## **The Esoterism Of Dante Guenon Rene Works:**

**The Esoterism of Dante** René Guénon, 2001 René Guénon 1886-1951 is undoubtedly one of the luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of recent philosophies. His oeuvre of 26 volumes is providential for the modern seeker pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents at the same time it directs the reader to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization. In *The Esoterism of Dante* Guénon undertakes to establish that the three parts of *The Divine Comedy* represent a recital of the process of initiatic realization and testify to Dante's knowledge of traditional sciences that are unknown to the moderns: the science of numbers that of cosmic cycles and sacred astrology. In this work Guénon also touches on the all important question of medieval esoterism. In his work *Insights into Christian Esoterism* Guénon discusses the role of sacred languages and the principle of initiation in the Christian tradition as well as such esoteric Christian themes and organizations as the Holy Grail the Guardians of the Holy Land the Sacred Heart the *Fedeli d'Amore* and the Courts of Love and the Secret Language of Dante. The present book focuses more closely on the latter drawing parallels with Hermetic Rosicrucian and Masonic symbolism. *The Collected Works of René Guénon* brings together the writings of one of the greatest prophets of our time whose voice is even more important today than when he was alive. Huston Smith author of *The World's Religions* etc.      **Insights Into Christian Esoterism** René Guénon, 2001 The present volume discusses Christian initiation and various esoteric organizations with special reference to Dante as well as a study of St Bernard.      *The Esoterism of Dante* René Guénon, Henry Fohr, James Richard Wetmore, 2005-05 Especially since the Renaissance some in Western Christendom have suspected that the deeper dimension of their tradition has somehow been lost and have therefore sought to discover or create an esoteric or initiatic Christianity. In the middle of the nineteenth century two scholars Gabriele Rossetti and Eugène Aroux pointed to certain esoteric meanings in the work of Dante Alighieri notably *The Divine Comedy*. Partly based on their scholarship Guénon in 1925 published *The Esoterism of Dante*. From the theses of Rossetti and Aroux Guénon retains only those elements that prove the existence of such hidden meanings but he also makes clear that esoterism is not heresy and that a doctrine reserved for an elite can be superimposed on the teaching given the faithful without standing in opposition to it. One of René Guénon's lifelong quests was to discover or revive the esoteric initiatory dimension of the Christian tradition. In the present volume along with its companion volume *Insights into Christian Esoterism* which includes the separate study *Saint Bernard* Guénon undertakes to establish that the three parts of *The Divine Comedy* represent the stages of initiatic realization exploring the parallels between the symbolism of the *Commedia* and that of Freemasonry Rosicrucianism and Christian Hermeticism and illustrating Dante's knowledge of

traditional sciences unknown to the moderns the sciences of numbers of cosmic cycles and of sacred astrology In these works Gu non also touches on the all important question of medieval esoterism and discusses the role of sacred languages and the principle of initiation in the Christian tradition as well as such esoteric Christian themes and organizations as the Holy Grail the Guardians of the Holy Land the Sacred Heart the Fedeli d Amore and the Courts of Love and the Secret Language of Dante In addition to Dante various other paths toward a possible Christian esoterism have been explored by many investigators the legend of the Holy Grail the Knights Templars the tradition of Courtly Love Freemasonry Rosicrucianism and Christian Hermeticism and Gu non deals with all of these in the present volume as well as his Insights into Christian Esoterism In the latter one chapter in particular Christianity and Initiation will be of special interest with regard to the history of the Traditionalist School When first published as an article it gave rise to some controversy because Gu non here reaffirmed his denial of the efficacy of the Christian sacraments as rites of initiation a point of divergence between the teachings of Gu non and those of other key perennialist thinkers Both The Esoterism of Dante and Insights into Christian Esoterism will be of inestimable value to all who are struggling to come to terms with the fullness of the Christian tradition

**The Simple Life of René Guénon** Paul Chacornac, 2005-05-26 Ren Gu non 1886 1951 is undoubtedly one of the luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of recent philosophies His oeuvre of 26 volumes is providential for the modern seeker pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents at the same time it directs the reader to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization The present volume first published in 1958 by Gu non s friend and collaborator Paul Chacornac whose bookstore journal first called *Le Voile d Isis* later changed to *tudes Traditionnelles* and publishing venture *ditions Traditionnelles* were so instrumental in furthering Gu non s work was the first full length biography of this extraordinary man to appear and has served as the foundation for the many later biographies that have appeared in French as well as the lone biography in English *Ren Gu non and the Future of the West* by Robin Waterfield Its translation and publication in conjunction with *The Collected Works of Ren Gu non* represents an important step in the effort to bring Gu non s oeuvre before a wider public

