Six Theosophic Points And The Clavis:

Six Theosophic Points and the Clavis Jacob Boehme, 2014-03-29 This Is A New Release Of The Original 1850 Edition

On Behalf of the Mystical Fool John P. Dourley, 2009-09-30 Jung's explanation of the religious tendency of the psyche addresses many sides of the contemporary debate on religion and the role that it has in individual and social life This book discusses the emergence of a new mythic consciousness and details ways in which this consciousness supersedes traditional concepts of religion to provide a spirituality of more universal inclusion On Behalf of the Mystical Fool examines Jung's critique of traditional western religion demonstrating the negative consequences of religious and political collective unconsciousness and their consequent social irresponsibility in today's culture The book concludes by suggesting that a new religiosity and spirituality is currently emerging in the West based on the individual's access to the sense of ultimacy residual in the psyche and seeking expression in a myth of a much wider compass This book will be of interest to scholars and students at all levels who are engaged in the expanding field of Jungian studies It will also be key reading for anyone interested in the theoretical and therapeutic connections between the psyche and religious experience

Mysticism Evelyn Underhill, 2018-11-01 Mysticism is one of most celebrated books on the subject The spirit of the book is romantic engaged and theoretical rather than historical or scientific Underhill has little use for theoretical explanations and the traditional religious experience formal classifications or analysis She dismisses William James pioneering study *The Varieties of Religious Experience* 1902 and his four marks of the mystic state ineffability noetic quality transcendence and passivity Excerpt All men at one time or another have fallen in love with the veiled Isis whom they call Truth With most this has been a passing passion they have early seen its hopelessness and turned to more practical things But others remain all their lives the devout lovers of reality though the manner of their love the vision which they make to themselves of the beloved object varies enormously Some see Truth as Dante saw Beatrice an adorable yet intangible figure found in this world yet revealing the next

Jung and his Mystics John P. Dourley, 2014-04-03 Jung's psychology describes the origin of the Gods and their religions in terms of the impact of archetypal powers on consciousness For Jung this impact is the basis of the numinous the experience of the divine in nature and in human nature His psychology while possessed of a certain claim to science is based on depths of subjective experience which transcends psychology and science as ordinarily understood Jung and his Mystics In the end it all comes to nothing examines the mythic nature of Jung's psychology and thought and demonstrates the influence of mysticism and certain religious thinkers in formulating his own work John P Dourley explores the influence of Mechthild of Magdeburg and fellow mystics Beguines and traces the mystic impulse and its expression through Meister Eckhart and Jacob Boehme to Hegel in the nineteenth century All of these mystics were of the apophatic school and understood the culmination of their experience to lie in an identity with divinity in a nothingness beyond all form formal expression or immediate activity Dourley shows how this is still of relevance in our lives today The book concludes that Jung's understanding of mysticism

could greatly alleviate the conflict between faiths religious or political by drawing attention to their common origin in the depths of the human Jung and his Mystics In the end it all comes to nothing is aimed at scholars and senior research students in Jungian Studies including religionists theologians and philosophers of religion especially those with an interest in mysticism It will also be essential reading for those interested in the connection between religious and psychological experience *Encyclopedia of German Literature* Matthias Konzett,2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings **Paul Tillich, Carl Jung and the Recovery of Religion** John P. Dourley,2008-06-30 Is religion a positive reality in your life If not have you lost anything by forfeiting this dimension of your humanity This book compares the theology of Tillich with the psychology of Jung arguing that they were both concerned with the recovery of a valid religious sense for contemporary culture Paul Tillich Carl Jung and the Recovery of Religion explores in detail the diminution of the human spirit through the loss of its contact with its native religious depths a problem on which both spent much of their working lives and energies Both Tillich and Jung work with a naturalism that grounds all religion on processes native to the human being Tillich does this in his efforts to recover that point at which divinity and humanity coincide and from which they differentiate Jung does this by identifying the archetypal unconscious as the source of all religions now working toward a religious sentiment of more universal sympathy This book identifies the dependence of both on German mysticism as a common ancestry and concludes with a reflection on how their joint perspective might affect religious education and the relation of religion to science and technology Throughout the book John Dourley looks back to the roots of both men s ideas about mediaeval theology and Christian mysticism making it ideal reading for analysts and academics in the fields of Jungian and religious studies *The Protestant Theological and Ecclesiastical Encyclopedia* Johann Jakob Herzog,2025-08-29 Reprint of the original first published in 1858 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *Jacob Boehme's Songs of Enlightenment* Jonathan Cloud,2023-10-04 Jacob Boehme s Songs of Enlightenment unfolds the mystical heart of God s wisdom and love hidden away for four hundred years in Jacob Boehme s Aurora The Signature of All Things and all of his works Come and eat illuminated waybread for your soul Here drink pure wine to refresh and enkindle your weary spirit There is no longer any need for you to remain famished

