*Leadership as Masterpiece Creation* Charles Spinosa, Matthew Hancocks, Haridimos Tsoukas, 2024-03-19 How leaders can take the moral risks necessary to create masterpieces: admirable, distinctive and high-achieving businesses that create meaningful lives for customers, employees and themselves. In *Leadership as Masterpiece Creation*, Charles Spinosa, Matthew Hancocks and Haridimos Tsoukas show how the humanities can help leaders create profitable masterpiece organizations. Such organizations, they assert, are ones that possess the emotional and moral sensibilities of an artist, the wisdom of a statesperson and the technical know-how of commerce. The authors draw on the works of Nietzsche, Heidegger, Bernard Williams, Shakespeare and Machiavelli to conceptualize moral risk-taking and then on the actions of Churchill, Madam C. J. Walker, Anita Roddick, Jeff Bezos and others to show how the humanities can help create admirable businesses today. As management consultants and educators steeped in the humanities themselves, the authors discuss their experiences helping business leaders achieve successful masterpieces that bring good lives to many. After describing our contemporary business environment and examples of leaders who have created masterpiece organizations, the book turns to the basic skills of masterpiece creation: managing moods, building trust, listening for difference and speaking truth to power. Then come the senior skills: moral risk-taking and creating a masterpiece organizational culture, strategy and leadership style. Last, the authors explain why their leaders build an economy of gratitude. A culturally ambitious and refreshing read, *Leadership as Masterpiece Creation* is an invaluable volume for leaders of every stripe who wish to act daily with moral imagination.
