**The Essential Philo.** Judaeus Philo, d'Alexandrie Philon, 1971      The Essential Philo Philo (of Alexandria.), 1971  
Presents the essential aspects of Philo's work as an introduction to Hellenistic Judaism information on the background of early Christian thought and intellectual history of antiquity P xi      The Essentials of Philosophy Roy Wood Sellars, 1917  
The Essentials of Philosophy George Jamieson, 1859      The Essentials of Buddhist Philosophy Junjiro Takakusu, Charles A. Moore, 2014-01-01 Buddhism had already spread far into other countries before it declined in India in the eleventh century A D Hinayana flourished in Ceylon Burma Siam and Cambodia Mystic Buddhism developed in Tibet Mahayana grew in China In Japan the whole of Buddhism became the living and active faith of the masses The present study relates to Japanese Buddhism as in Japan alone the whole of Buddhism is preserved The author presents Buddhist Philosophy in an ideological sequence and not in its historical sequence as Prof Stcherbatsky has done in his Buddhist logic But the ideological sequence as presented by the author is not the sequence in the development of ideas it is rather the systematization of the different schools of thought for the purpose of an easier approach Divided into fifteen chapters the book deals with different schools of Buddhist Philosophy The author has grouped these schools under two heads 1 the schools of negative rationalism i e the religion of Dialectic Investigation and 2 the schools of Introspective Intuitionism i e the Religion of Meditative Experience The author treats these schools in the most scientific and elaborate way      The Essentials of Eastern Philosophy Prabhu Dutt Shastri, 1928      The Essentials of Philosophy; Wherein Its Constituent Principles are Traced Throughout the Various Departments of Science, Etc George JAMIESON (B.D.), 1859      **The Works of Philo** Charles Duke Philo, 2022-05-03 An affordable edition of Philo A contemporary of Jesus and Paul Philo wrote extensively on the Hebrew Scriptures and other Jewish topics but few have read his work because all available sets were pricey This edition features modern type passages keyed to the Loeb referencing system and several newly translated sections not found in other editions      *Philo Judaeus*, 1971      On Heidegger's Nazism and Philosophy Tom Rockmore, 1997-01-01 American philosopher Tom Rockmore boldly refutes suggestions that German philosopher Martin Heidegger's political stance was accidental or adopted under coercion Rockmore argues that Heidegger's thought and his Nazism are inseparably intertwined Combining extensive documentation with philosophical and historical analysis this book raises profound questions about the social and political responsibility of philosophy      **Contributions to Philosophy** Martin Heidegger, 2018-11-01 Heidegger's second magnum opus after *Being and Time* laying the groundwork for his later writing in a translation of impeccable clarity and readability Peter Warnek Martin Heidegger's *Contributions to Philosophy* written in the late 1930s and published posthumously in 1989 is now widely viewed as his second magnum opus after *Being and Time* Here Heidegger lays the groundwork for a new conception of thought and being rooting them both in the event of appropriation Here Heidegger establishes the language and intellectual framework necessary for all of his later writings *Contributions* was composed as a series of private ponderings that were not

originally intended for publication They are nonlinear and radically at odds with the traditional understanding of thinking This translation presents Heidegger in plain and straightforward terms allowing surer access to this new turn in Heidegger's conception of being *The Blackwell Dictionary of Western Philosophy* Nicholas Bunnin, Jiyuan Yu, 2009-01-27 The Blackwell Dictionary of Western Philosophy The Blackwell Dictionary of Western Philosophy The style is fresh and engaging and it gives a broad and accurate picture of the western philosophical tradition It is a pleasure to browse in even if one is not looking for an answer to a particular question David Pears Its entries manage to avoid the obscurities of an exaggerated brevity without stretching themselves out as if seeking to embody whole miniature essays In short it presents itself as a model of clarity and clarification Alan Montefiore **Lectures on Greek philosophy. powerless spirit has become complete and makes of each human a split being Personal experiences may be reflected here The development of Scheler s work as a whole was highly dependent on his personal experiences It is this that gives Scheler s work its liveliness and its validity      **Hegel: Philosophy of Mind** Georg Wilhelm Friedrich Hegel,Michael Inwood,2007 Philosophy of Mind is the third part of Hegel s encyclopedia of the philosophical sciences in which he summarises his philosophical system It is one of the main pillar s of his thought      **Philosophy** Philip Stokes,2011-08-31 It is the mark of an educated mind to be able to entertain a thought without accepting it Aristotle This illustrated guide showcases the major philosophers of the western tradition Concise and informative it provides an ideal introduction to their lives ideas and the effect those ideas have had on the wider world Both easy to use and a stimulating read this book is an ideal reference for anybody interested in philosophy and especially for those who want a clear entertaining exposition of the ideas that shape the way we think Key features A Z format covering the ideas of many of history s most influential thinkers from Aristotle and Cicero to controversial contemporary philosophers such as Peter Singer and Jacques Derrida At a glance summaries of the major works of each philosopher featured Fully illustrated
