**The European Community Policy in the Audiovisual Field** Commission of the European Communities, Commission of the European Communities. Directorate-General Information, Communication, Culture, 1990 Audiovisual and Broadcasting Policy in the European Community Richard Collins, 1993 The European Community Policy in the Audiovisual Field European Commission, 1990 Limits to Liberalization Patricia M. Goff, 2011-02-23 The so called culture industries film television and radio broadcasting periodical and book publishing video and sound recording are noteworthy exceptions to the rhetorical commitment of Western countries to free trade as a major goal These exceptions threatened to derail such high profile negotiations as NAFTA and its predecessor the Canada US Free Trade Agreement as well as the Uruguay Round of the GATT Conventional wisdom did not foresee trouble from this source because these established industries are not commercial national champions nor are they particularly large providers of jobs As Patricia M Goff shows the standard trade literature considers the monetary value but doesn't recognize the symbolic importance of cultural production In *Limits to Liberalization* she traces the interplay between the commercial and the cultural Governments that want to expand free trade may simultaneously resist liberalization in the culture industries and elsewhere including agriculture and health care Goff traces the rationale for cultural protectionism in the trade policies of Canada France and the European Union The result is a larger understanding of the forces that shape international trade agreements and a book that speaks to current theoretical concerns about national identity as it plays out in politics and international relations *The European Community Policy in the Audiovisual Field*, 1990 Euro-Visions Mariana Liz, 2016-09-22 Examines the meaning of Europe in contemporary art house and popular films from across the continent The Directory of EU Information Sources, 1995 The European Community as a Publisher, 1995 *journal of common market studies*, 1996 Unity and Diversity in the New Europe Barrie Axford, Daniela Berghahn, Nick Hewlett, 2000 This is one of the first multi disciplinary collections to examine aspects of both the unity and the enormous diversity which characterise contemporary Europe Covering subjects as varied as the Second World War advertising and Romani culture contributors explore some fascinating areas which often serve to highlight the importance of history memory identity and culture in the construction of Europe In many ways the book is about renewal but contributors approach the New Europe in a way which acknowledges the complexity of different cultures and identify often hidden obstacles along the path towards European unity It recognises the importance of formal political economic and legal frameworks but also goes beyond them **Germain's Transnational Law Research** Claire M. Germain, 1991 *The European Union Democratic Deficit and the Public Sphere* David Ward, 2002 An assessment of EU communications policy judged against democratic and normative criteria within the framework of the question of the need for a European wide public sphere It argues that the EU should proceed through the mass media with a policy based on a public service philosophy Sports law and policy in the European Union Richard Parrish, 2013-07-19 This electronic version has been

made available under a Creative Commons BY NC ND open access license Adopting a distinctive legal and political analysis this book argues that the EU is receptive to the sports sectors claims for special treatment before the law The book investigates the birth of EU sports law and policy by examining significant court decisions the possibility of exempting sport from EU law sport and the EU treaty and more

**EU Policy and Legal Framework for Artificial Intelligence, Robotics and Related Technologies - The AI Act** Nikos Th. Nikolinakos, 2023-07-06 Artificial Intelligence AI can benefit our society and economy but also brings with it new challenges and raises legal and ethical questions According to the author of this comprehensive analysis it is imperative to ensure that AI is developed and applied in an appropriate legal and regulatory framework that promotes innovation and investment and at the same time addresses the risks associated with certain uses of AI related technologies Essential to understanding the relationship between policy and law this book traces the evolution of EU policy on artificial intelligence and robotics focusing in particular on the EU s ethical framework for AI which defines trust as a prerequisite for ensuring a human centric approach The main part of the book provides a thorough and systematic analysis of the Commission s 2021 proposed AI Act which establishes harmonised rules for the development placement on the market and use of AI systems in the EU The author painstakingly compares the Commission s proposed AI Act with the numerous compromise proposals of the Council of the European Union leading to the final version of the Council s AI Act general approach and its formal adoption on 6 December 2022 The author also examines with extraordinary detail the amendments proposed by the relevant committees and political groups of the European Parliament revealing the position the Parliament is likely to adopt in the forthcoming negotiations with the Commission and the Council on the text of the AI Act Numerous legislative and policy documents are presented in detail while the analysis also considers the comments made by all interested parties e g the European Commission Council of the European Union European Parliament governmental organisations national competent authorities and stakeholders actors with different conflicting interests such as corporations business and consumer associations civil society and other non profit organisations In the course of its in depth analysis this book will provide readers with crucial insight into the reasons behind the European Institutions different approaches and the often contradictory interests of stakeholders Because the policy arguments are carefully balanced and drafted with scrupulous care this volume will establish itself as a reference resource to be consulted for years to come

*European Media Policy for the Twenty-First Century* Seamus Simpson, Manuel Puppis, Hilde van den Bulck, 2016-01-29 Media policy issues sit at the heart of the structure and functioning of media systems in Europe and beyond This book brings together the work of a range of leading media policy scholars to provide inroads to a better understanding of how effective media policies can be developed to ensure a healthy communication sector that contributes to the wellbeing of individual citizens as well as a more democratic society Faced with a general atmosphere of disillusionment in the European project one of the core questions tackled by the volume s contributors is what scope is there for European media policy that can exist beyond the

national level Uniquely the volume's chapters are structured around four key policy themes media convergence the continued role and position of public regulatory intervention in media policy policy issues arising from the development of new electronic communication network environments and lessons for European media policy from cases beyond the EU In its chapters the volume provides enriched understandings of the role and significance of policy actors institutions structures instruments and processes in communication and media policy

*European Union Law* Damian Chalmers, Gareth Davies, Giorgio Monti, Veerle Heyvaert, 2024-03-28 The most current contextual and authoritative EU law text written for both EU and non EU markets and promoting critical reflection

**New Labour and the European Union** Stefano Fella, 2018-05-08 This title was first published in 2002 This book makes a valuable contribution to the literature on the UK EU relationship and on the development of the Labour party since Tony Blair became leader in 1994 providing a detailed examination of the process of policy making undertaken by Labour in relation to the 1996 97 intergovernmental conference IGC of the EU It tracks policy development from opposition to government culminating in the conclusion of treaty negotiations at Amsterdam in June 1997 The book moves beyond the existing literature in providing an original account of policy making based on internal party and government sources It highlights a New Labour approach to the EU set in place by the time of the Amsterdam summit and characteristic of the Blair government's European policy thereafter and suggests that this approach represents both continuity and change with previous UK governments and a break from the European social democratic perspective that had been central to Labour's previous pro European conversion
