The Eternal Triangle:

The eternal triangle Jane Tobitt,1906 *The Eternal Triangle* Patricia Ethel Stonehouse Scott,1915 The Eternal Triangle , **The Eternal Triangle** Lindsay RUSSELL (pseud.),1915 **The Eternal Triangle** Susan Quilliam,1990

Splitting Up Alvin Pam,Judith Pearson,1998-08-06 From the characterological struggle that leads to the breakup through the difficult adjustments that come after the marriage is over this volume examines the emotional process of divorce Illustrated throughout with evocative case examples this book explores why marriages fail the feelings and reactions of both the rejecting and the rejected partners the psychodynamics of jealousy the possibility of reconciliation and the impact of divorce on children *The Eternal Triangle* Margot WRIGHT,1936 **Triune Love** Maryann Shores,1995 **The Eternal Triangle** Voice of experience,1933 **The Eternal Triangle** Ngata,1978 A Worker's Writebook: How Language Makes Stories Jack Matthews,2011-04-12 This quirky writing guide by Jack Matthews author of 20 literary works offers insight about how successful writers mold raw experiences into a story and how language helps you to do that Erudite witty idiosyncratic serendipitous mischievous sesquipedalian entertaining introspective and colorful these are adjectives which come to mind when reading this book Less For several decades Jack Matthews distributed a photocopied version of this guide to students in his fiction writing classes at Ohio University A Worker s Writebook offers insight about how successful writers mold raw experiences into a story and how language helps you to do that It offers good examples and practical advice for getting a story idea off the ground it analyzes several stories including one of Matthews own and offers paradigms for understanding how stories work Erudite witty idiosyncratic serendipitous mischievous sesquipedalian entertaining introspective and colorful these are adjectives which come to mind when reading this book The book consists of essays and dialogue called interludes These interludes punch holes in the rules and pronouncements made in the essays they also help the book avoid seeming too dogmatic The two voices in the interludes are not exactly characters but the author and a contrarian voice within the author The comparison to Platonic dialogues is apt Matthews received his undergraduate degree in classical Greek literature and has always found echoes of the classical age in contemporary art and life Still the poetics of Writebook is grounded less in Aristotle than Aristophanes Although Writebook touches upon practical aspects of writing fiction such as naming characters and writing speech cues it focuses on helping the writer to write more boldly and with more attention to the linguistic vehicles of thought For Matthews most stories fail through under invention not because the rules of narrative have been disregarded Chapter 2 Taxonomies and 3 Structural Matters cover paradigms for plot and character development These are worthy subjects and Matthews has interesting things to say especially when he tries to analyze his story Funeral Plots with these same paradigms At the same time Matthews recognizes that there is no magic paradigm or archetype capable of explaining what makes all stories successful these are just guides At some point you just have to trust writerly intuition Writebook helps the potential storyteller to cultivate this intuition and be flexible enough to

bend rules when necessary Matthews writes Anything can be done if it s done in the right way with style panache and cunning At another time he wrote Literature is the least pure of all the arts and that is its richness and power It s a temporal art like a symphony it has periodicities it has rhythms prose itself has sound it evokes visual imagery like painting Many writing books include a chapter or two listing literary cliches to avoid For the most part Writebook doesn t do that Instead it goes deeper and analyzes why some metaphors succeed and others do not The funny Parable of the Indifferent Ear provides a good case study about how linguistic inventiveness doesn t always translate into effective writing Literary insights from Writebook can be applied to drama novels and poetry but they are especially applicable to smaller forms like the short story though Matthews claim that a short story of more than 10 000 words rarely succeeds is sure to be controversial Writebook introduces lots of new ideas and terminology the non sequential time opening the Swamps of Antecedence pointedness which is how stories gain enough momentum to escape the gravitational pull of the author linguistic vehicles the actual words which transport the thought and why flat characters aren t always bad Mr Matthews is a master of prose conversation and deadpan charm He is ironic cool and shrewd and he writes a lucid prose Tom O Brien NEW YORK TIMES Matthews always graceful prose finds that precise telling detail It s easy to fall in love with such writing Perry Glasser NORTH AMERICAN REVIEW
