The Essene Of Days 2006:

Fasting: an Exceptional Human Experience Randi Fredricks, 2012-12-20 Fasting An Exceptional Human Experience Since prehistory fasting has been used in various ways as a means of transformation As a spiritual practice it is the oldest and most common form of asceticism and is found in virtually every religion and spiritual tradition In psychology studies have suggested that fasting can alleviate the symptoms of some psychiatric conditions including depression and schizophrenia In medicine fasting is one of the most promising therapies with research suggesting that fasting can cause certain drugs such as chemotherapy to work better while reducing drug side effects Hunger striking sometimes called political fasting may be the most powerful application of fasting Proof of this occurred in 1948 when Gandhis hunger strike caused millions of Hindus and Muslims in India to cease their fighting As a practical guide Randi Fredricks Ph D provides detailed information on the different types of fasting where people fast the physiological process of fasting and the contraindications and criticisms of fasting Using existing literature and original research Dr Fredricks focuses on the transformative characteristics of fasting in the contexts of psychology medicine and spirituality The relationship between fasting and transpersonal psychology is examined with a focus on peak experiences self realization and other exceptional human experiences Dr Fredricks demonstrates how fasting can be profoundly therapeutic create global paradigm shifts and provide personal mystical phenomena *Jesus and the Last Supper* Brant Pitre, 2017-06-21 Who did Jesus of Nazareth claim to be What was his relationship with early Judaism When and how did he expect the kingdom to come What were his intentions Though these key questions have been addressed in studies of the historical Jesus Brant Pitre argues that they cannot be fully answered apart from a careful historical analysis of the Last Supper accounts In this book Pitre offers a rigorous up to date study of the historical Jesus and the Last Supper filling a significant gap in current Jesus research Situating the Last Supper in the triple contexts of ancient Judaism the life of Jesus and early Christianity Pitre brings to light crucial insights into major issues driving the quest for Jesus His Jesus and the Last Supper is sure to ignite discussion and debate *The Return of Christ* David L. Allen, Steve W Lemke, 2011-05-18 Twelve ministry leaders write in support of the premillennial end times position the belief that Christ will return to earth before He reigns over an earthly kingdom for one thousand years *Living a Metaphysical Life: A Mother's Legacy for Her Family* Marsha Moore, 2015-08-19 Part memoir part love letter part journey into metaphysics I did not set out to live a metaphysical life All I wanted was to lead a normal life Because of all the unusual circumstances surrounding my childhood I wanted normalcy more than anything But sometime during my young life I began to have dreams and precognitions These experiences changed my reality forever gave me the courage to journey to my soul and led me on a voyage through metaphysics in an attempt to understand my psychic life This book records my journey including life events contemplations psychic dreams and religious experiences I lived part time with a Baptist family early in life followed by years of Catholic school education from grade school through high school Studying metaphysics in my

twenties exposed me to Eastern philosophy Ultimately I was able to reconcile my psychic experiences and Eastern perspectives with my Catholic beliefs **Out of the Cave** Edna Ullmann-Margalit,2006 Looking at the Essene connection the archaeology of Qumran and the sectarian nature of the scrolls community this work explores the different arenas and ways in which contesting theories of the scrolls do battle In this context it finds examples that exercise philosophers of science as well as the general public **Paths of the Messiah and Sites of the Early Church from Galilee to Jerusalem** Bargil Pixner,2010 Gathered into this one volume are the principal fruits of Father Pixner s research explanations of numerous archeological discoveries in the Holy Land accompanied by photos illustrations and maps Prepared in collaboration with Professor Rainer Riesner a Scripture scholar from the University of Dortmund the chapters bring to light not only those details of interest to the man of science but also the connections between these and early Christianity of interest to the man of faith 2013 R. Lataine Townsend,2012-01-04 2013 Beginning an Era of Hope and Harmony brings together important information and perspectives about the end of the Mayan Long count calendar and how it relates to the astronomy scientific discoveries and present day signs of the coming transition from the end of the Mayan Fourth Sun into the new world era of their Fifth sun Writers and teachers from many fields are brought together to show how we can help in this process involving the evolution of consciousness and how our thoughts and attitudes will greatly affect how this worlds age ends and how the new era begins 2013 predicts with credible proof that this new world age the Mayan Fifth Sun will begin a Golden era of peace and harmony To read more about 2013 Beginning an Era of Hope and Harmony see the website www.2013bylataine.com THE WAY to CHRISTIANITY John Larke,2014 The earliest Christians wrote their own history to justify their faith and claim a direct line of authoritative teachings based on the words of Jesus As a result a good deal of what they compiled was belief rewritten as though it was history Remarkably after almost two millennia it is possible to recover the authentic origins of Christianity based exclusively on the historical sources rather than belief This shows that the beginnings of Christianity lie in two quite disparate religious groups one of which was exclusively Jewish whilst the other was predominantly gentile The spiritual leadership of the Jewish sect which became known as The Way was provided by a succession of holy men from the same extended family which included Jesus The central prophesy of The Way was the imminent arrival of the Kingdom of God When with God s help the Jewish Nation would overcome Roman occupation and permanently rid itself of foreign domination The kingdom of God was exclusively Jewish and the Gentile world played no part in it After the death of Paul of Tarsus his followers lost their Jewish inheritance and began to see Jesus in ways that were profoundly heretical within Judaism yet wholly acceptable within the Pagan world In particular they claimed that Jesus was the divine Son of God rather than a Son of God in a Jewish sense where a deeply religious Jewish man who did the will of God could be regarded as a true Son of God **The Holy Spirit** George T. Montague,2006-10-23 This book is a commentary on all the major biblical texts dealing with the Spirit from Genesis to Revelation It is an invaluable reference book for students

