The Age Of The Bureaucracy

Jessica Lipnack, Jeffrey Stamps

The Age Of The Bureaucracy:

The Age of the Network Jessica Lipnack, Jeffrey Stamps, 1994 The Age of the Network offers leaders managers and teams a new practical view of how to think about their companies and reinvent them without losing the value and knowledge that s embedded in their current organization The Age of the Network delivers a rich array of advice and insights for starting the vital process of creating a networked enterprise Lipnack and Stamps show managers how to focus on five essential team net networks of teams principles which include establishing a clear purpose and creating communication links Next they offer a guided tour describing how organizations can turn these principles into practice and evaluate their real potential for creating a networked organization *The Vocation Lectures* Max Weber, David S. Owen, 2004-03-12 Originally published separately Weber s Science as a Vocation and Politics as a Vocation stand as the classic formulations of his positions on two related subjects that go to the heart of his thought the nature and status of science and its claims to authority and the nature and status of political claims and the ultimate justification for such claims Together in this volume these newly translated lectures offer an ideal point of entry into Weber s central project understanding how as Weber put it in the West alone there have appeared cultural manifestations that seem to go in the direction of universal significance and validity **Global Encyclopedia of Public Administration, Public Policy, and Governance** Ali Farazmand, 2023-04-05 This global encyclopedic work serves as a comprehensive collection of global scholarship regarding the vast fields of public administration public policy governance and management Written and edited by leading international scholars and practitioners this exhaustive resource covers all areas of the above fields and their numerous subfields of study In keeping with the multidisciplinary spirit of these fields and subfields the entries make use of various theoretical empirical analytical practical and methodological bases of knowledge Expanded and updated the second edition includes over a thousand of new entries representing the most current research in public administration public policy governance nonprofit and nongovernmental organizations and management covering such important sub areas as 1 organization theory behavior change and development 2 administrative theory and practice 3 Bureaucracy 4 public budgeting and financial management 5 public economy and public management 6 public personnel administration and labor management relations 7 crisis and emergency management 8 institutional theory and public administration 9 law and regulations 10 ethics and accountability 11 public governance and private governance 12 Nonprofit management and nongovernmental organizations 13 Social health and environmental policy areas 14 pandemic and crisis management 15 administrative and governance reforms 16 comparative public administration and governance 17 globalization and international issues 18 performance management 19 geographical areas of the world with country focused entries like Japan China Latin America Europe Asia Africa the Middle East Russia and Eastern Europe North America and 20 a lot more Relevant to professionals experts scholars general readers researchers policy makers and manger and students worldwide this work will serve as the most viable global reference

source for those looking for an introduction and advance knowledge to the field **Amakudari** Richard A. Colignon, Chikako Usui, 2018-07-05 The widespread migration of civil servants to high profile positions in the private and public sectors is known in Japan as amakudari or descent from heaven Recent media stories associate the practice with corruption as the former officials seek government favors for their new employers In their timely book Richard A Colignon and Chikako Usui offer the first systematic exploration of this influential yet poorly understood Japanese institution Colignon and Usui analyze amakudari as a ministry level phenomenon that is consciously constructed and reproduced with intricate networks in many political and corporate spheres Drawing on five decades of qualitative and quantitative data delineating the post retirement careers of leading bureaucrats they examine changes in traditional job patterns Although not as strong a force as in the 1960s and 1970s amakudari in their view remains a critical feature of Japanese society and heavily shapes the relationship between government and business The authors warn that despite the Japanese media criticism of amakudari it comprises a power structure resistant to radical change Most important their book demonstrates that a gradual weakening of this practice may not lead to a more democratic meritocratic society **Bureaucracy and Administration** Ali

Farazmand, 2009-06-23 Bureaucracy is an age old form of government that has survived since ancient times it has provided order and persisted with durability dependability and stability The popularity of the first edition of this book entitled Handbook of Bureaucracy is testimony to the endurance of bureaucratic institutions Reflecting the accelerated globalizatio

Discordia Malaclypse the Younger, Lord Omar Khayyam Ravenhurst, 2006-04-05 What s the right faith for those who clamor for spirituality but strain at the confines of organized religion Discordia described as a religion disguised as a joke disguised as a religion may be the answer Starting from the firm belief that it is a mistake to hold firm beliefs Discordia lays out a tongue in cheek plan for worshipping Eris the Greek goddess of discord Loads of laughter and paradox are key to keeping the faith as well as counter evangelism surrealist pranking and the presentation of absurd rewards to distinguished individuals Packaged in a trendy new edition Discordia brings an underground classic that has sowed chaos for 50 years to a new generation of neo pagans **From Words to Numbers** Roberto Franzosi, 2004-05-24 This book offers a a way to

analyze narrative data in socio historical research *Executive Politics in Times of Crisis* M. Lodge, K. Wegrich, 2012-05-11 Executive Politics in Times of Crisis brings together leading international scholars to consider key trends and challenges that have defined executive politics over the past decade It showcases key debates in executive politics and contributes to an understanding of the executive factor in political life **Cornelius Castoriadis** Suzi Adams, 2014-05-08 Cornelius

Castoriadis 1922 1997 was a Greek French thinker best known for his work on autonomy and human creation He was a political activist psychoanalyst philosopher political and social thinker and economist Recognised as a significant and original thinker of the twentieth century his work is receiving increased scholarly attention Notwithstanding the richness of his work Castoriadis s terminology can prove challenging to understand Cornelius Castoriadis Key Concepts is the first book of its kind

providing readers with a road map to the fundamentals of his thought International specialists in Castoriadis's works introduce and clarify the complexity of his thought through the elucidation of nineteen key concepts that are fundamental to understanding and grappling with his ideas Comprehensive and accessible the entries have been carefully selected to cover the most central aspects psychoanalysis sociology philosophy politics and periods of his thought **A History of Charisma**
J. Potts, 2009-09-04 This book traces the history of the word charisma and the various meanings assigned to it from its first century origins in Christian theology to its manifestations in twenty first century politics and culture while considering how much of the word's original religious meaning persists in the contemporary secular understanding
