by two paradigms One approach interprets the Eucharist almost exclusively in theological terms shaped by Scholasticism and the Reformation Most discussions about the nature of the Eucharist Eucharistic presence or the role of the priest follow these categories even if they come in modern disguise The other reads the Eucharist as an event which can be explored empirically O Loughlin develops a new understanding of the Eucharist This can be done by looking afresh at the historical evidence and bringing it in dialogue with modern theology In the past decades historical research and new discoveries have changed our view of the origins and the development of the Eucharist By bringing history into a fruitful dialogue with sacramental and liturgical theology he shows not only ways how theology and practice can be brought closer together again but also how current ecumenical divisions can be overcome His book makes an important contribution to eucharistic theology both for individual church traditions as well as for ecumenical dialogues *My Body Given for You* Helmut Hoping, 2019-10-23 The Eucharist goes back to the Last Supper of Jesus with his disciples It is based on the prayer of thanksgiving that Jesus pronounced over the bread and wine at that meal Eucharist means thanksgiving praise and blessing The Church celebrates the Eucharist as a memorial of the death and Resurrection of Jesus Christ The memorial of the Eucharist is more than a remembrance of the Last Supper of Jesus with his disciples In the Eucharist the sacrifice of our redemption becomes present sacramentally In the past dogmatic theology has treated the meaning of the Eucharist while disregarding the form of its liturgical celebration whereas liturgical studies have been content with the latter Yet the two cannot be separated however any more than liturgy and dogma or pastoral practice and doctrine can For the Church's liturgy is not about something external to Christian revelation but rather about revelation accepted in faith and prayer Joseph Ratzinger In this work Helmut Hoping combines the approaches of dogmatic theology and liturgy while examining the Eucharist from an historical and systematic perspective The second German edition of this major work which this new English translation is taken from was revised and expanded adding a comparative analysis of the Second Eucharistic Prayer and a chapter on the theology of the words of institution *The Eucharist: Mystery of Presence, Sacrifice, and Communion* Lawrence Feingold, 2018-04-01 The Eucharist Mystery of Presence Sacrifice and Communion explores the three ends of the Sacrament of Sacraments God's true presence His redemptive sacrifice and spiritual nourishment through communion with Him In this follow up to his groundbreaking work *Faith Comes From What Is Heard* Lawrence Feingold constructs a biblical vision of the Eucharist from its prefigurement in the Old Testament to its fulfillment in the New and presents the Eucharistic theology of the Church Fathers St Thomas Aquinas and magisterial teaching from centuries past through today The Eucharist is a masterful text both challenging and spiritually rich that comprehensively examines the unspeakable mystery that is the Eucharist **The eucharist: the mystery of our Christ**, 1980 *With Us Today* John A. Hardon, 2000 *My Daily Eucharist II* Joan C. McHugh, 1997-09
