The Hessians And The Other German Auxiliaries Of Great Britain In The Revolutionary War:

The Hessians and the Other German Auxiliaries of Great Britain in the Revolutionary War Edward J. Lowell, 2009-06
Nearly 30 000 German mercenaries fought on the British side during the American Revolution and participated in virtually every major engagement of the war. Although these German auxiliaries came from six different German states, they are commonly known as Hessians because the vast majority came from the principality of Hesse-Cassel. After the war, approximately 7 000 German soldiers remained in North America, becoming the progenitors of many thousands of North Americans living today. Edward J. Lowell's *The Hessians and the Other German Auxiliaries of Great Britain in the Revolutionary War* is one of the earliest histories of the German auxiliary troops; it is a landmark work that presents a comprehensive record of the German role in the American Revolution from the German perspective. After describing the political situation in Hesse and the treaties that induced the German soldiers to fight for the British, Lowell uses original German accounts of almost every battle from 1776 to the end of the war to create a picture of what sort of people the auxiliaries were and what impression America and the Americans made on them. This book will be of great interest to the many researchers in the United States and Canada whose ancestors were German auxiliary soldiers from the Revolutionary era.

The Hessians and the Other, German

Auxiliaries of Great Britain in the Revolutionary War (Classic Reprint) Edward J. Lowell, 2015-07-07 Excerpt from The Hessians and the Other German Auxiliaries of Great Britain in the Revolutionary War The history of the German auxiliaries who fought for Great Britain in the Revolutionary War has not received from American writers the amount of attention which its importance would seem to deserve Much has been made of the fact that seven thousand French soldiers and nineteen thousand French seamen assisted the United States in the siege of Yorktown but we have forgotten that a force of between fifteen and twenty thousand Germans served for seven years against us that more than twenty nine thousand were brought to America for this purpose that more than twelve thousand never returned to Germany I know of no American historian but Bancroft who has made any thorough study of this subject in the original authorities and the general nature of his work does not call on him and indeed would hardly permit him to write the history of the German troops in detail About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Hessians and the Other German Auxiliaries of Great Britain in the Revolutionary War - War College Series Edward Jackson Lowell, 2015-02-18 This is a curated and comprehensive collection of the most important works covering matters related to national security diplomacy defense war strategy and tactics The collection spans centuries of thought and experience and includes the latest analysis of international threats both conventional and asymmetric It also includes riveting first person accounts of historic battles and wars Some of the books in this Series are reproductions of historical works preserved by some of the leading libraries in the world As with any reproduction of a

historical artifact some of these books contain missing or blurred pages poor pictures errant marks etc We believe these books are essential to this collection and the study of war and have therefore brought them back into print despite these imperfections We hope you enjoy the unmatched breadth and depth of this collection from the historical to the just published works

A Hessian Diary of the American Revolution Johann Conrad Döhla, 1993 This unique diary written by one of the thirty thousand Hessian troops whose services were sold to George III to suppress the American Revolution is the most complete and informative primary account of the Revolution from the common soldier's point of view Johann Conrad Döhla describes not just military activities but also events leading up to the Revolution American customs the cities and regions that he visited and incidents in other parts of the world that affected the war He also evaluates the important military commanders giving readers an insight into how the enlisted men felt about their leaders and opponents Private Döhla crossed the Atlantic Ocean in 1777 as a private in the Ansbach Bayreuth contingent of Hessian mercenaries His American sojourn began in June 1777 in New York Then after several months on Staten Island and Manhattan the Ansbach Bayreuth regiments traveled to the thriving seaport of Newport Rhode Island where they spent more than a year before the British forces evacuated the area The Ansbach Bayreuth regiments returned briefly to the New York New Jersey area before they were sent to reinforce the English command in Virginia Eventually Döhla participated in the battle of Yorktown of which he provides a vivid description before enduring two years as a prisoner of war after Cornwallis's surrender Bruce E Burgoyne has provided an accurate translation helpful notes for scholars and general readers and an introduction on the Ansbach Bayreuth regiments and the history of Johann Conrad Döhla and his diary This first edition of the diary in English will delight all who are interested in the American Revolution and the thirteen original colonies

The Hessians and the Other German Auxiliaries of Great Britain in the Revolution Edward J. Lowell, 2014-06-16 One of the most famous revolutions in history the American Revolution 1775-1783 was the political upheaval in which 13 distinct colonies in North America banded together to cast off British rule forming the United States of America After the shot heard round the world on April 19 1775 at the Battle of Lexington the colonies sent representatives to the Second Continental Congress the new states joined together at first to defend their respective self governance and manage the armed conflict against the British known as the Revolutionary War 1775-83 also American War of Independence Ultimately the states collectively determined that the British monarchy by acts of tyranny could no longer legitimately claim their allegiance They then severed ties with the British Empire in July 1776 when the Congress issued the Declaration of Independence rejecting the monarchy on behalf of the new sovereign nation separate and external to the British Empire Of course the colonial forces still had to defend against the British attempts to subjugate them militarily and given the British Empire's supremacy on both land and sea this would be a lot easier said than done The war ended with effective American victory in October 1781 after Yorktown followed by formal British abandonment of any claims to the United States with the Treaty of Paris in 1783 The British relied heavily on

mercenaries none more despised or feared than the Hessians Although largely forgotten today other than the fact that some Hessians fell victim to George Washington's surprise attack on Christmas Day in 1776 they were an important part of the Revolution Edward J Lowell wrote an account of the Hessians participation in the Revolution *Research Notes from the Hessians and the Other German Auxiliaries of Great Britain in the Revolutionary War* by Edward J. Lowell Mildred Clark,2008

The Hessians and the other German auxiliaries of Great Britain in the revolutionary war Edward J. Lowell,1965
The Hessians Edward J. Lowell,1975 The American Revolution 1775-1783 Richard L. Blanco,2020-12-06 This definitive encyclopedia originally published in 1983 and now available as an ebook for the first time covers the American Revolution comes in two volumes and contains 865 entries on the war for American independence Included are essays ranging from 250 to 25 000 words on major and minor battles and biographies of military men partisan leaders loyalist figures and war heroes as well as strong coverage of political and diplomatic themes The contributors present their summaries within the context of late 20th Century historiography about the American Revolution Every entry has been written by a subject specialist and is accompanied by a bibliography to aid further research Extensively illustrated with maps the volumes also contain a chronology of events glossary and substantial index *The Hessians* Rodney Atwood,2002-08-15 A study of the German auxiliaries who fought with the British against the American colonists Germany at War David T. Zabecki,2014-10-28 Written by experts for use by nonexperts this monumental work probes Germany's Genius for War and the unmistakable pattern of tactical and operational innovation and excellence evident throughout the nation's military history Despite having the best military forces in the world some of the most advanced weapons available and unparalleled tactical proficiency Germany still lost both World Wars This landmark four volume encyclopedia explores how and why that happened at the same time examining Germany as a military power from the start of the Thirty Years War in 1618 to the present day Coverage includes the Federal Republic of Germany its predecessor states and the kingdoms and principalities that combined to form Imperial Germany in 1871 The Seven Years War is discussed as are the Napoleonic Wars the Wars of German Unification including the Franco Prussian War World War I World War II and the Cold War In all more than 1 000 entries illuminate battles organizations leaders armies weapons and other aspects of war and military life The most comprehensive overview of German military history ever to appear in English this work will enable students and others interested in military history to better understand the sociopolitical history of Germany the complex role conflict has played in the nation throughout its history and why Germany continues to be an important player on the European continent
