The Guardian Of Isis:

The Guardian of Isis Monica Hughes, 2000 Years have passed on Isis but life has gone backward not forward Under their leader Mark London the settlers have abandoned the technological knowledge of their forefathers Upper Isis is now a forbidden zone and the history of the first inhabitants from Earth has been replaced by myth But one inquiring young man yearns to know the truth and soon he gets the chance to find it "Who's Afraid of ISIS?" Daniel Bertrand Monk, 2020-04-28 Who's Afraid of ISIS eschews familiar debates about the status of ISIS as an existential threat to the West with the aim of submitting those types of arguments to a reasoned examination of the political place of anxiety itself This collection concerns itself with the doxologies that attend such arguments or with that which as Bourdieu wrote goes without saying becomes it comes without saying and so become the unexamined points of departure for contentions about ISIS that may for that very reason hold entire life worlds together This book was originally published as a special issue of Critical Studies on Security

ISIS and the Pornography of Violence Simon Cottee, 2019-05-30 ISIS and the Pornography of Violence is a collection of iconoclastic essays on ISIS spanning the four year period from its ascendancy in late 2014 to its demise in early 2018 From a trenchant critique of the infantilization of jihadists to a probing examination of the parallels between gonzo porn and ISIS beheading videos the pieces collected in this volume challenge conventional ways of thinking about ISIS and the roots of its appeal Simon Cottee's core argument is that Western ISIS recruits far from being brainwashed or vulnerable dupes actively responded to the group's promise of redemptive violence and self sacrifice to a total cause **The Guardian of Isis** Monica Hughes, 2001-01-01 Years have passed on Isis and civilization has gone backward not forward The settlers have abandoned the technological knowledge of their forefathers preaching myth and superstition about the planet But one inquiring young man yearns to know the truth and soon he gets the chance to find it The Rise and Fall of ISIS Willem Th. Oosterveld, Willem Bloem, Nicholas Farnham, Barin Kayaoğlu, Tim Sweijs, 2017-02-20 Appearing seemingly out of nowhere over the course of 2013-14 the Islamic State or Daesh captured the attention of international audiences through widely broadcast acts of barbarity followed by the proclamation of its own state and upending state borders in the process The rise of the terror organization has prompted many questions where did it originate from How has it been able to establish itself so quickly Can it actually persist Can it be defeated The aim of this year's study entitled The Rise and Fall of ISIS from Evitability to Inevitability is to understand the organization its motivations its inherent weaknesses as well as its ability to endure A broader aim is to set out how it could develop as it comes under ever more pressure by regional powers and in the case of its defeat how to prevent the arrival of the next ISIS A key message of this chapter is that ISIS is a child of its time and is not destined to persist Its professed millenarian or eschatological bent is meant to cast the conflict between the Caliphate and the rest of the world as a cosmic battle but in reality is largely of instrumental value Also while its rise could have been prevented its fall looks all but inevitable even if it remains unclear what will replace it This study is part of the

especially in relation to the use of educational apps and the Dark Web This book will be of much interest to students of media and communication studies terrorism and counterterrorism Middle Eastern politics and international relations *The Islamic State* Anthony Celso, 2018-06-12 This book analyses the Islamic State IS within a comparative framework of past Sunni jihadist movements It argues jihadist failure to overthrow Muslim apostate states has led to a progressive radicalization of violent Islamist terror networks This outcome has contributed over time to more brutal jihadist doctrines and tactics contributing to a total war doctrine strategy targeting Muslim apostate states the near enemy non Muslim civilizations the far enemy and sectarian minorities heterodox Muslims and Christians These extremist tendencies have been building for over a generation and have reached their culmination in the rise and fall of the Islamic State's caliphate Given past tendencies the emergence of yet even more radical Sunni jihadist movement is probable *The Guardian Gateway* Kim Wilborn, 2021-07-13 There's more to the spirit world than Guardian Angels Connect with your Guardian Unicorns Dragons Trees and Nature Spirits today through guided meditations and spiritual exercises Express your soul purpose while partnering with your spiritual Guardians and Allies Step through the Guardian Gateway and meet the Angels Unicorns Dragons Trees Spirit of the Earth and other beings who are all around you ready to support your life's goals Kim Wilborn offers guided meditations and exercises to enable you to feel your connection with the spirit world today and continue developing your relationships with specific Guardians As you work with your Guardians you'll learn life expanding transformational skills that support you in sharing your gifts with the world and showing up fully in life as who you are meant to be *Veiled Threats* Mia Bloom, 2025-02-15 *Veiled Threats* challenges the idea that women in violent terrorist groups lack agency Too often these women are assumed to be controlled by men their fathers their husbands or some other male relative Mia Bloom contests this narrow understanding Although extremist groups often control different aspects of women's lives including their religious obligations or dress jihadi women have asserted themselves in myriad ways Bloom interrogates the prevailing perceptions about women's involvement in violent extremism exclusively as victims manipulated drugged or coerced Following her pioneering work on women in Bombshell Bloom lifts the veil of the secret world of women in jihadi groups to provide a nuanced and complex explanation of their motivations and challenge misperceptions about women's agency *Veiled Threats* explores the range of roles of the women involved in jihad not only across secular and religious groups but within affiliated religious groups and examines how these extremist groups have used rape as a weapon of war Bloom explains how women are used and abused deployed and destroyed and the many ways in which their roles in terrorism have evolved over the past three decades **The Film of the Islamic State** Yorck Beese, 2024-05-27 The film of the so called Islamic State is part of the still relatively opaque history of radical Sunni Islamist video propaganda a field in which it is simultaneously its strongest exponent Through its imports of aesthetics in the age of digitalization and the concurrent deprofessionalization of film this violent propaganda film has interestingly drawn attention for its seeming likeness to

