McKnight, 2005-10-04 The Warren Commission's major conclusion was

that Lee Harvey Oswald was the lone assassin of President John F Kennedy Gerald McKnight rebuts that view in a meticulous and devastating dissection of the Commission's work The President's Commission on the Assassination of President Kennedy was officially established by Executive Order to investigate and determine the facts surrounding JFK's murder The Warren Commission as it became known produced 26 volumes of hearings and exhibits more than 17 000 pages of testimony and a 912 page report Surely a definitive effort Not at all McKnight argues The Warren Report itself he contends was little more than the capstone to a deceptive and shoddily improvised exercise in public relations designed to prove that Oswald had acted alone McKnight argues that the Commission's own documents and collected testimony as well as thousands of other items it never saw refused to see or actively suppressed reveal two conspiracies the still very murky one surrounding the assassination itself and the official one that covered it up The cover up actually began he reveals within days of Kennedy's death when President Johnson FBI Director J Edgar Hoover and acting Attorney General Nicholas Katzenbach all agreed that any official investigation must reach only one conclusion Oswald was the assassin While McKnight does not uncover any smoking gun that identifies the real conspirators he nevertheless provides the strongest case yet that the Commission was wrong and knew it Oswald might have knowingly or unwittingly been involved but the Commission's own evidence proves he could not have acted alone Based on more than a quarter million pages of government documents and for the first time ever the 50 000 file cards in the Dallas FBI's Special Index McKnight's book must now be the starting point for future debate on the assassination Among the revelations in Breach of Trust Both CIA and FBI photo analysis of the Zapruder film concluded that the first shot could not have been fired from the sixth floor The Commission's evidence was never able to place Oswald at the sniper's nest on the sixth floor at the time of the shooting JFK's official death certificate signed by his own White House physician and contradicting the Commission's account of Kennedy's wounds was left out of the official record The dissenting views of the naval doctors who performed the autopsy and those of the government's best ballistic experts were kept out of the official report The Commission's tortuous Single Bullet or Magic Bullet theory is finally and convincingly dismantled Oswald was probably a low level asset of the FBI or CIA or both Commission members Gerald Ford for the FBI and Allen Dulles for the CIA acted as informers regarding the Commission's proceedings The strong dissenting views of Commission member Senator Richard Russell D Georgia were suppressed for years [Loosen the Knots and Tangles](#)

to organized crime Targeted by the FBI and the CIA the case makers were ironically victims of their own fabulous success in hunting down society's predators An incredible never before told story The Strength of the Wolf provides a new exciting and revealing look at an important chapter in American history From the Trade Paperback edition A Season of Inquiry Revisited Loch K. Johnson,2015-12-15 The original edition of A Season of Inquiry first published in 1986 offered the public an insider's account of the workings of the Church investigation and of the nation's espionage agencies including the CIA's covert action against the democratically elected regime of Salvador Allende in Chile In this new edition the author then a special assistant to Senator Church revisits the circumstances surrounding the investigation and subsequent shocking report and reminds us its continuing relevance in instances such as the Iran Contra investigation the 9 11 and Iraqi WMD intelligence failures the Edward Snowden affair and most recently the US Senate Torture Report A Season of Inquiry Revisited details a moment that was at once a high water mark for intelligence accountability in the United States and a low point in the American people's trust of the agencies sworn to protect them Coming on the heels of the Watergate scandal the wrenching experience of the Vietnam War and the release of the Pentagon Papers revelations of domestic spying sent a shock wave through the nation and spurred the political establishment to action While a White House panel focused narrowly on CIA spying at home the Church Committee enlarged its investigation to include the FBI the National Security Agency and a host of other primarily military espionage services as well as CIA assassination plots around the world Johnson describes the political players and their pursuit of information the abuses they discovered and the remarkable reports they compiled chronicling a litany of disquieting operations carried out against American citizens and foreign leaders in Latin America and Africa With a new preface and postscript along with an updated chronology and appendix this new edition revisits a moment of reckoning in the halls of power The nation has now arrived at a time when the lessons of the Church Committee warrant special remembering Mrs Zigzag Betty Chapman,2013-04-01 When Betty Farmer married double agent Eddie Chapman Agent Zigzag she knew her life would never be ordinary Yet even before her marriage to Eddie her life involved incendiary bombs serial killers film roles and love affairs with flying aces After her marriage she coped with Eddie's mistresses his criminal activities separations and personal traumas Coming from humble origins Betty would in time own a beauty business a health farm and a castle in Ireland become the friend and confidante of film stars and an African president and the honoured guest of Middle Eastern royalty In an age where women were still very much second class she became a perfect example of what in spite of everything was possible Much has been written about Eddie Chapman films have been made television programmes produced Yet alongside Eddie for most of his extraordinary life was an equally extraordinary woman Mrs Zigzag This book tells the story of the Chapmans often fraught but ultimately loving relationship for the first time

**National Security Constitutionalism in the Commonwealth Five Eyes States** Paul F Scott, 2025-03-06 This book examines the constitutional treatment of national security in the UK Canada Australia and New Zealand These four states share their Commonwealth heritage and are members alongside the USA of the Five Eyes intelligence sharing alliance The book takes a comparative approach to the institutions through which and tools with which these four states seek to protect their national security against the threats of both terrorism and hostile state activity and how they have evolved over time It identifies and examines the various specialised institutions inside and outside of legislatures which have grown up to oversee the exercise of public power for national security purposes while maintaining the required secrecy It argues that the extent of the borrowing and sharing between these jurisdictions in the domain of national security now and in the past permits us to talk about a Commonwealth model of national security constitutionalism
