The Guide To Everything Jewish In New York:

The Guide to Everything Jewish in New York Nancy Davis, Joy Levitt, 1986 Teaching Jewish Life Cycle Barbara Binder Kadden, Bruce Kadden, 1997 Background information on every stage of life covers every Jewish life cycle event from birth to death insights from Jewish tradition hundreds of creative activities for all ages **Jewish-Christian Dialogue and the Life of Wisdom** Matthew Levering, 2010-03-21 This book inquires as to whether theological dialogue between Christians and Jews is possible not only in itself but also as regards the emergence of communities of Messianic Judaism In light of David Novak's insights Matthew Levering proposes that Christian theological responses to supersessionism need to preserve both the Church's development of doctrine and Rabbinic Judaism's ability to define its own boundaries The book undertakes constructive philosophical theology in dialogue with Novak Exploring the interrelated doctrines of divine providence theonomy the image of God and natural law Levering places Novak's work in conversation especially with Thomas Aquinas whose approach fosters a rich dialogue with Novak's broadly Maimonidean perspective It focuses upon the relationship of human beings to the Creator with attention to the philosophical entailments of Jewish and Christian covenantal commitments aiming to spell out what true freedom involves It concludes by asking whether Christians and Jews would do better to bracket our covenantal commitments in pursuing such wisdom Drawing upon Novak's work the author argues that in the face of suffering and death God's covenantal election makes possible hope lacking which the quest for wisdom runs aground 850 Intriguing Questions about Judaism Ronald L. Eisenberg, 2015-06-17 Both Jews and non Jews alike have many misconceptions of Jewish teachings and practices Some seemingly unusual statements about Jewish teachings and practices are actually true whereas some apparently reasonable and popularly believed statements are false Many statements regarding Jewish teachings and practice are partly true and partly false requiring a more nuanced explanation of the true situation In 850 Intriguing Questions about Judaism True False or In Between Ronald L Eisenberg explores a wide range of Jewish teachings and practices discussing the degree to which they are true false or a bit of both Offered in question and answer format readers are invited to explore with the author what they really know about Jewish life history holidays and scripture Eisenberg tackles all sorts of topics from artificial insemination to organ donation and euthanasia second day festivals in the Diaspora to the why really sound the shofar from what the ner tamid signifies to Jewish rules of war Throughout Eisenberg takes a nuanced approach to his topics laying the groundwork for a useful survey of what we ought to know better about Jews Judaism and Jewish teachings and practices This is perfect reference work for anyone curious about Judaism Jewish life and Jewish history and who has ever wondered what the real answer was to the many questions they might have had

Beholding the Tree of Life: A Rabbinic Approach to the Book of Mormon Bradley J. Kramer, Too often readers approach the Book of Mormon simply as a collection of quotations an inspired anthology to be scanned quickly and routinely recited In Beholding the Tree of Life Bradley J Kramer encourages his readers to slow down to step back and to contemplate the literary qualities of the Book of Mormon using interpretive techniques developed by Talmudic and post Talmudic rabbis Specifically Kramer shows how to read the Book of Mormon closely in levels paying attention to the details of its expression as well as to its overall connection to the Hebrew Scriptures all in order to better appreciate the beauty of the Book of Mormon and its limitless capacity to convey divine meaning *A Code of Jewish Ethics, Volume 2* Rabbi Joseph Telushkin, 2009-02-10 Jewish thinkers don't talk all that much about love All too often we leave that to Christian theologians But in this excellent volume Rabbi Joseph Telushkin puts the commandment to love at the center of Jewish theology and experience This is a book that will change the way you think about and practice Judaism Professor Ari L Goldman Columbia University and author of *The Search for God at Harvard* Love your neighbor as yourself is the best known commandment in the Bible Yet we rarely hear anyone talk about how to apply these words in daily life In this landmark work Rabbi Joseph Telushkin one of the premier scholars and thinkers of our time gives both Jews and non Jews an extraordinary summation of what Jewish tradition teaches about putting these words into practice Writing with great clarity and simplicity as well as with deep wisdom Telushkin covers topics such as love and kindness hospitality visiting the sick comforting mourners charity relations between Jews and non Jews compassion for animals tolerance self defense and end of life issues This second volume of the first major code of Jewish ethics written in the English language is breathtaking in its scope and will undoubtedly influence readers for generations to come It offers hundreds of practical examples from the Torah the Talmud the Midrash and both ancient and modern rabbinic commentaries as well as contemporary anecdotes all teaching us how to care for one another each and every day *A Code of Jewish Ethics Volume 2 Love Your Neighbor as Yourself* is a consummate work of scholarship Like its acclaimed predecessor which received the National Jewish Book Award it is rich with ideas to contemplate and discuss while being primarily a book to live by Nothing could be more important in these strife torn times than learning how to love our neighbors as ourselves The message of this book is as vital and timely now as it has been since time immemorial **Humbling Faith** Peter Admirand, 2019-03-22 This is a book hoping to embolden doubt and sharpen unanswerable questions all in the context of loving the self and one another Ridiculously it believes the world can be healed

