The Hastings Conspiracy:

The Hastings Conspiracy Alfred Coppel,1980 **Edward IV, England'S Forgotten Warrior King** Dr. Anthony Corbet,2015-01-21 As the 100 Years War ground to its dismal end England groaned under the misrule of Henry VI and his Lancastrian favorites The House of York rose in rebellion and Parliament restored York in the line of inheritance to the throne Edward Earl of March triumphed at the Battle of Mortimers Cross Parliament asked him to be King and the people proclaimed him Edward IV His life and legacy are chronicled in *Edward IV Englands Forgotten Warrior King* For ten years Edward struggled against repeated Lancastrian rebellions He was driven from his kingdom by Richard Earl of Warwick but then he won decisive victories at the Battles of Barnet and Tewkesbury in 1471 For another twelve years he reigned wisely with peace and prosperity as a beloved King but then he died at age forty one and his twelve year old son was proclaimed Edward V Richard Duke of Gloucester seized the throne and put young Edward and his brother in the Tower of London from where they never emerged alive Richard III was a good King and wanted to be respected but the people believed he had murdered the Princes in the Tower and would not forgive him Queen Elizabeth and Margaret Beaufort plotted with Henry Tudor who invaded England in 1485 Henry Tudor then defeated and killed Richard III at the Battle of Bosworth Field Henry Tudor Henry VII was crowned King and married Edward IVs daughter Elizabeth the resultant Tudor dynasty would rule England for another 118 years **Strype's Works** John Strype,1824 Richard III Charles Ross,2011-05-28 Richard III ruled England for a mere twenty six months yet few English monarchs remain as compulsively fascinating and none has been more persistently vilified In his absorbing and universally praised account Charles Ross assesses the king within the context of his violent age and explores the critical questions of the reign why and how Richard Plantagenet usurped the throne the belief that he ordered the murder of the Princes in the Tower the events leading to the battle of Bosworth in 1485 and the death of the Yorkist dynasty with Richard himself In a new foreword Professor Richard A Griffiths identifies the attributes that have made Ross s account the leading biography in the field and assesses the impact of the research published since the book first appeared in 1981 A fascinating study on a perennially fascinating topic the base against which will be measured any future research Times Higher Education Supplement **Impeachment** United States. Congress. House. Committee on the Judiciary,1998 Covers material related to the impeachments of Richard M Nixon Harry E Clairborne Alcee L Hastings and Walter L Nixon Jr **The Story of Nungomar and the Impeachment of Sir Elijah Impey** Stephen,1885 **The Story of Nuncomar and the Impeachment of Sir Elijah Impey** James Fitzjames Stephen,1885 **Dictionary of National Biography** Leslie Stephen,1891 **Dictionary of National Biography** ,1891 *Dictionary of national biography* Harris-Henry I.,1891 *Richard III* Chris Skidmore,2018-04-24 From acclaimed historian Chris Skidmore comes the authoritative biography of Richard III England s most controversial king a man alternately praised as a saint and cursed as a villain Richard III is one of English history s best known and least understood monarchs Immortalized by Shakespeare as a

