism from Canada Central America and the Caribbean to Hawaii Indonesia and Vietnam It explores questions about national identity and multiculturalism why for instance is a Native writer categorised within American literature if writing on one side of the border but as Canadian and postcolonial if writing on the other This is a challenging collection that raises questions not only about the boundaries of postcolonial theory but also about ethnicity and multiculturalism and the impact of immigration and assimilation

Why Indigenous Literatures Matter Daniel Heath Justice, 2018-03-08 Part survey of the field of Indigenous literary studies part cultural history and part literary polemic Why Indigenous Literatures Matter asserts the vital significance of literary expression to the political creative and intellectual efforts of Indigenous peoples today In considering the connections between literature and lived experience this book contemplates four key questions at the heart of Indigenous kinship traditions How do we learn to be human How do we become good relatives How do we become good ancestors How do we learn to live together Blending personal narrative and broader historical and cultural analysis with close readings of key creative and critical texts Justice argues that Indigenous writers engage with these questions in part to challenge settler colonial policies and practices that have targeted Indigenous connections to land history family and self More importantly Indigenous writers imaginatively engage the many ways that communities and individuals have sought to nurture these relationships and project them into the future This provocative volume challenges readers to critically consider and rethink their assumptions about Indigenous literature history and politics while never forgetting the emotional connections of our shared humanity and the power of story to effect personal and social change Written with a generalist reader firmly in mind but addressing issues of interest to specialists in the field this book welcomes new audiences to Indigenous literary studies while offering more seasoned readers a renewed appreciation for these transformative literary traditions
