The Adventure of Weak Theology Štefan

Štofanič,2018-10-16 In this distinctive exploration of John D Caputo s work Štefan Štofanič traces Caputo s journey of philosophical discovery from his earlier more conventional academic writings to his later almost confessional works of weak theology and his deep engagement with Derrida Štofanič draws upon Caputo s life story to help explain sudden shifts in Caputo s thinking offers intricate readings of philosophical passages that have all too often been taken for granted and joins in Caputo s effort to find a theology that can be trusted and that does not rely upon dogmatic and hierarchical authority At the same time Štofanič subtly disagrees with aspects of Caputo s view and turns to the work of Antoine de Saint Exupéry as a way to suggest that one cannot take leave of the tradition of theology as easily as Caputo thinks At times The Adventure of Weak Theology reads like a letter to Caputo and Štofanič s own passion for theology his deep understanding of Caputo s work and his gift for writing makes this an immensely appealing book for both admirers and critics of Caputo