Hollywood film an odd comparison that the Islamic State itself opposes through its own filmic antagonisms to commercial cinema In an intermittent attempt at attacking cinematic illusionism it has made increasing use of cinematic devices in order to communicate its violent and anti humanist ideology and has thereby entered a state of filmic self contradiction This book analyzes and uncovers the mechanisms and dynamics of ideological communication in the Islamic State s videos through a combined historical and neoformalist approach making them predictable for future researchers

A Road Unforeseen Meredith Tax, 2016-08-01 A secular feminist army courageously challenges the Islamic State In war torn northern Syria a democratic society based on secularism ethnic inclusiveness and gender equality has won significant victories against the Islamic State or Daesh with women on the front lines as fierce warriors and leaders A Road Unforeseen recounts the dramatic underreported history of the Rojava Kurds whose all women militia was instrumental in the perilous mountaintop rescue of tens of thousands of civilians besieged in Iraq Up to that point the Islamic State had seemed invincible Yet these women helped vanquish them bringing the first half of the refugees to safety within twenty four hours Who are the revolutionary women of Rojava and what lessons can we learn from their heroic story How does their political philosophy differ from that of Iraqi Kurdistan the Islamic State and Turkey And will the politics of the twenty first century be shaped by the opposition between these political models

ISIS Michael Weiss, Hassan Hassan, 2015-01-29 A revelatory look inside the world s most dangerous terrorist group Initially dismissed by US President Barack Obama along with other fledgling terrorist groups as a jayvee squad compared to al Qaeda the Islamic State of Iraq and Syria ISIS has shocked the world by conquering massive territories in both countries and promising to create a vast new Muslim caliphate that observes the strict dictates of Sharia law In ISIS Inside the Army of Terror American journalist Michael Weiss and Syrian

analyst Hassan Hassan explain how these violent extremists evolved from a nearly defeated Iraqi insurgent group into a jihadi army of international volunteers who behead Western hostages in slickly produced videos and have conquered territory equal to the size of Great Britain Beginning with the early days of Abu Musab al Zarqawi the founder of ISIS s first incarnation as al Qaeda in Iraq Weiss and Hassan explain who the key players are from their elusive leader Abu Bakr al Baghdadi to the former Saddam Baathists in their ranks where they come from how the movement has attracted both local and global support and where their financing comes from Political and military maneuvering by the United States Iraq Iran and Syria have all fueled ISIS s astonishing and explosive expansion Drawing on original interviews with former US military officials and current ISIS fighters the authors also reveal the internecine struggles within the movement itself as well as ISIS s bloody hatred of Shiite Muslims which is generating another sectarian war in the region Just like the one the US thought it had stopped in 2011 in Iraq Past is prologue and America s legacy in the Middle East is sowing a new generation of terror

Robert J. Bunker, 2017-02-16 This work is the third Small Wars Journal anthology focusing on radical Sunni Islamic terrorist and insurgent groups It covers this professional journal's writings for 2015 and complements the earlier Global Radical Islamist Insurgency anthologies that were produced as Vol I 2007 2011 published in 2015 and Vol II 2012 2014 published in 2016 This anthology which offers roughly five hundred pages of additional analysis follows the same general conceptual breakdown as the earlier works and is divided into two major thematic sections one focusing on jihadi terrorism insurgency and the Islamic State in context and the other focusing on US allied policy and counter jihadi and counter Islamic State strategies

The Syrian Jihad Charles R. Lister, 2016-01-02 The eruption of the anti Assad revolution in Syria has had many unintended consequences among which is the opportunity it offered Sunni jihadists to establish a foothold in the heart of the Middle East That Syria's ongoing civil war is so brutal and protracted has only compounded the situation as have developments in Iraq and Lebanon Ranging across the battlefields and international borders have been dozens of jihadi Islamist fighting groups of which some coalesced into significant factions such as Jabhat al Nusra and the Islamic State This book assesses and explains the emergence since 2011 of Sunni jihadist organizations in Syria's fledgling insurgency charts their evolution and situates them within the global Islamist project Unprecedented numbers of foreign fighters have joined such groups who will almost certainly continue to host them Thus external factors in their emergence are scrutinized including the strategic and tactical lessons learned from other jihadist conflict zones and the complex interplay between Al Qaeda and the Islamic State and how it has influenced the jihadist sphere in Syria Tensions between and conflict within such groups also feature in this indispensable volume