**The Essential Rene Guenon** John Herlihy,2009-10-15 A prolific writer and author of over 24 books Rene Guenon was the founder of the Perennialist Traditionalist school of comparative religious thought Known for his discourses on the intellectual and spiritual bankruptcy of the modern world symbolism tradition and the inner or spiritual dimension of religion this book is a compilation of his most important writings A key component of his thought was the assertion that universal truths manifest themselves in various forms in the world s religions and his writings on Hinduism Taoism and Sufism are particularly illuminating in this regard

**Inferno Decoded** Michael Haag,2013-06-20 In this illuminating companion to Dan Brown s Inferno historian Michael Haag sets out the truth behind the novel s myths mysteries and locations How do the clues unveiled in symbology professor Robert Langdon s daring quest from Florence to Venice and Istanbul overlap with history What codes and symbols did Dante employ in the Divine Comedy and which secret religious philosophical and scientific themes are hidden within his work What lies behind Botticelli s Mappa dell Inferno And what are the cult scientists known as transhumanists really up to Inferno Decoded is a book that ranges as widely as Dan Brown s novel from the terrors of the Black Death to the scientific debates around population growth and prolonging of life spans and from the economic political and religious tumult in Florence at the dawn of the Renaissance to real life locations in Florence Venice and Istanbul today It is a must read for anyone who has read Inferno and wondered just how its enigmatic questions are real or relevant

*Rene Guenon and the Future of the West* Robin Waterfield,2005-03 Reni Guinon 1886 1951 is undoubtedly one of the luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of recent philosophies His oeuvre of 26 volumes is providential for the modern seeker pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents at the same time it directs the reader to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization This is the only biographical introduction to Guinon currently available in English Sophia Perennis will soon publish another biography The

Simple Life of Reni Guinon written shortly after Guinon s death by his close friend and publisher PaulChacornac After a lonely childhood often interrupted by ill health Guinon navigated the seductive half truths of occultism toward a deeper unified vision offering a way out from the confusion and fragmentation of our time Against the seemingly inexorable process of dissolution the twentieth century experienced Guinon pointed to the transcendent unity of all religious faiths and the abiding Truth that contains them all

**René Guénon and the Future of the West** Robin Everard Waterfield,2002 The first English language biography of the well known traditionalist metaphysican Ren Gu non including a separate section assessing the impact of his work in the Western world and an extensive annotated bibliography

**Dantean Dialogues** Maggie Kilgour,Elena Lombardi,2013-01-01 Dantean Dialogues is a collection of essays by some of the world s most outstanding Dante scholars These essays enter into conversation with the main themes of the scholarship of Amilcare Iannucci d 2007 one of the leading researchers on Dante of his generation and arguably Canada s finest scholar of the Italian poet The essays focus on the major themes of Iannucci s work including the development of Dante s early poetry Dante s relation to classical and biblical sources and Dante s reception The contributors cover crucial aspects of Dante s work from the authority of the New Life to the novelty of his early poetry to key episodes in the Comedy to the poem s afterlife Together the essays show how Iannucci s reading of central cruxes in Dante s texts continues to inspire Dante studies a testament to his continuing influence and profound intellectual legacy

Mixed Legal Systems, East and West Vernon Valentine Palmer,Mohamed Y. Mattar,2016-07-22 Advancing legal scholarship in the area of mixed legal systems as well as comparative law more generally this book expands the comparative study of the world s legal families to those of jurisdictions containing not only mixtures of common and civil law but also to those mixing Islamic and or traditional legal systems with those derived from common and or civil law traditions With contributions from leading experts in their fields the book takes us far beyond the usual focus of comparative law with analysis of a broad range of countries including relatively neglected and under researched areas The discussion is situated within the broader context of the ongoing development and evolution of mixed legal systems against the continuing tides of globalization on the one hand and on the other hand the emergence of Islamic governments in some parts of the Middle East the calls for a legal status for Islamic law in some European countries and the increasing focus on traditional and customary norms of governance in post colonial contexts This book will be an invaluable source for students and researchers working in the areas of comparative law legal pluralism the evolution of mixed legal systems and the impact of colonialism on contemporary legal systems It will also be an important resource for policy makers and analysts