McCullough,2025-04-14 Jacob Boehme 1574 1624 was a wildly creative mystical writer whose extraordinary revelations of

God the soul and the universe have been consigned to obscurity In this original book Glenn J McCullough argues that Boehme is the ultimate source of a key modern movement psychotherapy Bringing clarity to Boehme s revelations McCullough shows how he anticipates the pioneering concepts of Sigmund Freud and C G Jung including their ideas of the unconscious mind and its remarkable potentials At the centre of Boehme s thought is the figure of Sophia divine Wisdom and her seven drives which guide the soul on a journey of expanded awareness and rebirth While Boehme has been dismissed as an esoteric outsider McCullough situates him in the mainstream Western tradition of Augustine and Luther while highlighting his unique approach to the ecstatic dream world of Wisdom The Protestant Theological and Ecclesiastical Encyclopedia John Henry Augustus Bomberger,1860 **The Heterodox Hegel** Cyril O'Regan,1994-09-20 **Gnostic Apocalypse** Cyril O'Regan,2012-02-01 Jacob Boehme the seventeenth century German speculative mystic influenced the philosophers Hegel and Schelling and both English and German Romantics alike with his visionary thought Gnostic Apocalypse focuses on the way Boehme s thought repeats and surpasses post reformation Lutheran thinking deploys and subverts the commitments of medieval mysticism realizes the speculative thrust of Renaissance alchemy is open to esoteric discourses such as the Kabbalah and articulates a dynamic metaphysics This book critically assesses the striking claim made in the nineteenth century that Boehme s visionary discourse represents within the confines of specifically Protestant thought nothing less than the return of ancient Gnosis Although the grounds adduced on behalf of the Gnostic return claim in the nineteenth century are dismissed as questionable O Regan shows that the fundamental intuition is correct Boehme s visionary discourse does represent a return of Gnosticism in the modern period and in this lies its fundamental claim to our contemporary philosophical theological and literary attention **A Shamanic Herbal** Matthew Wood,2024-07-02 Explores the alphabet of Nature personified in animals and the spiritual lessons of animal medicines animals personified in plants including Turtle Bear Deer Wolf Alligator and Horse Medicine teachings Shares profound experiences from the author s long career as an herbalist and his first years growing up on a remote Seminole reservation in the Everglades Offers shamanic adventures interwoven with comparisons to the psychology of Freud and Jung the visions of Castaneda and the occult teachings of Steiner and Gurdjieff Sharing profound experiences from his long career as well as his first years growing up on a remote Seminole reservation in the Everglades renowned herbalist Matthew Wood interweaves practical herbalism and the spiritual potency of Nature to deeply explore the plant teachers animal medicines and foundational principles of shamanism as a spiritual path Wood describes a universal language of the shamans based on direct sometimes supernatural experiences as well as case studies from his practice He examines the alphabet of Nature and spiritual lessons personified in animals and plants especially animal medicines when the plant looks like an animal He shares accounts of Turtle Medicine plants for self examination Bear Medicine plants to open the imagination and Wolf Medicine plants for wholeness and magic He explores the plants of Alligator Medicine for healthful prosperity Horse Medicine plants to bring the conscious self in harmony with

Wolfson,2019-10-01 While many scholars have noted Martin Heidegger s indebtedness to Christian mystical sources as well as his affinity with Taoism and Buddhism Elliot R Wolfson expands connections between Heidegger s thought and kabbalistic material By arguing that the Jewish esoteric tradition impacted Heidegger Wolfson presents an alternative way of understanding the history of Western philosophy Wolfson s comparison between Heidegger and kabbalah sheds light on key concepts such as hermeneutics temporality language and being and nothingness while yielding surprising reflections on their common philosophical ground Given Heidegger s involvement with National Socialism and his use of antisemitic language these innovative readings are all the more remarkable for their juxtaposition of incongruent fields of discourse Wolfson s entanglement with Heidegger and kabbalah not only enhances understandings of both but more profoundly serves as an ethical corrective to their respective ethnocentrism and essentialism Wolfson masterfully illustrates the redemptive capacity of thought to illuminate common ground in seemingly disparate philosophical traditions **Radix Naturalis** Craig Cramm,2020-10-30 The substance of this present work is liberation semiology The world s own principle is love agape Our fellow creatures are co symbols of emancipation from human violence Creation is not as influential modern thinkers envision mere material mere nature to commodify and dominate for the freedom of an exclusive constituency of our species The ecological crisis emerges from a tragic misfit between experiments with secular sovereignty and the continuance of Christian historicity Either the Christian form of life of time is replaced revealing a new ecological worldview or we revive Christian sovereignty as a creative fit with the actuality of Christian historicity This work wagers on the latter Christian civilization is coextensive with ecological civilization [The New Cambridge Bibliography of English Literature: Volume 2, 1660-1800](#) George Watson,Ian R. Willison,1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries
