

The background of the slide is a photograph of a desk. On the left, there is a stack of several old, thick books with worn, brownish covers. In the foreground, slightly to the right, is a black and white photograph with a white border, showing a dark, textured surface. The overall lighting is soft and warm, suggesting an indoor setting with natural light.

Jewish Biblical Interpretation: Medieval and Modern Michael Fishbane ,2024-07-17 Following his first wide ranging collection on biblical text and exegetical culture Michael Fishbane supplements his previous investigations with this second volume of collected writings It includes close studies in medieval Jewish liturgical poetry Jewish biblical exegesis plain sense allegorical sense philosophical and mystical senses and modern Jewish thought traditional especially Hasidic literature as well as modern Jewish theology Emphasizing the varieties of Jewish exegetical culture and the interplay between culture text and theology each study is intended to be paradigmatic for a particular cultural or literary subject and includes many comparative examples while placing special emphasis on hermeneutical and expository matters *The Theory of the Avant-garde* Renato Poggioli,1968 Convinced that all aspects of modern culture have been affected by avant garde art Renato Poggioli explores the relationship between the avant garde and civilization Historical parallels and modern examples from all the arts are used to show how the avant garde is both symptom and cause of many major extra aesthetic trends of our time and that the contemporary avant garde is the sole and authentic one *The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950* George Watson,I. R. Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Outsider at the Heart of Things Richard P. Blackmur,1989 **The Near and Distant God** Ian Cooper,2008 This book shows that a major strand in the development of modern poetry in German and English can be seen as a protracted response to the religious crises of post Idealist thought It focuses on the hermeneutic dimension of Die Religion **A Linguistic Guide to English Poetry** Geoffrey N. Leech,2014-06-11 Seeks to demonstrate that the study of English poetry is enriched

by the insights of modern linguistic analysis and that linguistic and critical disciplines are not separate but complementary. Examining a wide range of poetry, Professor Leech considers many aspects of poetic style including the language of past and present creative language, poetic licence, repetition, sound, metre, context and ambiguity.

The Interpretation of Otherness Giles Gunn, 1979-02-15 In a unique and probing analysis, this study examines the function of literary criticism in religious studies and explores the relation of literature to religion in the works of major American writers.

German Poetry Martin Swales, 1987-02-27 The works of seventeen German poets from the mid eighteenth century to the present are supplemented by brief notes and an introductory essay on the history and nature of lyric poetry.

The Selling and Self-Regulation of Contemporary Poetry J.T. Welsch, 2020-03-31 The Selling and Self Regulation of Contemporary Poetry is the first book-length study of the contemporary poetry industry. By documenting radical changes over the past decade in the way poems are published, sold and consumed, it connects the seemingly small world of poetry with the other wider creative industries. In reassessing an art form that has been traditionally seen as free from or even resistant to material concerns, the book confronts the real pressures and real opportunities faced by poets and publishers in the wake of economic and cultural shifts since 2008. The changing role of anthologies, prizes and publishers are considered alongside new technologies, new arts policy and reconceptions of poetic labour. Ultimately, it argues that poetry's continued growth and diversification also leaves individuals with more responsibility than ever for sustaining its communities.

Poetry and the Religious Imagination Francesca Bugliani Knox, David Lonsdale, 2016-04-22 What is the role of spiritual experience in poetry? What are the marks of a religious imagination? How close can the secular and the religious be brought together? How do poetic imagination and religious beliefs interact? Exploring such questions through the concept of the religious imagination, this book integrates interdisciplinary research in the area of poetry on the one hand and theology, philosophy and Christian spirituality on the other. Established theologians, philosophers, literary critics and creative writers explain, by way of contemporary and historical examples, the primary role of the religious imagination in the writing as well as in the reading of poetry.

The Language and Literature Reader Ronald Carter, Peter Stockwell, 2020-08-19 The Language and Literature Reader is an invaluable resource for students of English literature, language and linguistics. Bringing together the most significant work in the field with integrated editorial material, this Reader is a structured and accessible tool for the student and scholar. Divided into three sections: Foundations, Developments and New Directions, the Reader provides an overview of the discipline from the early stages in the 1960s and 70s through the new theories and practices of the 1980s and 90s to the most recent and contemporary work in the field. Each article contains a brief introduction by the editors situating it in the context of developing work in the discipline and glossing it in terms of the section and of the book as a whole. The final section concludes with a history and manifesto written by the editors which places developments in the area of stylistics within a brief history of the field and offers a polemical perspective on the future of a growing and influential discipline.

Alan Crawley and Contemporary Verse Joan McCullagh, 2011-11-01 Little magazines like Alan Crawley's Contemporary Verse are the life blood of literary culture. They provide an ongoing forum in which both well established and new poets can experiment and present their latest work and it is often with the little magazines therefore that literary change and originality have their beginnings. Today there is no shortage of such outlets in Canada. But in 1941 when Alan Crawley began to publish Contemporary Verse in North Vancouver there were only two in the whole country. Both of these Canadian Poetry Magazine and Canadian Forum were in the East and neither was in any way committed to modernism. Contemporary Verse thus became a major element in the foundations of modern Canadian poetry. In this book Joan McCullagh shows how between 1941 and 1952 the magazine charted the establishment of modernism in Canadian poetry by publishing even before 1947 the largest most impressive and most representative collection of early forties poetry in the country. Her extensive quotation from the hitherto unpublished correspondence between Crawley and nearly every major poet of the forties also shows how important and valued a literary influence Crawley himself was as a critic and advisor behind the scenes. Daryl Hine and Jay Macpherson are only two of the poets who were first encouraged and guided by Alan Crawley's private criticism of work they sent him and then first published in Contemporary Verse. Other poets with whom he corresponded at length and whose poetry he published including P. K. Page, James Reaney, Louis Dudek, Raymond Souster, Dorothy Livesay, Anne Wilkinson and Earle Birney. Very few libraries even in Canada hold a complete set of the 39 issues of Contemporary Verse. The index to the magazine that Joan McCullagh has compiled and included here will therefore serve not only as a guide to Contemporary Verse itself but also as an indispensable publishing record of many Canadian poets during the 1940s.

The Poetry of Civic Virtue Nathan A. Scott, 1976 Again and again the literary imagination of our time has located the scene and site of the human drama outside the realm of what Martin Buber called the interhuman. But there are certain great exceptions to this general pattern and of these Nathan Scott in his latest book holds up three of the most notable examples in the work of T. S. Eliot, André Malraux and W. H. Auden. In each of these focal figures he locates an exemplary instance in recent literature of the human world being conceived to be a world of coexistence and he exhibits them as poets. Malraux too since his fiction is viewed as essentially a poetic enterprise whose special distinction it is to prompt reflection on the nature of civic virtue. From book jacket

Life of the Transcendental Ego Edward S. Casey, Donald V. Morano, 1986-06-30 The Life of the Transcendental Ego presents essays by a number of distinguished writers in the continental tradition of philosophy. The essays include problems in transcendental philosophy, the nature of autobiography, the validity of existentialism, the possibilities of phenomenology as well as focused discussions of concrete issues in aesthetics and ethics.

Gertrude Stein, Writer and

Thinker Claudia Franken, 2000 **New Paths in Jewish and Religious Studies** Glenn Dynner, Susannah Heschel, Shaul Magid, 2024-06-15

The work of Elliot R Wolfson has profoundly influenced the fields of Jewish studies as well as philosophy and religion more broadly. His radically new approaches have created pioneering ways of analyzing texts and thinking about religion through the lens of gender, sexuality, and feminist theory. The contributors to *New Paths in Jewish and Religious Studies: Essays in Honor of Professor Elliot R Wolfson*, many of whom are internationally renowned scholars, hearken from diverse fields. Each has learned from and collaborated with Wolfson as student or colleague, and each has expanded the new scholarly directions initiated by Wolfson's groundbreaking work. Wolfson's scholarship gives us innovative ways to think about Judaism and a fresh understanding of religion. Not only a scholar, Wolfson is one of the most important Jewish thinkers of our day. Chapters are grouped according to the categories of religion, Jewish thought, and philosophy, and a focused section on Kabbalah, Wolfson's primary specialization. The volume concludes with a bibliography of Wolfson's published work and a selection of his poetry.
