The Growth Of The Church In Buganda An Attempt At Understanding World Mission Studies:

The Growth of the Church in Buganda J. V. Taylor, 1958 The Growth of the Church in Buganda John Vernon Taylor, 1979 Under the sponsorship of the Missionary Studies Department of the International Missionary Council and the World Council of Churches the author of this study presents an in depth appraisal of the development of the Christian church in the Buganda area of Uganda **Pitfalls of Trained Incapacity** Birgit Herppich, 2016-12-29 The need to train Christian missionaries was an afterthought of the Protestant missionary movement in the early nineteenth century The Basel Missionary Training Institute BMTI was the first school designed solely for the purpose of preparing European missionaries for ministry in non European lands Pitfalls of Trained Incapacity explores the various sociological and historical factors that influenced the BMTI community of practice and how the outcomes affected the work of the Basel Mission in Ghana in its initial phase It shows that the integral training of the BMTI resulted in missionary practices that lacked flexibility to adjust attitudes and behaviour to the vastly different circumstances in Africa impeded the realisation of mission objectives and hindered the emergence of an African appropriation of Christianity By exploring educational and sociological perspectives in a pre colonial context this study reaches beyond its historical significance to raise questions of unintended effects of integral ministry training in other times and places The natural cultural bias of groups with shared theological assumptions and social ideals like the Basel Mission suggests a strong propensity for trained incapacity that is for training processes that establish inflexible mental frameworks that are potentially detrimental to intercultural engagement The Growth of the Church in Buganda John Vernon Taylor, 2017-10-28 Excerpt from The Growth of the Church in Buganda An Attempt at Understanding I am deeply grateful to the many Africans who gave generously of their time and hospitality to help me towards understanding To select only a few names would be invidious but I cannot forbear to mention one Brusoni Wandera who for four months put himself unreservedly at my disposal and offered me an unstinting friendship Dr A I Richards then of the East African Institute of Social Research and now at Newnham College Cambridge gave me the benefit of her wide experience and later read through my manuscript and made a number of stimulating suggestions Dr Lloyd A F Allers who was then the head of the East African Institute of Social Research gave both guidance and encouragement and Mr Anthony Low of Makerere College shared most generously his expert knowledge of the history of Uganda I am indebted to Mr John Goldthorpe also of Makerere College for permitting me to be present at a number of student seminars My thanks are specially due to the Bishop of Uganda the Rt Rev Leslie Brown and to the Diocesan Council for their invitation to the International Missionary Council to conduct the study in the first instance and for the welcome and encouragement they extended to me personally Miss Ferrier the librarian and Miss Belcher the archivist at the headquarters of the Church Missionary Society responded to my request for help with a readiness and patience which gave an added pleasure to that part of the work I particularly wish to thank Mr H B Thomas for his most valuable help He read through my first draft correcting and polishing with meticulous care and

finally offered to see my manuscript through the press in my own absence from Great Britain For such unsolicited kindness from one who has already filled his retirement with more activity than most younger men would care to undertake there are no words that can adequately express my gratitude About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

theologians concerned with religious pluralism dialogue and Christian mission *Missiological Hermeneutics* Shawn B. Redford, 2012-10-18 The first is a historical case considering the missional and theological hermeneutics employed when addressing African polygamy For the most part authors addressing polygamy have failed to consider God's missional response to polygamists in order to buttress their own convictions regarding African polygamy As such authors have not typically utilized a missional hermeneutic when trying to address polygamy Instead they have based their arguments on the false assumption that a given theological stance is the starting point for addressing the practice The second case study considers the role of mission praxis in an Islamic context related to missiological hermeneutics The case study demonstrates the impact of modern day mission practice especially when it correlates closely with the missionary dynamics in a given portion of Scripture *C.W.M.E.
