The Adversaries:

The Adversaries Michael Balfour, 2022-12-28 *The Adversaries* 1981 examines the post war world that both the US and the Soviet Union tried to mould in their own images Their faith in their respective systems came at the cost of a political economic and military clashing in various parts of the world an antagonism that rendered the United Nations ineffective as an organ of world government This book analyses these clashes as the foreign policy decisions of both superpowers had wide ranging effects over large portions of the globe

The Adversaries David Hair, 2016-12-01 From the floodlit TV studios of Mumbai to the glittering Rajput courts Vikram Amanjit Deepika and Ras must battle the sorcerer king Ravindra his power is growing and so is his evil reach The second in award winning author David Hair's series *The Return of Ravana* Mumbai 2010 Everyone's talking about *Swayamvara* Live the TV reality show recreating the ages old custom where young men compete for the hand of a noble bride In this case the bride is Bollywood stunner Sunita Ashoka who is pledged to marry the man who wins the on screen contest For Vikram Khandavani it's a chance to draw out his nemesis Ravindra the reincarnated sorcerer king but he's taking a deadly gamble Delhi 1175 King Prithviraj Chauhan is about to storm the *swayamvara* of the beautiful Sanyogita but he's not the only one fixated on the bride to be Ravindra Raj is coming too and he's riding at the side of a fierce invader Only Chand Bardai in another life known as Aram Dhoop the Poet of Mandore stands between Ravindra and all the thrones of India David Hair hasn't just broken the mould He's completely shattered it *Bibliosanctum on The Pyre*

The Adversaries William L. Rivers, 1971

The Adversaries Ned Ryun, 2021 Boston September 1774 It is the beginning of the confrontation that changes the course of history for England and for America The tension between the colonies and Britain has reached a breaking point The British are determined to tighten their grip on the colonies but have underestimated the resolve of their subjects in Boston who refuse to bend the knee From the salons of London where English elites plot the crushing of the colonies to the halls of Philadelphia where firebrands challenge the British resolve to the backstreets of Boston where men who once called each other brothers in arms now plot against and fight each other for the Crown or for liberty this is the compelling story of the nine months that transformed the world In *The Adversaries* the men and women who packed the powder keg and lit the fuse to the revolution that transformed distant colonies into a beacon of liberty come to life on the streets of London Boston and Charlestown in a compelling and dramatic narrative of tested loyalties and fateful meetings But even more this story is a reminder of what occurs when leaders abandon eternal principles and the rule of law for avarice and power and how a free people tells its government it will not allow its freedoms to be abused any longer This is the story of Dr Joseph Warren and his American comrades who with inspiring courage and heartbreaking sacrifice spark the greatest endeavor in human history the founding of the free American Republic

The Universal Adversary Mark Neocleous, 2016-02-12 The history of bourgeois modernity is a history of the Enemy This book is a radical exploration of an Enemy that has recently emerged from within security documents released by the US security state the *Universal Adversary*

The Universal Adversary is now central to emergency planning in general and more specifically to security preparations for future attacks But an attack from who or what This book the first to appear on the topic shows how the concept of the Universal Adversary draws on several key figures in the history of ideas said to pose a threat to state power and capital accumulation Within the Universal Adversary there lies the problem not just of the terrorist but more generally of the subversive and what the emergency planning documents refer to as the disgruntled worker This reference reveals the conjoined power of the contemporary mobilisation of security and the defence of capital But it also reveals much more Taking the figure of the disgruntled worker as its starting point the book introduces some of this worker s close cousins figures often regarded not simply as a threat to security and capital but as nothing less than the Enemy of all Mankind the Zombie the Devil and the Pirate In situating these figures of enmity within debates about security and capital the book engages an extraordinary variety of issues that now comprise a contemporary politics of security From crowd control to contagion from the witch hunt to the apocalypse from pigs to intellectual property this book provides a compelling analysis of the ways in which security and capital are organized against nothing less than the Enemies of all Mankind

Knowing the Adversary Keren Yarhi-Milo, 2014-07-21 States are more likely to engage in risky and destabilizing actions such as military buildups and preemptive strikes if they believe their adversaries pose a tangible threat Yet despite the crucial importance of this issue we don t know enough about how states and their leaders draw inferences about their adversaries long term intentions Knowing the Adversary draws on a wealth of historical archival evidence to shed new light on how world leaders and intelligence organizations actually make these assessments Keren Yarhi Milo examines three cases Britain s assessments of Nazi Germany s intentions in the 1930s America s assessments of the Soviet Union s intentions during the Carter administration and the Reagan administration s assessments of Soviet intentions near the end of the Cold War She advances a new theoretical framework called selective attention that emphasizes organizational dynamics personal diplomatic interactions and cognitive and affective factors Yarhi Milo finds that decision makers don t pay as much attention to those aspects of state behavior that major theories of international politics claim they do Instead they tend to determine the intentions of adversaries on the basis of preexisting beliefs theories and personal impressions Yarhi Milo also shows how intelligence organizations rely on very different indicators than decision makers focusing more on changes in the military capabilities of adversaries Knowing the Adversary provides a clearer picture of the historical validity of existing theories and broadens our understanding of the important role that diplomacy plays in international security

Scripture Account of the Faith and Practice of Christians Hugh Gaston, 1834 *The Laws and Principles of Whist stated and explained ... Fifth edition of "The Principles of Whist"*, 1864 *Pretrial Discovery and the Adversary System*

William A. Glaser, 1968-12-31 Presents the results of the first national field survey of how lawyers use pretrial discovery in practice Pretrial discovery is a complex set of rules and practices through which the adversaries in a civil dispute are literally allowed to discover the facts and legal arguments their opponents plan to use in the trial with the purpose of improving the speed and quality of justice by reducing the element of trickery and surprise Dr Glaser examines the uses problems and advantages of discovery He concludes that it is in wide use in federal civil cases but that while the procedure has produced more information in some areas it has failed to bring other improvements favored by its original authors
