The Age of Metternich, 1814-1848 Arthur James May, 1963 Age Of Metternich, 1814-1848 A.J. May, 2000 **The Age of Metternich, 1814-1848. Revised Edition** Arthur James MAY, 1963 CliffsNotes AP European History Cram Plan Malcolm Mafi, 2017-11-14 This new edition of CliffsNotes AP European History Cram Plan calendarizes a study plan for AP European History test takers depending on how much time they have left before they take the May exam **Metternich's Diplomacy at its Zenith, 1820-1823** Paul W. Schroeder, 2014-05-23 What Metternich wanted at the peak of his career why he wanted it and the methods by which he achieved his goals are questions brilliantly answered in this survey and analysis of the Austrian chancellor's diplomacy during the period when he was the pre eminent figure in European politics Metternich's single minded objective during 1820 1823 was to preserve the Austrian hegemony he had gained in Central Europe after long wars enormous effort and great sacrifice If the internal security and international power position secured by Austria at the Congress of Vienna were to be defended against the impact of widespread revolution in Europe it was imperative that peace in Europe and the status quo be maintained This required an unyielding opposition to all political movements that might disturb the equilibrium especially French chauvinism and the spread of French constitutional ideas A one man distillate of the doctrine of absolute monarchy Metternich was the relentless foe of any cause just or unjust that threatened European repose Hence when the revolution in Naples seriously menaced Austrian hegemony in Italy Metternich determined that the constitutional regime in Naples must be overthrown by an Austrian armed force an absolute monarchy restored and an Austrian army of occupation kept there Nor did he scruple to use duplicity secret negotiation trickery or deceit against ally and adversary alike in his effort to enlist them in the common cause of all thrones At the Congress of Troppau Metternich succeeded not only in defeating Russian ideas for peaceful intervention and a moderate constitution at Naples but also in converting Tsar Alexander to thoroughly conservative views thereby making Russia a powerful supporter of Austrian policies and knowingly alienating England formerly Austria's closest ally Paul W Schroeder brings to this book exceptional scholarship and an objectivity hard to attain when dealing with a personality Although Metternich as Schroeder sees him doubtless helped to maintain European peace and order his real greatness consisted not in his European principles but in his ability to defend Austrian interests under the guise of European principles The evidence gathered from documentary material in the Haus Hof und Staatsarchiv in Vienna has forced the author to the conclusion that Metternich was no real statesman The very qualities that distinguished him as a brilliant diplomat keen vision cogent analysis fertility of expedients farsightedness flexibility and firmness of purpose were converted into those of blindness to reality superficial analysis sterility of expedients dogmatism and failure of will when confronted with fundamental problems of state and society *The Four Horsemen* Richard Stites, 2014-04 The Four Horsemen narrates the history of revolution in Spain Naples Greece and Russia in the 1820s connecting the social movements and activities on the ground in the inimitable voice of a renowned historian

Metternich's Europe Mack Walker, 1968-06-18 *Palmerston and Metternich's Austria, 1830–1841* Jiří

Vyčichlo, 2025-03-03 This book aims to analyze the international policies of Viscount Palmerston and Prince Metternich during the years 1830–1841. The focus of this work is on the pivotal role of British diplomacy in Europe during a period marked by the outbreak of the July Revolution, the dissolution of the United Kingdom of the Netherlands, the November Uprising, significant events in the German Confederation and the Papal States, as well as the civil wars in Portugal and Spain and the two Egyptian–Ottoman wars. The clash between Palmerston and Metternich stands out. Both men were at the forefront of European foreign relations and were symbols of two different political currents. This work aims to challenge the traditional view of Palmerston as a progressive statesman who defended the freedom of European liberalism and Metternich as a reactionary who opposed social modernization. The text highlights the motives behind British foreign policy, which were centred on promoting national interests, often at the expense of cooperation among the Great Powers, in contrast to the Austrian Chancellor's efforts to foster the best possible relations within the Concert of Europe. *The Second Hundred Years War, 1689–1815* Arthur Howland Buffinton, 1929 *The Longman Companion to European Nationalism 1789–1920* Raymond Pearson, 2014-09-25 A highly topical analysis of European Nationalism from the French Revolution through to the aftermath of the First World War, when the nationalist issues and problems that dominate the political landscape of our own time were already fully established. Covering an enormous range of peoples from the Icelanders to the Gypsies, from Brittany to Wallachia, the book presents a wealth of historical geopolitical information unavailable elsewhere. Essential as a reference work, it also provides a unique opportunity to survey systematically a crucial but fragmented subject in its full European context. For historians, political scientists, departments of European studies and general readers.