hunchbacked murderer the discovery in 2012 of his skeleton in a Leicester parking lot re ignited debate over the true character of England s most controversial king Richard was born into an age of brutality when civil war gripped the land and the Yorkist dynasty clung to the crown with their fingertips Was he really a power crazed monster who killed his nephews or the victim of the first political smear campaign conducted by the Tudors In the first full biography of Richard III for fifty years Chris Skidmore draws on new manuscript evidence to reassess Richard s life and times Richard III examines in intense detail Richard s inner nature and his complex relations with those around him to unravel the mystery of the last English monarch to die on the battlefield *The Age of Impeachment* David E. Kyvig,2008 A Bancroft Prize winning historian chronicles the modern history of impeachment and the shift in American politics and constitutional culture revealed by its evolving interpretation and use *Richard III and the Murder in the Tower* Peter A Hancock,2011-08-26 Richard III is accused of murdering his nephews the Princes in the Tower in order to usurp the throne of England Since Tudor times he has been painted as the black legend the murderous uncle However the truth is much more complicated and interesting Rather than looking at all the killings Richard III did not commit this book focuses on the one execution for which we know that he was responsible On Friday 13 June 1483 William Lord Hastings was hustled from a meeting of the Royal Council and summarily executed on Tower Green within the confines of the Tower of London Peter A Hancock sheds light on the mystery of this precipitate and unadvised action by the then Duke of Gloucester and reveals the key role of William Catesby in Richard s ascent to the throne of England It explains his curious actions during that tumultuous summer of three kings and provides an explanation for the fate of the Princes in the Tower **Statement of Information: Paragraphs 177-266** United States. Congress. House. Committee on the Judiciary. Subcommittee on Criminal Justice,1988 **Legislative Calendar** United States. Congress. House. Committee on the Judiciary,1989 **Richard III: His Life & Character, Reviewed in the Light of Recent Research** Clements R. Sir Markham,2023-09-17 In *Richard III His Life Character Reviewed in the Light of Recent Research* by Clements R Sir Markham the author delves into the life and character of one of England s most controversial monarchs Written in a detailed and scholarly style the book explores Richard III s reign with a critical eye analyzing his actions and decisions in the context of the political turmoil of the time Drawing on recent research Sir Markham provides a fresh perspective on Richard III s legacy challenging common perceptions and shedding new light on this historical figure The book is a must read for anyone interested in medieval history and the complex interplay of power and personality in the royal courts of the past **The Last Plantagenets** Thomas Bertram Costain,2023-11-26 In *The Last Plantagenets* Thomas Bertram Costain crafts an evocative historical narrative that delves into the final years of the Plantagenet dynasty capturing the drama and intrigue that characterized this tumultuous period in English history Through a blend of meticulous research and captivating storytelling Costain explores the lives of key figures ranging from Richard II to Henry VII situating their personal struggles within the broader socio political landscape of late medieval England The book s

literary style is marked by a vivid prose that brings historical events to life appealing to both historians and general readers alike Costain a Canadian author and historian drew upon his deep interest in British history to weave this intricate tale His previous works often focusing on the romance and tragedy of historical figures reflect a profound understanding of the human experience during critical junctures Costain s background as a journalist and editor further honed his ability to convey complex narratives with clarity and elegance enabling him to engage readers fully The Last Plantagenets is not only a beneficial resource for history enthusiasts but also a compelling read for anyone captivated by the drama of human ambition and failure Costain s masterful storytelling invites readers to immerse themselves in a critical epoch making this book an essential addition to the library of anyone interested in the intricacies of English royal history *The Last Plantagenet*

Thomas B. Costain, 2012-05-23 There are periods in history when things are seen dimly as through a veil Such were the years from 1377 to 1485 During this time the Chronicles were silent and the sources of information few And yet these were eventful years filled with important strange colorful and sometimes mystifying events The Wars of the Roses were fought a few men began to preach and a nation began to listen to new beliefs the stout men of the soil rose against feudal injustices and the greatest of mysteries grew out of the deaths of two princes in the Tower of London This is the period covered by Thomas B Costain in THE LAST PLANTAGENETS It is not claiming too much to say that here the veil has been raised and that throughout the book a bright light plays on this century of excitement and romance and stories stranger than fiction Here we read of a king who devoted much of his reign to revenge of the same young monarch riding out boldly to face the peasants demanding a fairer deal of the winning of Fair Kate of France by the spectacular warrior king Henry V of the emergence of a commoner known in history as the Kingmaker of a ruler who condemned his brother to death and the carrying out of the sentence according to public report at the time by drowning the prince in a butt of wine By way of climax to the saga of the extraordinary Plantagenets with their brilliant successes tragic reverses and wild extravagances the last section of the book is devoted to a summary of the case of Richard III Was Richard the villainous hunchback of stage and story who had his nephews murdered to clear his way to the throne Or was he the whipping boy of history whose voice could not be raised in defense from the grave and whose friends did not dare speak out All the evidence in this unsolved mystery is gathered up and the author achieves in the telling a mounting tension which has never before perhaps been reached Readers today might well raise their eyes from the perusal of newspaper murders to find in this case the strangest and most gripping story of all This is the fourth and last volume in what Thomas B Costain originally intended to be a history of England The three earlier volumes were published under the titles The Conquerors The Magnificent Century and The Three Edwards Some time in the future the publishers may combine the four with some necessary additions to be issued as a history of the Plantagenet kings *Theses on Indian History* Cornell University, 1898 *The Dictionary of National Biography* Leslie Stephen, Sir Sidney Lee, 1908
