The Eagle and the Rising Sun Alan Schom,2004 On Saturday August 2 1941 the Washington Post reported that President Franklin D Roosevelt would depart the next day for a fishing vacation aboard his yacht Potomac By the morning of August 5 the Potomac was sailing toward the fishing waters off Cape Cod but the president was not on board Having quietly disembarked in the middle of the night the president now joined by his top military advisors was headed for Newfoundland where the U S and British governments would meet in a secret summit to coordinate their military efforts although the United States had yet to declare war on Germany The British were appalled at the state of American preparedness one British colonel remarking They have a long way to go before they can play any decisive part in the war But ready or not the United States would be catapulted into World War II within a matter of months Alan Schom s superb histories and biographies have been lauded for their dramatic sweep their focus on extraordinary personalities and their refreshingly iconoclastic perspective Schom begins this magisterial account of World War II in the Pacific by demonstrating an ironic paradox on one hand the American government and people were as inadequately prepared for war as any major power ever has been on the other the Japanese high command plunged headlong into the Pacific campaign despite clear evidence from their own analysts that Japan had too little oil and too feeble an economy to prevail against the United States It was a war that should not have been fought Schom recounts a tense saga of diplomatic maneuvering strategic blunders and pivotal successes played out in the halls of the White House Downing Street and the Imperial Palace as well as on the seas and shores of the Pacific Key figures in the war come vividly to life in a series of brilliant biographical sketches Emperor Hirohito a devotee of Western pursuits such as golf and jazz who hungered to expand Japan s global reach the destructively egotistical General Douglas MacArthur whose splendid achievements in World War I stood in stark contrast to his incompetent leadership in the Philippines Rear Admiral Kelly Turner whose realism and tactical savvy played a crucial role in turning the tide of the war and the cool headed Admiral Tanaka Raizo who repeatedly slipped through the Allied net transporting troops and supplies to and from Guadalcanal *The Eagle and the Rising Sun* embraces the broad strategic concerns of the war and the telling details and turning points of individual engagements As Rear Admiral Thomas Marfiak Ret CEO and publisher of the U S Naval Institute writes in the Foreword From time to time we are privileged to be given extraordinary insights into the history of our age Alan Schom has given us a tapestry into which he has woven figures of immense proportions yet he has not lost sight of their humanity He writes in the grand tradition of Barbara Tuchman s *The Guns of August* Book jacket **The Emperors of Modern Japan** Ben-Ami Shillony,2008 The book offers a fascinating picture of the four emperors of modern

Reflections on the Japanese Quest for Divinity John J. Keane,2016-11-07 In Cultural and Theological Reflections on the Japanese Quest for Divinity John J Keane offers an explanation of Japanese divinity kami using sociology anthropology linguistics literature and history He presents an overview of how the Japanese have sought to love and serve their kami a quest that rivals the interest that the West gives to God The principles of interreligious dialogue are applied to the meaning of kami and a plea is made for a dialogue that respectfully accepts differences between the cultures and the theologies of Eastern and Western thought Important cultural themes are discussed as a part of this quest such as the emperors of Japan and the Japanese Tea Ceremony The work also challenges the understanding of kami as highlighted by Akutagawa Ryunosuke and Endo Shusaku

Japan: 1941-1952 Stephen S. Large,1998 **Magazines and the Making of Mass Culture in Japan** Amy Bliss Marshall,2019-03-14 Magazines and the Making of Mass Culture in Japan provides a detailed yet approachable analysis of the mechanisms central to the birth of mass culture in Japan by tracing the creation production and circulation of two critically important family magazines Kingu King and Ie no hikari Light of the Home These magazines served to embed new

instruments of mass communication and socialization within Japanese society and created mechanisms to facilitate the dissemination of hegemonic forms of discourse in the first half of the twentieth century The amazing success of Kingu and Ie no hikari during the 1920s and 1930s not only established and normalized participation in a Japanese mass national audience a community which had previously not existed but also facilitated the rise of Japanese mass consumer culture in the postwar years Amy Bliss Marshall argues that the postwar mass national consumer in Japan is foreshadowed by the mass national audience created by family magazines of the interwar era This book narrates the development of such publications one explicitly capitalist and one outwardly agrarian based on missions with an overarching desire to create a mass audience Magazines and the Making of Mass Culture in Japan highlights the importance of the seemingly innocuous acts of mass leisure consumption of magazines and the goods advertised therein aiding our understanding of the creation and direction of a new form of social participation and understanding an essential part of not only the culture but also the politics of the interwar period
