Roney,Mark Beekey,2022-11-16 This multi authored study explores how the natural sciences and the humanities together can understand the connections between the natural environment the built environment and the cultural heritage of communities along the west coast of Ireland Knowledge of the sea and marine life and what they mean to humanity is dependent on both scientific study and local knowledge which in turn can lead to a greater commitment to sustainability Until the 1950s there was little government support for scientific research nor an interest in helping fisheries beyond near shore catch Irish fisheries remained small underfunded and had difficulty accessing international markets However as this book shows Ireland s cultural heritage demonstrates a deep appreciation for the coastal environment and a sense of place This is preserved in the Irish language in poetry story and music and in the ways the Irish lived with an often wild coastal topography     **Catholic Teaching Brothers** T. O'Donoghue,2012-09-14 O'Donoghue s book which is written as a traditional historical narrative while also utilizing a comparative approach is concerned with the life of Catholic religious teaching brothers across the English speaking world especially for the period 1891 to 1965 which was the heyday of the religious orders     **Grotesque Anatomies** David Musgrave,2014-10-16

Grotesque Anatomies is a study of Menippean satire in English since the Renaissance. It consists of revisionist close readings of canonical works such as Eliot's *The Waste Land* and Pope's *Dunciad* among others and investigates how identifying them as Menippean satires changes our understanding of them. The initial chapter offers a comprehensive account of the form from antiquity to the present day, identifying its bifurcated development in the shorter form (Seneca, Lucian, Julian) and the longer, more encyclopedic form (Varro, Petronius, Boethius) and their subsequent fusion during the Renaissance. It also contains an account of the critical reception of the genre, with the term Menippean satire first being used by Justus Lipsius in 1581. Finally, Menippean satire is described as a literary version of the grotesque, and a brief theory of the grotesque in the modern period as radical heterogeneity is outlined. This is also the foundation of a new definition of Menippean satire, drawing on previous definitions by Frye, Bakhtin, and Kirk and revising them for the modern period. The following chapters examine iconic works as examples of Menippean satire and of the grotesque. Chapter 2 offers an overview of the nose in Menippean satire and comic literature generally and reads Rushdie's *Midnight's Children* in this context. It also gives an account of metaphor as a grotesque transformation. Chapter 3 examines the figure of the stomach in Menippean satire and symposiastic literature and reads Peacock's *Gryll Grange* in this context. The link between the stomach as a figure of thinking in comic literature is the basis for an account of symbolic structuring as grotesque association. Chapter 4 is a close reading of the scatological imagery of Pope's *Dunciad* and how scatology generally tends towards a cyclical metaphysics. It also relates changes in print technology and copyright laws to the reticular scatological structure of the *Dunciad*. Chapter 5 argues for Eliot's *The Waste Land* as a Menippean satire, focusing on the rhetorical figure of the enthymeme as a missing premise as an example of undermindedness and as an ironic aspect of the fragmentation typical of late Romantic Menippean satires. Chapter 6 examines Urquhart's eccentric *The Jewel* as a satire on the referential function of language, reading it in the context of projections for a universal language from this period. The final chapter identifies some key works by Derrida and Barthes as Menippean satires, noting the resurgence of the form in some postmodern and deconstructive writing.

Modern Irish Writers Alexander G. Gonzalez, 1997-08-26

While the Irish Literary Revival began around 1885 and ended somewhere between 1925 and 1940, the Irish Renaissance has continued to the present day and shows no sign of abating. The period has produced some of the most important and influential figures in Irish literature, some of whom are counted among the world's greatest authors. The Revival saw a reestablishment of Ireland's literary connections with its Celtic heritage, and writers such as William Butler Yeats and Lady Gregory drew heavily on the myths and legends of the past. James Joyce boldly reshaped the novel and wrote short fiction of enduring value. Contemporary Irish writers continue to be leading figures and include such authors as Brian Friel, Seamus Heaney, and Eavan Boland. Included in this reference book are alphabetically arranged entries for more than 70 modern Irish writers, including Samuel Beckett, William Trevor, Patrick Kavanagh, Medbh McGuckian, Sean O'Casey, J.M. Synge, and Nuala Ni Dhomhnaill. Entries are written by expert contributors and reflect a broad range of perspectives. Each entry