through such a hope It is especially addressed to those allergic to the word faith and others who feel confident and proud in the faith they profess or system of thought they live by Humbling Faith helps us see how our beliefs or non beliefs our belongings and identities often remain flawed myopic self absorbed unredeemed The hope is that such awareness of our brokenness can fuel greater ethical partnerships and dialogue promoting peace from our recognized need for one another Humbling Faith is not only a resource towards humbling other faiths but most importantly your own *The Oxford Dictionary of the Jewish Religion* Adele Berlin,2011 Hailed by Library Journal as the best ready reference access point to the Jewish religion and as essential by CHOICE in its First Edition The Oxford Dictionary of the Jewish Religion has been the go to resource for students scholars and researchers in Judaic Studies since its 1997 publication Now The Oxford Dictionary of the Jewish Religion Second Edition focuses on recent and changing rituals in the Jewish community that have come to the fore since the 1997 publication of the First Edition including the growing trend of baby naming ceremonies and the founding of gay lesbian synagogues Under the editorship of Adele Berlin nearly 200 internationally renowned scholars have created a new edition that incorporates updated bibliographies biographies of 20th century individuals who have shaped the recent thought and history of Judaism and an index with alternate spellings of Hebrew terms Entries from the previous edition have been revised new entries commissioned and cross references added all to increase ease of navigation research The Dictionary covers more than three millennia of Jewish religious thought custom law and practice from traditional approaches to Reform Conservative Reconstructionist and post denominational Judaism Brief definitions and longer essays all supplemented with bibliographies enlighten readers about the major figures folklore and events in the history of Judaism throughout the world *Music in the Hebrew Bible* Jonathan L. Friedmann,2013-11-04 Music in the Hebrew Bible investigates musical citations in the Hebrew Bible and their relevance for our times Most biblical musical references are addressed either alone or as a grouping and each is considered from a modern perspective The book consists of one hundred brief essays divided into four parts Part one offers general overviews of musical contexts recurring musical biblical themes and discussions of basic attitudes and tendencies of the biblical authors and their society Part two presents essays uncovering what the Torah Pentateuch has to say about music both literally and allegorically The third part includes studies on music s place in Nevi im Prophets and the perceived link between musical expression and human divine contact Part four is comprised of essays on musical subjects derived from the disparate texts of Ketuvim Writings *Creating an Ethical Jewish Life* Byron L. Sherwin,Seymour, Cohen,2000-12-04 The classic texts of Jewish ethical literature works little known to most of us now available for personal study This one of a kind book brings Jewish ethical literature from ancient and medieval worlds straight into our twenty first century lives *In Search of the Good Life* Corey Miller,2019-10-01 What is the Good Life Learn from some of the greatest minds in Greek Jewish and Christian thought Comparing their thought reveals a new apex reached in the age old question concerning the relationship of Jerusalem and Athens faith and reason Few have been

more influential in Judaism and Christianity than Moses Maimonides and Thomas Aquinas yet Aristotle influenced them both in significant ways By adopting and adapting some of Aristotle's best thinking we can appreciate Maimonides and Aquinas search for the Good Life from their respective views ranging from the fall to human perfectibility This examines human nature the human telos and how each would prescribe the route to the Good Life For all three it is ultimately about the knowledge of God But what does that mean The comparative approach is more illuminating than if considered in isolation Comparatively Aristotle's approach may be characterized as informational Maimonides as instructional and Aquinas as pneumatic relational The role of faith as a virtue in both Maimonides and Aquinas makes a substantive difference over Aristotle's in philosophical and practical ways It is used to exploit their accounts of the human fall moral perfection and ultimate human perfection the knowledge of God

Jewish Life in Small-Town America Lee Shai Weissbach, 2008-10-01 In this book Lee Shai Weissbach offers the first comprehensive portrait of small town Jewish life in America Exploring the history of communities of 100 to 1000 Jews the book focuses on the years from the mid nineteenth century to World War II Weissbach examines the dynamics of 490 communities across the United States and reveals that smaller Jewish centers were not simply miniature versions of larger communities but were instead alternative kinds of communities in many respects The book investigates topics ranging from migration patterns to occupational choices from Jewish education and marriage strategies to congregational organization The story of smaller Jewish communities attests to the richness and complexity of American Jewish history and also serves to remind us of the diversity of small town society in times past

snapshots of how life developed and changed for Jews in California as California itself evolved and grew We firmly believe that there is something special about the Jewish role in California and even more so in Southern California that here on the lower left coast Jews have had an Americanization experience that is significantly different from that which Jews have had elsewhere in the USA Conversely Southern California would be quite a different place without the Jews who made it their home Book jacket
