The Experience Of Hope Mission And Ministry In Changing Urban Communities:

The Experience of Hope Wayne Stumme, 1991 **The Promise of Lutheran Ethics** Karen L. Bloomquist, John R. Stumme, 1998-08-01 Here ten Lutheran theologians explore Lutheran emphases themes and approaches to offer their account of Christian ethics as a way of life in today's world Writing in dialogue they raise foundational concerns of biblical and theological sources and norms of Christian freedom and responsibility of call and social witness of justice and formation in prayer Then in a lively Table Talk the participants discuss and debate the tradition's insights and oversights and show how it might illumine today's burning ethical issues such as homosexuality **Soulsunami** Leonard Sweet, 2009-10-14 Road rage animal rights cyberporn crystal healing doctor assisted suicide everywhere we look the signs all tell us we're living in a post-Christian culture Or are we Leonard Sweet cultural historian preacher futurist creatologist and preeminent thinker firmly believes we live today in a pre-Christian society fraught with challenges dangers critical choices and above all tremendous potential for the church The outcome will depend on our response to today's flood of religious pluralism that threatens to sweep us away What will we do Deny the reality of the incoming surge Hunker in the bunker hermetically sealing ourselves in an increasingly out of touch church counterculture Or will we boldly hoist our sails and looking to God for guidance and strength move with confidence and purpose over the waves SoulTsunami is a fascinating even mind numbing look at the implications of our changing world for the church in the 21st century With uncanny wisdom and trademark wit Leonard Sweet explores ten key futuribles precision guesses that fall short of predictions expanding on and relating topics ranging from the reentry of theism and spiritual longing in contemporary society to the impact of modern technology to the global renaissance to models for the church to reach people caught in the cultural maelstrom Here are eye opening perspectives on the church from within and from without from its surrounding society Lively well written and provocative SoulTsunami is a clarion call for Christians to remove their tunnel vision glasses and take a good look at the swelling postmodern flood It also is a voice of encouragement affirming the church in its role as God's lifeboat And it is a passionate prophetic guide pointing the way to reach a world swept out to sea **Shades of White Flight** Mark T. Mulder, 2015-03-12 Since World War II historians have analyzed a phenomenon of white flight plaguing the urban areas of the northern United States One of the most interesting cases of white flight occurred in the Chicago neighborhoods of Englewood and Roseland where seven entire church congregations from one denomination the Christian Reformed Church left the city in the 1960s and 1970s and relocated their churches to nearby suburbs In Shades of White Flight sociologist Mark T. Mulder investigates the migration of these Chicago church members revealing how these churches not only failed to inhibit white flight but actually facilitated the congregations departure Using a wealth of both archival and interview data Mulder sheds light on the forces that shaped these midwestern neighborhoods and shows that surprisingly evangelical religion fostered both segregation as well as the decline of urban stability Indeed the Roseland and Englewood stories show

how religion often used to foster community and social connectedness can sometimes help to disintegrate neighborhoods Mulder describes how the Dutch CRC formed an insular social circle that focused on the local church and Christian school instead of the local park or square or market as the center point of the community Rather than embrace the larger community the CRC subculture sheltered themselves and their families within these two places Thus it became relatively easy when black families moved into the neighborhood to sell the church and school and relocate in the suburbs This is especially true because in these congregations authority rested at the local church level and in fact they owned the buildings themselves Revealing how a dominant form of evangelical church polity congregationalism functioned within the larger phenomenon of white flight *Shades of White Flight* lends new insights into the role of religion and how it can affect social change not always for the better *Dark Salutations* Riggins Renal Earl,2001-08-01 Although Henry Louis Gates examined the ways in which African slave language formed the metaphors for African American poetry and fiction in *The Signifying Monkey* there have been no studies of the theological and ethical significance of the salutations of black Americans until now In *Dark Salutations* Riggins Earl examines black American s ethnocentric verbalized salutary expressions brotherman and sistergirl for example that dominate their ritualistic moments of social encounter The noticeable religious content of some of these salutations drives us to examine blacks understandings of God and brother sisterhood challenges Is God a respecter of persons Or have black people understood God to be faithfully for them and with them politically and spiritually Have black people understood themselves to be trustfully for and with each other spiritually and politically Have black people understood themselves to be trustfully for and with even the whites who oppressed them Earl argues that these salutary expressions show how blacks have lived with the burdensome challenge of having to prove their sisterly and brotherly capacities and with the insatiable desire to be treated as equal siblings in the family of God **The Negro Church** William Edward Burghardt Du Bois,2003 A new edition of Du Bois s pathbreaking sociological work on the black church
