The Acts Of Our Being A Reflection On Agency And Responsibility

David Shoemaker, Neal Tognazzini

The Acts Of Our Being A Reflection On Agency And Responsibility:

The Acts of Our Being Edward Pols, 1982 **The Mystery and Agency of God** Frank G. Kirkpatrick, 2014 There are two philosophical commitments requisite to Christian belief that God is the ultimate mystery and that God is present and active in the world Attempting to avoid the trappings of a radical distantiation and the immanent collapse of God and world Frank Kirkpatrick argues for a theory of agency and action that preserves the mystery of God while providing a philosophically robust account of divine action in created time and space Kirkpatrick proposes a way around the stalemates that have stymied thought on divine agency and enters into conversation with significant figures in systematic theology **Beyond Postmodernism** Klaus Stierstorfer, 2012-05-02 After the veritable hype concerning postmodernism in the 1980s and early 1990s when questions about when it began what it means and which texts it comprises were apt to trigger heated discussions the excitement has notably cooled down at the turn of the century Voices are now beginning to be heard which seem to suggest a new episteme in the making which points beyond postmodernism while it remains at the same time very uncertain whether what appears as newness is not rather a return to traditional concepts theoretical premises and authorial practices Contributors to this volume propose to explore new openings and recent developments in anglophone literatures and cultural theories which engage with issues seen to be central in the construction of a postmodern paradigm but deal with them in ways that promise new openings or a new Zeitgeist Oxford Studies in Agency and Responsibility David Shoemaker, 2015-09-17 Oxford Studies in Agency and Responsibility is a series of volumes presenting outstanding new work on a set of connected themes investigating such questions as What does it mean to be an agent What is the nature of moral responsibility Of criminal responsibility What is the relation between moral and criminal responsibility if any What is the relation between responsibility and the metaphysical issues of determinism and free will What do various psychological disorders tell us about agency and responsibility How do moral agents develop How does this developmental story bear on questions about the nature of moral judgment and responsibility What do the results from neuroscience imply if anything for our questions about agency and responsibility OSAR thus straddles the areas of moral philosophy and philosophy of action but also draws from a diverse range of cross disciplinary sources including moral psychology psychology proper including experimental and developmental philosophy of psychology philosophy of law legal theory metaphysics neuroscience neuroethics political philosophy and more It is unified by its focus on who we are as deliberators and inter actors embodied practical agents negotiating sometimes unsuccessfully a world of moral and legal norms *Oxford Studies in Agency and Responsibility Volume 5* D. Justin Coates, Neal A. Tognazzini, 2019-01-31 Oxford Studies in Agency and Responsibility is a series of volumes presenting outstanding new work on a set of connected themes investigating such questions as What does it mean to be an agent What is the nature of moral responsibility Of criminal responsibility What is the relation between moral and criminal responsibility if any What is the relation between responsibility and the metaphysical issues of

determinism and free will What do various psychological disorders tell us about agency and responsibility How do moral agents develop How does this developmental story bear on questions about the nature of moral judgment and responsibility What do the results from neuroscience imply if anything for our questions about agency and responsibility No one has written more insightfully on the promises and perils of human agency than Gary Watson who has spent a career thinking about issues such as moral responsibility blame free will weakness of will addiction and psychopathy This special edition of OSAR pays tribute to Watson's work by taking up and extending themes from his pioneering essays Oxford Studies in Agency and Responsibility, Volume 2 David Shoemaker, Neal Tognazzini, 2014-12-04 Oxford Studies in Agency and Responsibility is a series of volumes presenting outstanding new work on a set of connected themes in moral philosophy and philosophy of action This special volume in the series presents ten new papers marking the fiftieth anniversary of P F Strawson's landmark essay Freedom and Resentment Some of the papers offer critical interpretation of Strawson's essay some expand on his insights into the nature of interpersonal relationships and some develop his overall themes in new and challenging directions Agency and Responsibility Jeanette Kennett, 2003 Is it ever possible for people to act freely and intentionally against their better judgement Is it ever possible to act in opposition to one's strongest desire If either of these questions are answered in the negative the common sense distinctions between recklessness weakness of will and compulsion collapse This would threaten our ordinary notion of self control and undermine our practice of holding each other responsible for moral failure So a clear and plausible account of how weakness of will and self control are possible is of great practical significance Taking the problem of weakness of will as her starting point Jeanette Kennett builds an admirably comprehensive and integrated account of moral agency which gives a central place to the capacity for self control Her account of the exercise and limits of self control vindicates the common sense distinction between weakness of will and compulsion and so underwrites our ordinary allocations of moral responsibility She addresses with clarity and insight a range of important topics in moral psychology such as the nature of valuing and desiring conceptions of virtue moral conflict and the varieties of recklessness here characterised as culpable bad judgement and does so in terms which make their relations to each other and to the challenges of real life obvious Agency and Responsibility concludes by testing the accounts developed of self control moral failure and moral responsibility against the hard cases provided by acts of extreme evil
