*Esoteric Psychology Vol II* Alice A. Bailey, Djwhal Khul, 2012-08-01 Five volumes have been written under the overall title of *A Treatise on the Seven Rays* based on the fact that the nature, the quality, and the interrelationship of the seven streams of energy pervading our solar system, our planet, and all that lives and moves within its orbit. The first two volumes go extensively into the psychological make-up of a human being as the life quality and appearance of an incarnating, evolving spiritual entity. They also relate the circumstance of a human psychology to world conditions and to future possibilities.

*Esoteric Cosmology and Modern Physics* Bodo Balsys, 2020-03-04 This book endeavours to integrate the concepts gleaned through modern physics with those of the esotericist, hence with the lore derived from meditative penetration of high dimensions of perception. This incorporates the *n* and chakra system via which all phenomena is derived and of the nature of the projection of thought forms from the subjective domains to the phenomenal world. This book consequently endeavours to show how the laws discovered by physicists derive from those of the subjective universe. Many abstruse ideas therefore need

to be discussed which the scientifically minded are unaware as well as unfamiliar concepts for most religionists and philosophers Hopefully this syncretic approach will evoke many revelations in all these schools of thought Readers should not dismiss the ideas presented out of hand but rather should rationalise what is logically correct as a valid basis for further research and enquiry into the origin and nature of things

**Seven Essays on the Subject of Practical Occultism** Ernest Loomis, 1899 **The Esoteric**, 1888 *An Introduction to Spiritual Awareness* Clayten Tylor, 2025-09-26

This book is an introduction to spiritual awareness compiled from a collection of esoteric articles that formed the foundation of my other books on spirituality Each article acts as an introduction to an esoteric principle related to some natural law Whether it is an article about positive thinking the law of attraction manifesting love or cause and effect they each offer a practical interpretation of a metaphysical principle to make life more fulfilling Besides the esoteric articles this book offers a brief course on Western Numerology Esoteric Astrology and spiritual healing I have also included some of my favorite meditation techniques and relaxation exercises These little morsels of knowledge on relaxation lead us through the subconsciousness to the spiritual mind where all healing and wholeness takes place *Esoteric Astrology for the New Age, Vol 1: The Esoteric Foundations* Bodo Balsys, 2023-09-14 There is a vast amount of esoteric information to further present to the world s disciples In the field of astrology this is especially needed The information here is based upon Alice Bailey s Esoteric Astrology and extends this work with additional esoteric information This is in line with what I have already published in my former books and presents a line of esoteric reasoning that most students of this doctrine have yet to discover These astrological volumes are the foundation for many revelations to come This volume presents the basis to comprehending the vast reaches of this science For enlightened beings astrological knowledge is the lore of the universe and this astrology governs the manifestation of cosmic Law The evolution of humanity is a progression and so also the evolutionary attainment of Hierarchy Hierarchy must move with the times and offer disciples more advanced esoteric lore

and their higher scientific verities than was possible before This is one such presentation from the vast store of Hierarchical ken that hopefully many will gain succour from Death: The Great Adventure Alice A. Bailey, 2024-01-16 With widespread publicity concerning the near death experience many people are now searching for a deeper understanding of death and the process of dying Esoteric teachings on the subtle bodies and their interrelationship have much to offer to those pondering on and researching the mystery of death Resurrection is the keynote of nature death is not Death is only the ante chamber of resurrection There is a technique of dying just as there is a technique of living **The Esoteric Collections The Magical Keys of Solomon Book II** vashisht Vaid, 2013-10-19 This book of The Esoteric Collections Part II came to be in existence as the previous Part I could not contain all the esoteric articles which I wished to compile in that book so I decided to compile the remaining articles in this second book which happens to be the 12th book in the esoteric knowledge series written by me Although the science and technology has much advanced in the last few hundred years which all humanity of planet earth has willingly accepted with open arms the indwelling personality nature of the evolving human beings have continued their age old selfish nature based on prejudice due to their unwilling to give up age old beliefs and established orders which is unfortunately an attribute of so called false pride attachments and greed and which exists due to their polarization of evolving consciousness in the emotional plane of feelings and desires known as the Astral Plane Kama Manas **Life on other Planets** Dr. Douglas M. Baker, 2014-04-15 Life on other Planets Is there life and in particular human life out there in the universe Esoteric teachings affirm that life does indeed exist throughout the cosmos even within our own solar system on planets other than the Earth The author's metaphysics investigations together with his knowledge of the cutting edge of contemporary thought have uncovered fascinating details of the history of our planetary neighbours Life on the Moon reached fairly advanced levels of physical expression and evidence for this contention lies waiting to be discovered at deep subterranean levels A greater question mark exists over the possibility of complex life having been present on Mars The discovery of the remnants of microbial life on an ancient Martian meteorite will do little to resolve this quandary A few drops do not make a monsoon but they may foreshadow one This book is not science fiction There is a body of teaching on our planet very ancient and frequently tested termed the Gupta Vidya in India the Sibyl in ancient Rome the Kabbala Esoteric Buddhism the Ancient Wisdom of the Gnostics the Secret Doctrine of Theosophy etc which comments on the way in which nature and the cosmos unfolded Many descriptions of cosmogenesis flow as a common current through these teachings Because they are so often masked in mysticism in symbol and glyph in mythology and legend they are not easy to unravel Dr Baker in a brilliant way aided by images charts and tables presents these complex principles of Life in an easy to understand yet very detailed fashion Many scientific and esoteric references are quoted and several appendices are included which will help the reader through some sections of this work for which there are no simple analogies equivalents or colloquialisms available in the English language This book will change the way you think about life and the universe It will provide glimpses
