Denton, 2016-07-29 Throughout history all monarchs have lived with the same dichotomy of simultaneously being human and more than human In our time when monarchs seem little more than tourist curiosities and democracy is taken for granted it is easy to forget just how much power pre democratic rulers once wielded The rulers and holders of political power in this book were all possessed of vast in many cases absolute power power which was often exercised arbitrarily and unjustly What unites the figures in this book is that they all in one way or another failed to live up to the extravagantly high hopes invested in them and as a consequence have been judged harshly by history A few such as George III might have been remembered more kindly were it not for mental illness changing their status from that of hero to villain Some like Louis XVI were unfairly transformed into monsters by hostile propaganda while others such as Pete the Great have been both celebrated as heroes and denounced as tyrants often in the same breath Finally there are hose rulers who like Caligula or Ivan the Terrible may well fully deserve their evil reputations Ruthless Rulers is a study in how often rulers were carried away or overwhelmed by their exalted status while a few were even driven over the edge into madness The Dissolution of the Habsburg Monarchy Oszkár Jászi, 1929 The Secret of Amityville Hans Holzer, 2023-03-25 OUT OF THE BLOODSTAINED PAST the avarice and agony of those long dead continue to reach out wreaking ghastly revenge on all who desecrate however innocently the sacred ground on which the infamous house once stood But though the secret of the ancient curse has been discovered and the house itself destroyed can its evil power ever be completely exorcised Or will the evil force that perpetrated horror after horror still remain hovering like a deadly miasma awaiting the advent of its next unwary victim
