The European Defence Initiative Europe's Bid For Equality:

The European Defence Initiative Geoffrey Lee Williams, 1986-06-18 The Strategic Defense Initiative Ralph L. Dietl, 2018-08-15 The Nuclear and Space Talks revolutionized arms control The Cold War endgame commenced with the umbrella negotiations that linked START and INF negotiations to a regulation on the weaponization of space This volume reveals a US grand strategy to replace deterrence with a collective security order An entente of the superpowers was needed to transform bipolarity The US planned the replacement of mutually assured destruction by mutually assured security A global astrodome was to protect a nuclear disarmed world The Franco German special relationship in European affairs had to be amended by a US SU special relationship to replace classic bloc politics The Reagan Administration planned a global zero agenda a joint development of a global protective system and a creation of a Common House of Europe In brief the superpowers prepared the velvet revolution that eliminated the Cold War structures Neither containment nor convergence offers a valid explanation of the Cold War endgame Co creation is the key to decipher the end of the Cold War NATO Europe challenged the transformation of bipolarity The European NWS resisted to a multilateralization of strategic arms control In Europe the classic Cold War thinking survived the fall of the Iron Curtain European conservatism contributed to the geopolitical catastrophe of the first order the downfall of the Soviet Union The Reagan Administration developed a Grand Strategy to end the Cold War The US SU co creation of an astrodome was meant to ease a global zero agenda A global collective security structure under the United Nations was to replace deterrence The superpower project collapsed due to the penetration of US decision making by NATO Allies The European NWS totally objected to a multilateralization of strategic arms control to preserve their relative position in the international system **The Dynamics of European**

Security Cooperation, 1945-91 Gülnur Aybet, 2016-01-12 This is the first integrated analysis of all aspects of security cooperation in western Europe from 1945 to 1991 It provides an accessible yet sophisticated survey of the wider dynamics of security cooperation in each decade throughout this period It covers all aspects of security cooperation which range from the political such as a European voice in arms control to military such as a European input into NATO strategy and economic involving collaboration in defence technology and production Nato and the Transatlantic Alliance in the Twenty-First

Century G. Williams, B. Jones, 2001-03-13 This book examines the nature of international politics in the twentieth century It encapsulates those essential and enduring features likely to be present in the twenty first century One important feature is the friction generated by nation states attempting to coexist in a still largely unequal and hierarchical system of states The possible impact of three powerful simultaneous and intersecting revolutions on international relations and the future of NATO is assessed in relation to the twenty first century **Labour's Decline and the Social Democrats' Fall** Geoffrey

Lee Williams, 1989-06-01 This book traces the decline of the Labour Party's popularity and the development of the Social Democratic party The authors have also written Crisis in European Defence and The European Defence Initiative Europe's

Bid for Equality **A European Security Architecture after the Cold War** G. Aybet, 2000-06-05 A European Security Architecture after the Cold War provides a critical account of the re projection and redefinition of Western values and security institutions in the post Coldwar era This transformation is explored in three stages The first stage covers the period 1990 91 and explains the preservation of a western security community inherited from the Cold War through a process of institutional reconstruction largely carried out on paper The second stage from 1991 to 1992 sees the incorporation of a purpose for these institutions as a framework for the implementation of collective security The third stage explores the emerging questions of legitimacy surrounding the new tasks of these institutions as they become embroiled in the war in the former Yugoslavia The precedents of legitimate intervention in upholding democracy free markets and human rights in the post coldwar era are examined from the perspectives of international law and Gramscian derived concepts of legitimacy focusing on the acceptance of military power by civil society and how intervention in these terms becomes a cultural practice

The New Europe Frances Scott, 1991 *Air University Library Index to Military Periodicals* , 1987 **North Atlantic Treaty Organization** Phil Williams, 2024-11-01 This volume consists of major books written in the English language on NATO as well as an extensive listing of journal articles that deal with various aspects of the Alliance All the major debates that have taken place over the last forty years are discussed **The New European Security Disorder** S. Duke, 1994-10-07 The New European Security Disorder presents a clear and comprehensive overview of the main actors institutions and changes in European security since the end of the Cold War Special emphasis is put on the assessment of threats to Europe s security the lack of coherent leadership in Bosnia and elsewhere and the need for pan European security institutions

The Promise of Alliance Ian Q.R. Thomas, 1997-08-28 The nature and function of the North Atlantic Treaty Organization NATO are uncertain now that the alliance has accomplished its primary objective of defending Western Europe from the perceived Soviet threat Despite uncertainty about NATO s role in the post Cold War world its political and military leaders agree that it can continue to play a vital part in enhancing European security and maintaining international stability This superb analysis explores the evolving functions and future directions of this unique organization paying particular attention to the political cultures and goals of its member states The Promise of Alliance is important reading for students and scholars of international relations foreign affairs and political theory **European Yearbook 1986** P. Drilien, Council of Europe/Conseil de L'Europe, 1988-09-08 The European Yearbook promotes the scientific study of nineteen European supranational organisations and the OECD Each volume contains a detailed survey of the history structure and yearly activities of each organisation and an up to date chart providing a clear overview of the member states of each organisation

Militarizing Outer Space Alexander C.T. Geppert, Daniel Brandau, Tilmann Siebeneichner, 2020-12-02 Militarizing Outer Space explores the dystopian and destructive dimensions of the Space Age and challenges conventional narratives of a bipolar Cold War rivalry Concentrating on weapons warfare and violence this provocative volume examines real and

imagined endeavors of arming the skies and conquering the heavens The third and final volume in the groundbreaking European Astroculture trilogy *Militarizing Outer Space* zooms in on the interplay between security technopolitics and knowledge from the 1920s through the 1980s Often hailed as the site of heavenly utopias and otherworldly salvation outer space transformed from a promised sanctuary to a present threat where the battles of the future were to be waged Astroculture proved instrumental in fathoming forms and functions of warfare's futures past both on earth and in space The allure of dominating outer space the book shows was neither limited to the early twenty first century nor to current American space force rhetorics

The new Europe : challenges for U.S. policy ,1991 Surviving the Nuclear Age Canadian Institute for International Peace and Security,1990 This bibliography covers the period from 1945 to 1983 with an emphasis on 1976 to 1983 and includes references to books and periodicals only It attempts to be comprehensive in all aspects of nuclear weapons and all aspects of arms control and disarmament A list of subject headings is provided under which the citations are arranged in the subject section Author and key word indexes are also provided *The Burdensharing Debate* Simon Duke,1993-06-18 Examines critically the history and assumptions behind the divisive question of allied contributions to the common defence It looks at the methodology of the burdensharing debate and focuses on political economic and military ramifications of the debate Peace and the Sciences ,1994 **RUSI and Brassey's Defence Yearbook** Royal United Services Institute for Defence Studies,1987 *Special Bibliography Series* United States Air Force Academy. Library,1991 **Special Bibliography Series** ,1957