**Studies in Freemasonry and the Compagnonnage** René Guénon,Rene Guenon,2004 Ren Gu non 1886 1951 was one of the great luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of intellectual fashion His extensive writings now finally available in English are a providential treasure trove for the modern seeker while pointing ceaselessly to the perennial wisdom found in past cultures ranging from

the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents they direct the reader also to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization Studies in Freemasonry and the Compagnonnage is both an attempt to rediscover the lost roots of Masonry and a fascinating look into the many controversies swirling around the subject of Masonry in serious intellectual circles during the first half of the twentieth century It must also be classed along with Symbols of Sacred Science Spiritual Authority and Temporal Power Traditional Forms and Cosmic Cycles The Esoterism of Dante Insights into Christian Esoterism and Insights into Islamic Esoterism and Taoism not to mention related sections in many of his other books as one of Ren Gu non s masterful excursions into esoteric myth symbolism and secret history Freemasonry may indeed be as Gu non ultimately concluded a largely degenerated and thus no longer strictly operative offshoot of a true initiatory lineage yet its symbolism like that of the original Rosicrucians remains profound traditional and therefore ultimately legitimate And given that the Spirit bloweth where it listeth it is always possible that symbolism of this order may awaken in a receptive soul intimations of the Truth and the Way which can be of inestimable of value in the path to the Path the quest for a living initiatory spirituality

**The Esoteric Path** Luc Benoist, 2005-03 Traditional esoterism though capable of the highest degree of elaboration is based on a few first principles Absolute Reality hierarchical manifestation the necessity for initiation the centrality of the spiritual Heart etc which can be stated simply In The Esoteric Path Luc Benoist does just this for the monumental writings of the great metaphysician Ren Gu non If ever there was a primer on traditional metaphysics and esoterism one that does not dumb down its subject but rather opens a door to profound spiritual depths waiting to be explored it is this book The first section deals in a general way with metaphysical principles their modes of transmission and the spiritual practices based upon them The second presents the central principles of such Eastern traditions as Hinduism Buddhism Taoism and Islam and also various forms of Western Esoterism including Eastern Orthodox Hesychasm Freemasonry Hermeticism the Templars Dante and the Fedeli d Amore Meister Eckhart and his school etc Far more than a bouquet of mystical teachings plucked from various sources designed to titillate the reader s spiritual sensibilities The Esoteric Path firmly situates that Path in its appropriate traditional context so that the seeker s first steps on the path to the Path will be firm and confident and point him or her in the right direction away from the time and soul consuming attractions of those paths that exhibit in the author s words the confusion between the spiritual and the psychic the identification of the spiritual with what is most inferior in the psyche the identification of religion with magic totemism and even sorcery the popular dissemination of pseudo or counter initiatic rituals A worthy companion to the biographical Ren Gu non and the Future of the West by Robin Waterfield and the Collected Works of Ren Gu non also published by Sophia Perennis The Esoteric Path will be of great value to scholars seekers and anyone searching for a clearer understanding of the

great spiritual traditions Luc Benoist is generally considered the most balanced and authentic exponent of Gu non s teaching I know of no work in which true scholarship is combined so well with conciseness and comprehensiveness Robin Waterfield

