The Airship A History:

The Airship Basil Collier, 1974 *Sky Ships* William F Althoff, 2016-02-15 Originally published in 1990 *Sky Ships* is easily the most comprehensive history of U S Navy airships ever written The Naval Institute Press is releasing this new edition complete with two hundred new photographs to commemorate the twenty fifth anniversary of the book s publication Impressed by Germany s commercial and military Zeppelins the United States initiated its own airship program in 1915 Naval Air Station Lakehurst in New Jersey was homeport for several of the largest machines ever to navigate the air The success of the commercial rigid airship peaked in 1936 with transatlantic round trips between Central Europe and the Americas by Hindenburg and by Graf Zeppelin ending with the infamous fire in 1937 That setback the onset of war and the accelerated progress of heavier than air technology ended rigid airship development The Navy continued to use blimps to protect Allied shipping during World War II Following the war the Navy persisted with efforts to integrate the airships but the program was finally discontinued in the early 1960s *The Achievement of the Airship* Guy Hartcup, 1975 **Lighter Than Air** Lee Payne, 1977 *A Short History of the Airship* W. L. Wade, 1916 **The Story of the Airship (Non-rigid)** Hugh Allen, 2025-03-28 Delve into the captivating history of American military airships with *The Story of the Airship Non rigid A Study of One of America s Lesser Known Defense Weapons* by Hugh Allen This meticulously prepared republication explores the development and deployment of non rigid airships often called blimps as a vital component of United States defense strategy Explore the world of early aviation and the technology behind these lighter than air craft From their initial conception to their practical applications discover how these airships played a role in military operations Allen s study offers a detailed look into the design mechanics and historical significance of these fascinating machines Perfect for enthusiasts of aviation history military technology and those interested in a unique perspective on American defense history this book provides a comprehensive and accessible account of a bygone era in military aviation Uncover the story of these often overlooked aerial giants and their impact on the landscape of early 20th century warfare This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *A History of Airships* John Richards, 2009 The definitive history of the airship capturing the excitement of a bygone era *The Airship* Edwin Mowforth, 1973 **The Airship: Its Design, History, Operation and Future. [With Plates.]** Christopher Saint John SPRIGG, 1931 **Umberto Nobile And the Arctic Search for the Airship Italia** Garth Cameron, 2017-09-09 By the time it was over eight of the crew and nine rescuers were dead and scores more had been

put in harm's way The disappearance and search for the airship Italia was headline news all over the world for months after its last radio message on 25 May 1928 It had reported being to the north east of its base at Kings Bay on the Arctic island of Spitsbergen returning from a long flight to Greenland and the North Pole Ships aircraft and men from many countries converged on Kings Bay to participate in the rescue effort The Italian airship designer and pilot Umberto Nobile had flown to the North Pole and beyond in 1926 He resolved to return to the Arctic with a new airship in 1928 The expedition had geographical and scientific aims but the political environment was also an important motivator Benito Mussolini and his fascist party had come to power in 1922 and a successful expedition to the Arctic would be excellent propaganda