Resurrection, Hell and the Afterlife Mark Finney, 2016-02-22 This book begins by arguing that early Greek reflection on the afterlife and immortality insisted on the importance of the physical body whereas a wealth of Jewish texts from the Hebrew Bible Second Temple Judaism and early Pauline Christianity understood post mortem existence to be that of the soul alone Changes begin to appear in the later New Testament where the importance of the afterlife of the physical body became essential and such thoughts continued into the period of the early Church where the significance of the physical body in post mortem existence became a point of theological orthodoxy This book will assert that the influx of Greco Romans into the early Church changed the direction of Christian thought towards one which included the body At the same time the ideological and polemical thrust of an eternal tortuous afterlife for the wicked became essential

Making History Zuleika Rodgers, 2006-04-01 The encounter between interpretation and history in the writings of Josephus provides the conceptual framework for this collection of essays The contributions in this volume which were presented at an international colloquium entitled Josephus Interpretation and History held in Dublin in 2004 are united not by a single view of Josephus but by the question of historical method both ancient and modern These essays take up aspects of a problem basic to all researchers who would use Josephus for historical purposes namely What is the relationship between narratives and history Organized thematically the volume reflects a critical engagement with the texts of Josephus other literary texts case studies

of particular events and material remains **Remembrance of Things Past?** Michael J. Thate, 2013 In this book Michael J Thate offers an experiment in reception criticism in its consideration of the formation and reception of the historical Jesus discourse He also attempts to historicize Leben Jesu Forschung within debates and narratives of secularization These two foci guide the book through its two parts First Thate explicates Schweitzer s dominant archival function in Leben Jesu Forschung while aiming to make fragile the grand architect s receptive hegemony Then he combines critical memory theory and other theoretical readings of the material in an attempt to refocus the study of the historical Jesus as early Christian memory politics in the service of identity explication He attempts to problematize Schweitzer s legacy of a tidy systematic approach in which much of historical Jesus scholarship continues to operate **The Handbook of Mentoring at Work** Belle Rose Ragins, Kathy E. protect the reputation of well connected scroll figures both in New York and across the United States Raphael Golb's memoir of his journey through the system in a case that almost reached the Supreme Court poses the question of where we stand with the First Amendment today While reigniting the great debate over who wrote the scrolls Golb's account also sheds light on broader issues involving academic revolutions censorship and how easily power can be abused in a democratic society Institutions and museums international conferences and books may ostracize the scholar who transmits a new message A crisis emerges Eventually the new paradigm gradually gains adherents and replaces the old Joel Kraemer 2012 essay on Norman Golb

The Bible and the Dead Sea Scrolls: The Dead Seas scrolls and the Qumran Community James H. Charlesworth, 2006 The recovery of 800 documents in the eleven caves on the northwest shores of the Dead Sea is one of the most sensational archeological discoveries in the Holy Land to date These three volumes the very best of critical scholarship demonstrate in detail how the scrolls have revolutionized our knowledge of the text of the Bible the character of Second Temple Judaism and the Jewish beginnings of Christianity

Crossing Boundaries in Early Judaism and Christianity Kimberley Stratton, Andrea Lieber, 2016-10-11 This volume celebrates the scholarship of Alan Segal During his prolific career Alan published ground breaking studies that shifted scholarly conversations about Christianity rabbinic Judaism Hellenism and Gnosticism Like the subjects of his research Alan crossed many boundaries He understood that religions do not operate in academically defined silos but in complex societies populated by complicated human beings Alan's work engaged with a variety of social scientific theories that illuminated ancient sources and enabled him to reveal new angles on familiar material This interdisciplinary approach enabled Alan to propose often controversial theories about Jewish and Christian origins A new generation of scholars has been nurtured on this approach and the fields of early Judaism and Christianity emerge radically redefined as a result
