The Guyana Massacre:

The Strongest Poison, 2014-03-31 Nearly one thousand members of the Peoples Temple settlement in Jonestown Guyana died in a massacre in November 1978 The deaths followed the killing of United States Congressman Leo Ryan and other Temple members as they attempted to leave the compound Those killings along with the massacre were ordered by the cult's charismatic leader Jim Jones Mark Lane had accompanied Congressman Ryan into Jonestown on a fact finding mission and was captured and held hostage during the massacre I will tell the world the truth about what happened here With those words Mark Lane's guards allowed him to escape from his makeshift prison from what would soon become one of the most tragic events in 20th century America Lane found himself fleeing for his life through the impenetrable darkness of the Guyanese rainforest as the sounds of the Jonestown massacre echoed behind him In *The Strongest Poison* Lane tells why he was there what happened in the days leading up to the massacre and relates the stories of the nearly 1 000 men and women who put their faith in Jim Jones and his jungle paradise and died there In this riveting tale of hope and renewal despair and devastation Lane explores the reasons behind the Peoples Temple's journey to Guyana of the joyous celebrations and the hardships of the pioneering community He also explores the reasons for Congressman Ryan's investigation into the community exposing the decisions made by representatives of the United States government that pushed the increasingly irrational Jones to his breaking point

American Suicide Howard I. Kushner, 1991 For the nineteenth century physician the moral issues that suicide raised could not be isolated from its constitutional components Thus those who exhibited suicidal tendencies were subjected to an amalgamation of pharmacological social and psychological interventions which practitioners labeled the moral treatment By the 1890s however the consensus about the causes of suicide became unglued as a bacteriological medicine and the rise of the social sciences jointly served to call into question eclectic diagnoses The goal of *American Suicide* is to demonstrate how the apparent contradictions among sociological psychoanalytic and neurobiological explanations of the etiology of suicide may be resolved Only through a reintegration of culture psychology and biology can we begin to construct a satisfactory answer to the questions first raised by Durkheim Freud and Kraepelin

The Rise and Fall of Synanon Rod Janzen, 2023-10-03 The definitive account of Synanon On a fall day in 1978 Los Angeles attorney Paul Morantz reached into his mailbox to collect his mail and was nearly killed He was bitten by the four foot long rattlesnake that had been put there by members of a cultlike group called Synanon Chuck Dederich a former Alcoholics Anonymous member who coined the phrase Today is the first day of the rest of your life established Synanon as an innovative drug rehabilitation center near the Santa Monica beach in 1958 Synanon quickly evolved into an experimental commune and religion that attracted thousands of members and was strongly committed to social justice and progressive education Twenty years later when Dederich was arrested for the Morantz attack Synanon had devolved into a paranoid community that followed its egomaniacal leader in

whatever direction he chose to take Based on extensive primary sources and interviews with former members The Rise and Fall of Synanon explores how the group arose in the context of American social political and economic trends Historian Rod Janzen argues that Synanon s downfall resulted from members giving too much power to Synanon s charismatic founder The subject of a new documentary and podcast this community serves as a mesmerizing case study of how alternative societies can change over time and how the general public s reactions to such societies can shift from tolerance to fear and opposition

State Responses to Minority Religions David M. Kirkham,2017-05-15 The response of states to demands for free exercise of religion or belief varies greatly across the world In some places religions come as close as imaginable to autonomous existences with little interference from government In other cases religion finds itself grinding out a meagre living if at all under the jealously watchful eye of the state This book provides a legal and normative overview of the variety of responses to minority religions

Imagining Religion Jonathan Z. Smith, 2024-07-31 With this influential book of essays Jonathan Z Smith has pointed the academic study of religion in a new theoretical direction one neither theological nor willfully ideological Making use of examples as apparently diverse and exotic as the Maori cults in nineteenth century New Zealand and the events of Jonestown Smith shows that religion must be construed as conventional anthropological historical and as an exercise of imagination In his analyses religion emerges as the product of historically and geographically situated human ingenuity cognition and curiosity simply put as the result of human labor one of the decisive but wholly ordinary ways human beings create the worlds in which they live and make sense of them These seven essays display the critical intelligence creativity and sheer common sense that make Smith one of the most methodologically sophisticated and suggestive historians of religion writing today Smith scrutinizes the fundamental problems of taxonomy

and comparison in religious studies suggestively redescribes such basic categories as canon and ritual and shows how frequently studied myths may more likely reflect situational incongruities than vaunted mimetic congruities His final essay on Jonestown demonstrates the interpretive power of the historian of religion to render intelligible that in our own day which seems most bizarre Richard S Sarason Religious Studies Review