*Dante's Vita Nuova and the New Testament* William Franke, 2021-09-09 A vivid reimagining of the Vita nuova as a revolution in poetry and a revelation of divine destiny through love      The Esoteric Wagner Michael Besack, 2004 Wagner s Ring is one of the most complex dramatic creations of modern times and its stage presentation requires impossible resources It also demands an educated audience without which there is not much justification for a performance The tetralogy is full of difficult narratives and dialogues that make a prior in depth reading of the libretto a must It is not just a matter of figuring out the plot as in other operas but of exploring the many levels of meaning through which the Ring unfolds In addition the cycle incorporates esoteric themes that have seldom been discussed in connection with Wagner This background is unknown territory to most people and it is unrealistic to expect sudden enlightenment from the Ring s libretto alone Every classical journey deals with the promise of a homecoming and it is therefore not surprising that Wotan the main protagonist in the Ring eventually reemerges in the Land of the Grail where he is converted into Titur el by Wagner s poetic imagination Ernest Newman Wagner s quintessential biographer had already noted this odd development but did not pause long enough to consider the startling implications One should not look at Wagner in disconnected narrow ways The dismal level of today s intellectual discourse on Tragedy makes it impossible to do justice to the composer s apocalyptic vision In that context it is important to address the increasingly popular contention that Wagner was Hitler s spiritual father and that the Ring is a dangerous anti Semitic fantasy The Holocaust is indeed tragic but its reduction to a moral failure on the part of Germanic culture understates the metahistorical significance of what actually happened C J Jung once tried to tackle these issues directly in his study of the Wotan archetype 1936 but his analysis has since been buried under the weight of more detailed but less perceptive commentaries A vigorous reassessment is long overdue      **Insights Into Islamic Esoterism and Taoism** René Guénon, 2001 This small volume brings together a number of Gu non s early articles relating to Sufism tasawwuf or Islamic esoterism A later article Islamic Esoterism has also been included since it articulates so well the particularities of initiation in Islam by defining the fundamental elements of tasawwuf shari ah tariqah haqiqah The first constitutes the necessary fundamental exoteric basis the second the Way and its means the third the goal or final result In the other chapters Gu non expresses with his usual synthetic clarity what tawhid and faqr are and gives examples of traditional sciences relating angelology to the Arabic alphabet and chirolgy to the science of letters ilm al huruf A number of book and article reviews give further insights into Islamic cosmology Some may feel that the essay Taoism and Confucianism here included has little relevance to Sufism and Islam However such writers as Toshihiko Izutsu and Sachiko Murata have drawn many parallels between the two traditions Confucianism concentrating on social and interpersonal norms functions as a kind of shari ah in the context of Chinese religion while Taoism like Sufism is precisely the esoteric Way      **Prophet for a**

**Dark Age** Graham Rooth, 2008-03-14 Rene Guenon is a major figure for anyone who recognises a need to rediscover the spiritual roots from which Western society has become so comprehensively alienated Immersing himself in the search for spiritual truth he chose Islam as the vehicle for his spiritual life *The Divine Vision of Dante's Paradiso* William Franke, 2021-08-19 A bold study that reveals Dante's medieval vision of Scripture as theophany through pioneering use of contemporary theory and phenomenology *The Complete Introduction to Magic* Julius Evola, The UR Group, 2023-10-31 All three volumes of the occult classic available together as a deluxe boxed set for the first time Volume I includes translations of rare texts alongside rites practices and arcane magical knowledge Volume II offers studies of mystery traditions throughout history and shares authentic initiatic wisdom and a rigorous selection of initiatory exercises Volume III explores esoteric practices for individual development and realization of immortal and divine potential handed down from a primordial tradition In 1927 Julius Evola and other leading Italian esotericists formed the mysterious UR group The purpose of this group was to study and practice ancient rituals from the mystery traditions of the world both East and West They produced a monthly journal containing techniques for spiritual realization initiatory exercises magical rites accounts of personal experiences translations of ancient texts and original essays on the occult Many years later in 1971 Evola gathered these essays into three volumes Available together as a deluxe boxed set for the first time in English these volumes present the steps necessary to purify the soul with the light of knowledge and the fire of dedication as well as allowing the reader to be liberated from conventional dogmas religious political scientific and psychological and see with the clearer eye of realization

*Symbols of Sacred Science* René Guénon, 2004 In *Symbols of Sacred Science* Guénon a master of precise even mathematical metaphysical exposition reveals himself as a consummate exegete of myth and symbolism as well superior in many ways to Mircea Eliade and comparable perhaps only to his respected friend Ananda K Coomaraswamy This extraordinary text unveils the cosmological meanings of root symbols organized under such general headings as The Center of the World Cyclic Manifestation Symbolic Weapons Axial Symbolism and the Symbolism of Passage The Symbolism of Building and The Symbolism of the Heart Far more than a simple catalogue of myths and symbols from many traditions *Symbols of the Sacred Science* lays the foundation for a universal esoteric symbology In this work Guénon demonstrates the fundamental unity across all cultures and ages of the images with which the Absolute clothes itself in its cosmic self revelation
