The Enigma Of Symbols In Fairy Tales Zimmer's Dialogue Renewed:

Enigma of Symbols in Fairy Tales : Zimmer's Dialogue Renewed, 1991 *The Enigma of Symbols in Fairy Tales* Robert S. McCully, 1991 This volume continues Heinrich Zimmer's ideas in *The King and the Corpse* in which Zimmer takes the position that the ancient symbolic tales and scripts cannot be pinned to a particular theory as they are in Bettelheim's Freudian approach or in Marie von Franz's Jungian analysis It uses and explains the spirit of Zimmer that the nature of a symbol must be left open so as not to confine it and examines well known fairy tales looking for the many faceted intimations common to all enduring art forms The book argues that fairy tales are retold dreams nets that catch hidden psychological realities embedded in the folk soul common to any age or time *The Spiritual Consciousness of Carmen* Martin Gaité Anne-Marie Storrs, 2023 An exploration of Spanish writer Carmen Martín Gaité's religious outlook through the inner journeys of five female characters For Martín Gaité a truly religious or spiritual perspective requires conscious attention to the products of the unconscious dreams images memories premonitions followed by reflection and action as well as a similar attentiveness and responsiveness to external events both large and small This reconnection of the supernatural and day to day worlds also involves descent to the unconscious the way to wholeness as depicted in so many myths and fairy tales including those which Martín Gaité used to retell or enhance the works analysed in this book *Sleeping Beauty The Little Mermaid Amor and Psyche Demeter and Persephone and the Descent of the Goddess Inanna* Looking at the extent to which these female characters attend to reflect on and respond to their dreams images memories and events the analysis suggests that Martín Gaité uses her stories to try to communicate both the road to her own enlightenment and warnings about paths that lead away from this **Opacity in the Writings of Robbe-Grillet, Pinter, and Zach** Yoseph Milman, 1991 This is a comparative cross cultural and cross generic study which examines the works of Robbe Grillet Pinter and Zach in reference to the basic principles of the poetics of the Absurd as set out by Sartre and Camus The assumption underlying this approach is that in modern literature as a whole the opacity of the text is often an intentionally achieved effect which is the result of a rich and sophisticated rhetorical stylistic apparatus The unintelligibility of the text in the Absurd constitutes an essential part of its impact merging into the thematics and to a great degree fashioning the very meaning of the work *Whitaker's Book List*, 1991 **Murasaki's Genji and Proust's Recherche** Shirley M. Loui, 1991 This study discusses the puzzling similarities of perspective of psychological awareness and of stylistic methods in these two unquestionably distinct and autonomous works **Dramas of the Nuclear Age--a Descriptive List of English-language Plays** Charles A. Carpenter, 2000 This volume provides a bibliographic and descriptive record of English language plays that deal directly and significantly with the Bomb a code term denoting all major aspects of the Nuclear Age that relate to atomic weapons but not nuclear power Descriptions of the plays are oriented toward their content as nuclear age dramas The descriptions are presented in chronological order since the plays vary in nature and number according to the nuclear situation that existed in

the real world It includes a selective chronology of that evolving situation along with the landmarks of literature and journalism that it spawned An index of playwrights concludes the volume Reading the Gothic in Margaret Atwood's Novels Colette Tennant,2003 This study contains a reading of Margaret Atwood's works such as *The Edible Woman* *Survival* *Lady Oracle* *Bluebeard's Egg* and *The Handmaid's Tale* through both a Gothic lens and a feminist perspective Selected Interdisciplinary Essays on the Representation of the Don Juan Archetype in Myth and Culture Andrew Ginger,John Hobbs,Huw Lewis,2001 These essays offer an interdisciplinary approach to the figure of Don Juan exploring the developing and different responses to him over the centuries across the genres and media They address the key formulation of the character in 17th century Spain trace his development through the opera up to and beyond Mozart and finally survey his destiny in the Modern Period of literature An Introduction to Selected Afro-Latino Writers Margaret Lindsay Morris,2003 This brief monograph discusses the works of ten writers from Cuba the Dominican Republic Costa Rica Panama Brazil Uruguay and Ecuador Their work is quoted extensively in both Spanish and English The book discusses the major themes of their work and meditates on issues of identity specifically the role of Black people in Latino culture Morris teaches at Smith College Annotation c 2003 Book News Inc Portland OR booknews com The Romantic and Transcendental Quests of Ralph Waldo Emerson and Victor-Marie Hugo Regina Moeller Young,2003 This study demonstrates that there is a substantial philosophical congeniality between Ralph Waldo Emerson and Victor Hugo which has so far gone unnoticed It shows many striking affinities offering a fresh perspective on both authors It examines how both Emerson's and Hugo's ideas and perceptions grew out of 19th century Western ideology as well as their personal psycho physiological experiences of the world In arguing for an understanding of Hugo as a Gallic Transcendentalist this comparative study corrects one popular image of the French writer that of a moody eccentric megalomaniac and superficial trifler as well as socio historical backgrounds it examines specific authentic 19th century articles from French and American journals in order to shed light on what critics had to say about the foreign poet There is also a collection and analysis of Emerson's never written French traits Emerson's perceptions of the French as a nation as expressed in his journal entries The study then gives a detailed analysis of Emerson's and Hugo's main affinity their Transcendentalist cosmology A Comparative Study of Longinus and Al-Jurjani Adnan K. Abdulla,2004 Consolidating and expanding arguments and conclusions he has made in two articles in English and a book in Arabic Abdulla investigates the similarities in the ideas and critical criteria of two the important critics Longinus wrote *Peri Hupsous* On the Sublime in the first or third century AD Al Qadi al Jurjani wrote *Al Wasata bayna al Mutanabbi*

Rhetorical Deception in the Short Fiction of Hawthorne, Poe, and Melville Terry J. Martin,1998 This study analyzes an innovative rhetorical strategy employed in certain of the most challenging and misunderstood stories of American Renaissance including *Young Goodman Brown* *Murders in the Rue Morgue* and *Benito Cereno* In these stories the reader is forced to take the view of a character who is self deluded and implicated in crime yet whose nature is never
